19TH YEAR. NO. 290. EAST LIVERPOOL, O., TUESDAY, DECEMBER 9, 1902. TWO CENTS.

AN ENCOURAGING REPORT MADE BY LOCAL AGENTS OF NEW STREET RAILWAY

Messrs. Kerr and Abrams Found It Easy to Get Rights of Way For Youngstown and Southern.

Attorney John J. Kerr and H. J. Abrams, employed by the Youngstown and Southern Electrical Railroad company to secure rights of way from the land owners along the proposed route to a point about seven mues from the city, report most encouragingly of the work done up to date and the prospects for the future.

Along that part of the route over which they have been working the land owners, with the exception of a very few, have expressed themselves as being heartily in favor of the railroad being built and have given their word that they will present the company with the right of way gratis.

There are only 15 land owners that come under the work of Messrs. Kerr and Abrams, and all of them plainly see the benefit of the road to themselves and residents of the county in general, and the majority of them are willing to work with all their power for the coveted end. They, however, have been a little backward in enthusiasm, owing to the fact, as they say, that this is not the first time that a company has been over the same territory applying for rights of way, and that when they did give them the privilege to build a road nothing more was heard from them. They are not yet all wholly convinced that the Youngstown & Southern is not another "air" line, though the assurances to the contrary have had their effect with a large number.

While carrying out their work Messrs. Kerr and Abrams have also learned that the company for which they are working is not the only company that is at the present time endeavoring to get a strong hold along the same route. Recently while on one of their trips they accidentaliy ran on to a gang of surveyors who had been surveying the route, but they were unable to find for what company they were working.

A prominent manufacturer of the city in speaking of the proposed road to a News Review reporter this morning said:

"It will be one of the greatest additions to East Liverpool's prosperity that can be conceived. It will connect the city with the farming districts, and every one knows that East Liverpool, owing to the terrible conditions of country roads, has never had its share of the rural trade in any line. In my opinion the farmers living with-

BOLD ROBBERS

Invade an East End Home in Daylight and Carry Off Money and Valuables.

One of the most daring daylight robberies committed in this city in recent years occurred yesterday afternoon when the home of Mrs. Alice Cramer, of the East End, was entered and money and other valuable articles of almost every description were carried away. Nearly every thing that the robbers could carry was taken, else the loss would perhaps have been greater.

Hal Parker, Abner Williams and Isaac Hoffman, who room at Mrs. Cramer's house were the principal losers.

Almost all of the personal effects was taken including a considerable amount of money, the exact amount of which could not be learned, and nearly all of their wearing apparel which was in their rooms at the time.

Mrs. Cramer is employed as forelady at the Laughlin pottery and was at home during the noon hour. She left her home about 1 o'clock returning at 5 when she made the discovery thar her house had been completely ransacked and without waiting to investigate what the daring robbers had taken immediately notified the police of the robbery.

The officers responded at once but as no one had seen the robbers either enter or leave the house there was practically no clue for them to work on. The thieves had evidently entered the house by the front door as it was left unlocked and was standing open when Mrs. Cramer returned from work.

While the officers are practically without a clue on which to work some of them are inclined to believe that the thieves were familiar with the interior of the Cramer house, as they seemed to know where nearly all of the valuable articles were kept.

NEW CODE LAW ATTACKED IN CINCINNATI PETITION FILED IN SUPREME COURT

It Is Claimed That the Bill Is Invalid and Does Not Have Uniform Application in Ohio.

From a Staff Correspondent.

Columbus, December 9.—(Special.)—The suit of Zumstein on behalf of the city of Cincinnati against Mullen and others, to test the new municipal code, was filed in the supreme court yesterday. The code was upheld by the Hamilton county courts, and the case is an appeal from their ruling. The petition alleges that the code law is invalid for several reasons, one being that it was not regularly enacted on the ground that the adoption of the report of the conference committee did not carry with it the passage of the measure, the enacting vote not being on the bill directly, but upon the report. It is also declared to be special legislation, in that it does not have uniform application throughout the state, this contention being based on the fact that the membership of boards and salaries will not be the same in all cities. It is thought that an early hearing will be allowed in order that the municipalities shall not remain long in suspense as to the standing of the new law.

The trial of the government against Anna T. Miller, charged with blackmail, began here today and gives promise of being replete with sensations. The woman's husband and two attorneys, Thomas E. Steele and Ivor Hughes, leading members of the Franklin county bar, are implicated with her in the alleged blackmailing scheme and will be tried on the same charge. The attorneys were employed by the woman and sent letters to some 50 or more prominent Columbus residents informing them that they would be named as co-respondents in a divorce suit which Miller was to bring against his wife unless they effected some sort of a settlement with the parties involved before the filing of the case. Society is all torn up over the cases.

A million dollar inter-urban — the Cincinnati, Dayton & Fort Wayne Railway company of Dayton—has been incorporated to operate between Dayton and Cincinnati, with a branch to Ft. Wayne, Ind. The fee paid to the state by the corporation was $1,000.

The East Palestine Pottery company has increased its capital stock from $40,000 to $120,000. W. C. Wallace is president.

SALARY QUESTION ONE OF INTEREST

Proposed Compensation for City Officers Under New Municipal Code.

LIST HAS BEEN MADE OUT

And Will Soon Be Brought to the Attention of the City Fathers—What George Peach And Others Propose. Council Soon to Act.

At the time the committees were appointed to formulate plans for the government of the various departments under the new municipal code, no provision was made for the fixing of salaries.

This subject has been given a great deal of consideration by many prominent citizens and interested taxpayers. When the code become operative throughout Ohio all cities may be put to much greater expense than under the old plan. However this may be, it is generally agreed that the government will be much more satisfactory, and it is the desire of the councils in every city to keep down the running expenses to something like the present rate.

Councilman George Peach and several others have consulted upon the question of salaries, and after a very careful consideration have summed up the situation something like this:

Mayor	$1,800
Solicitor	1,000
Auditor	1,200
Member board of public service, per month	50
Member board of public safety, per month	50
President of council	300
Councilmen	150

The matter will soon be brought to the attention of council.

Sixty-Ninth Patient—Sheriff Leonard, who was in town yesterday on his way to Wellsville to take Mrs. James to the Massillon asylum, commented on the increase of insanity, saying she was the sixty-ninth patient taken to Massillon from this county in a year.

CANNOT REPORT THIS EVENING

The Pennsylvania Avenue Equalizing Board Still Has More Work to Do.

PROTESTS YET COMING

An Erron Made By the Assessors In Taxing School Property Discovered And Remedied—Report May Soon Be Finished.

The Pennsylvania avenue equalization board announced this morning that it would be impossible for it to make a report to council at its regular meeting to be held this evening. It was the desire of the board to complete the work today and render its report but this was found to be an impossibility, owing to several unexpected difficulties arising yesterday.

As a result of the board's careful and painstaking task the city will be benefitted, as will numerous property holders along the avenue. It was discovered that the Horace Mann school building in the East End was assessed about $60 by the old assessing board and according to law the assessment can not be made on such property. To be certain that the school property could not be included in the assessment the county auditor was communicated with by telephone yesterday and he stated that it would be strictly illegal. The board then acting on the advice of the auditor applied the $60 to the total amount and will distribute it among the owners in general.

Although it seems all the owners who have a kick to register would have filed them a week or more ago, the board receives a few additional ones daily and the rssult is that when they are beginning to think that their work is nearing a close it is compulsory that they give attention to new objections.

"We do not know the exact date that we will be able to make our report to council," said a member of the board this morning, "but unless something unexpected occurs we will be ready by some day next week, and if there is a special meeting of the city fathers, as we understand there will be, it having been announced that many special meetings will be called within the next few weeks to take action on the new code, we will report at the first opportunity."

COLE EXCISE TAX NETTED OVER MILLION

WHAT CORPORATIONS PAID UNDER THE NEW CODE.

Telephone Companies Contributed Over $40,000 And Telegraph Lines $3,329.

Columbus, December 9.—(Special)—The clerks in the office of the auditor of state yesterday finished checking up the collections paid by the public service corporations of the state under the Cole excise law, passed last winter. The act levied a tax of one per cent. on the gross earnings o these corporations and extended the tax to certain corporations which prio to the enactment had not been subject to this tax. The total amount of fees paid to the state by these corporations under the law was $1,432,097.93, from which it will be seen the gross earnings of these concerns for this year was $145,097.92. The vast inroads the telephone is making in business once held by the telegraph companies may be realized from the fact that the revenue paid by the telephone companies aggregated $40,384.58, while that collected from the telegraph lines amounted to but $3,329.52. The excise tax of last year approximated $600,000; this year it reaches nearly a million and a half.

The receipts under the law for the year were as follows:

Electric light, $24,910.28; artificial gas, $55,751.65; natural gas, $55,678.59; water works, $5,412.28; sleeping car, $4,920.00; pipe line, $61,442.79; messenger and signal, $2,169.97; express, $12,339.65; street railroads, $155,545.01; railroads, $1,010,885.80; freight line, $6,361.10; telephone, $40,384,528; telegraph, $3,395.52; grand total, $1,432,097.92.

FORMER LUNATIC GIVEN A DRINK

The Result Was That He Suddenly Became Crazy Again—May Go to Massillon.

Joseph Bratt, who was about six months ago released from the asylum at Massillon, got drunk yesterday morning and in the evening he was placed under arrest by Officer Aufderheide. When arrested Bratt was raving crazy, and it is thought that he will be returned once more to the Massillon institution. He is single, aged 45, and when sober one of the best kiln drawers in the city. He had not touched any spirituous liquors since his last return home until yesterday, and it is said that a man gave him a drink, knowing that it would result in the unfortunate man's insanity.

After being locked in a cell Bratt entertained the usual set of loungers around the city hall and the residents in that vicinity with his strictly unharmonious singing. While in his present state he enjoys arguing on what the result would be to East Liverpool were an underground canal built from the city to Lisbon. He steadfastly believes that there will be in a few years an invisible waterway to the county seat and predicts unprecedented prosperity to both cities when the day comes. He is also a strong believer in the improvement of the Ohio and gives the assurance that he will do all in his power to have the locks and dams placed.

THE GRAND LODGE OF OHIO I. O. O. F.

Result of Election — Three Principal Offices All Go to Columbus.

Columbus, December 9.—(Special.)—The result of the election of officers of the Grand lodge of Ohio Odd Fellows, held by the various lodges of the state last week, was announced at state headquarters in this city Saturday night, and shows that C. C. Pavey has been elected grand master; C. H. Lyman grand secretary, and Ivor Hughes grand representative, all of this city.

Mr. Lyman has been re-elected secretary nine consecutive times. All three gentlemen have been identified with the organization in official capacities for many years.

MOTHER'S SUIT AGAINST HER SON

Mrs. Chamberlain Wants $465 on Notes Given by W. B. Chamberlain.

Lisbon, December 9.—(Special.)—Mrs. Lina Chamberlain, of East Liverpool, has filed suit against her son, William B. Chamberlain, for sums aggregating $465, with interest from various dates, July 10, 1900, being the date of the first transaction.

CUT HER HAND BADLY

Miss Lena Morgan Suffers Painful Injury While Working In a Pottery.

Miss Lena Morgan, employed as a rubber at the Wallace & Chetwynd pottery, met with a serious accident while at work this morning. The young lady was engaged in emptying a basket of ware when her hand came in contact with the sharp corner of a broken dish, cutting a gash across the back of her hand severing several leaders. The wound bled profusely and it was only with considerable difficulty that the flow of blood was stopped.

Medical aid was immediately summoned and after the injured member was dressed Miss Morgan was removed to her home.

NEW WARDS OF THE CITY UNDER COMMITTEE'S PLAN

Contrary to expectations the redistricting committee of council succeeded in dividing the city yesterday afternoon at a meeting held at the office of City Solicitor McGarry. The plan of division is an entirely new one, and as the News Review predicted some time ago, was not made with especial regard for any political aspirant's interest. The report to be made by the committee to council tonight will be as follows:

First ward—All the territory lying west of an imaginary line drawn north and south as near as possible with Raiston's crossing as a center.

Second ward—The eastern boundary shall be the western boundary of the First ward and the western boundary shall be the west side of Broadway, thence northward to Calcutta road and thence to the city limits, the west side of the Calcutta road being the west boundary of the Second ward.

Third ward—The eastern boundary shall be the western limits of the Second ward. The western boundary shall be Jackson street and shall include the territory between, running north to Seventh street, thence east to West Market street, and thence north along the east side of West Market and Trentvale streets to the corporate limits.

Fourth ward—This ward shall comprise all the territory west of the western boundary of the Third ward, running from the river to the corporate limits.

It is probable the report will be adopted.

GREEN GOODS MAN IS AFTER VICTIMS

He Is Flooding the City With Circulars Trying to Catch Suckers.

A score of well known men of this city, two of whom are butchers, and a number of Chester people, are in receipt of letters from a green goods man giving as his name, W. W. Deston and his residence Ulster, Pa.

The letters were received yesterday and a report of the attempted victimizing was reported to police headquarters this morning. Mayor Davidson believes the man to be the same who has for years tried the game but who up to date has never been successful in working East Liverpool people. In his communications he represents himself as being an expert engraver, having had years of experience in the bureau of engraving at Washington, D. C. He states that he learned while holding the position enough about making money to enable him to reproduce perfect duplicates of the genuine money. He will give his victims an unlimited amount of the spurious money upon their request accompanied by a little genuine currency.

PROBATE MATTERS

Orders in Relation to Estates Issued in Judge Boone's Court.

Lisbon, December 9.—(Special.)—In the case of Nancy Wilson, administrator of the estate of the late William Wilson, of Wellsville, against Emeline Wilson and others, an order of appraisement and public sale was granted on property in Wellsville. Appraisers, H. W. Sinclair, R. M. Haugh, J. C. Catlett.

An order of private sale on property in Wellsville township has been granted to William Swartz, guardian of John Russell and others, late of Wellsville.

M. L. Edwards, of Salem, has been appointed guardian of Kate Bowman, of Perry township, the ward being now an inmate of the Massillon home; bond $200.

The late J. Frank Van Fossen, of Elkrun township, having left no will, upon application Lyman D. Van Fossen, brother of the deceased, has been appointed administrator of the estate under bond of $3,500. Appraisers, John Patterson, William Patterson and Mathew Coil.

Walter S. Rupprecht, 10 years old, of East Liverpool, has been legally adopted as their son by Mr. and Mrs. Robert D. Twaddell.

FIVE YEAR SENTENCE FOR MARY STARKE

EAST LIVERPOOL GIRL BURGLAR PLEADS GUILTY AS INDICTED.

Sentence Suspended for Ten Days in Effort to Send Her to Girls' School.

Lisbon, December 9.—(Special)—Criminal court resumed its session for this week shortly before noon today. Mary Starke, a youthful incorrogible from East Liverpool, who has been in jail about two months, pleaded guilty to burglary and was given five years in the penitentiary. The governor will be asked to exercise his prerogatives and order commitment to the girls' industrial school at Delaware.

The girl was charged with robbing the home of William G. Heath, during the absence of the family.

The execution of sentence was suspended 10 days to give time to get the case before Gov. Nash.

MINE DISASTER DUE TO GAS

A SCORE OF PERSONS KILLED BY AN EXPLOSION.

It Is Said a Miner Dropped a Stick of Dynamite Creating Havoc.

Wilkesbarre, Pa., December 9.—(Special.)—Another frightful mine disaster occurred here today. By an explosion in the South Wilkesbarre mine, 20 persons were killed and eight badly injured.

The exposion, it is said, was caused by dropping a stick of dynamite, which ignited gas.

A Rather Large Board Bill.

Lisbon, December 9.—(Special.)—In the case of Mary Heineman against Joseph Greiner and others, all of Salem, the plaintiff has filed a new petition fixing her claim at $265.46, with interest from October 1, 1902. The amount is alleged to be due for boarding furnished employes of the defendants. The defendants waived the service of summons and enter their appearance.

Suit Over an Accident.

Lisbon, December 9.—(Special.)—The case of Thomas S. Starkey versus John A. Givens, in which the plaintiff sued for $137.92, held to be due on an open account from Justice L. P. COLE EXCISE TAX NETTED OVER MILLION

WHAT CORPORATIONS PAID UNDER THE NEW CODE.

Telephone Companies Contributed Over $40,000 And Telegraph Lines $3,329.

Columbus, December 9.—(Special)—The clerks in the office of the auditor of state yesterday finished checking up the collections paid by the public service corporations of the state under the Cole excise law, passed last winter. The act levied a tax of one per cent. on the gross earnings o these corporations and extended the tax to certain corporations which prio to the enactment had not been subject to this tax. The total amount of fees paid to the state by these corporations under the law was $1,432,097.93, from which it will be seen the gross earnings of these concerns for this year was $145,097.92. The vast inroads the telephone is making in business once held by the telegraph companies may be realized from the fact that the revenue paid by the telephone companies aggregated $40,384.58, while that collected from the telegraph lines amounted to but $3,329.52. The excise tax of last year approximated $600,000; this year it reaches nearly a million and a half.

The receipts under the law for the year were as follows:

Electric light, $24,910.28; artificial gas, $55,751.65; natural gas, $55,678.59; water works, $5,412.28; sleeping car, $4,920.00; pipe line, $61,442.79; messenger and signal, $2,169.97; express, $12,339.65; street railroads, $155,545.01; railroads, $1,010,885.80; freight line, $6,361.10; telephone, $40,384,528; telegraph, $3,395.52; grand total, $1,432,097.92.

The report to be made by the committee to council tonight will be as follows:

First ward—All the territory lying west of an imaginary line drawn north and south as near as possible with Ralston's crossing as a center.

Second ward—The eastern boundary shall be the western boundary of the First ward and the western boundary shall be the west side of Broadway, thence northward to Calcutta road and thence to the city limits, the west side of the Calcutta road being the west boundary of the Second ward.

Third ward—The eastern boundary shall be the western limits of the Second ward. The western boundary shall be Jackson street and shall include the territory between, running north to Seventh street, thence east to West Market street, and thence north along the east side of West Market and Trentvale streets to the corporate limits.

Fourth ward—This ward shall comprise all the territory west of the western boundary of the Third ward, running from the river to the corporate limits.

It is probable the report will be adopted.

GREEN GOODS MAN IS AFTER VICTIMS

He Is Flooding the City With Circulars Trying to Catch Suckers.

A score of well known men of this city, two of whom are butchers, and a number of Chester people, are in receipt of letters from a green goods man giving as his name, W. W. Deston and his residence Ulster, Pa.

The letters were received yesterday and a report of the attempted victimizing was reported to police headquarters this morning. Mayor Davidson believes the man to be the same who has for years tried the same game but who up to date has never been successful in working East Liverpool people. In his communications he represents himself as being an expert engraver, having had years of experience in the bureau of engraving at Washington, D. C. He states that he learned while holding the position enough about making money to enable him to reproduce perfect duplicates of the genuine money. He will give his victims an unlimited amount of the spurious money upon their request accompanied by a little genuine currency.

The late J. Frank Van Fossen, of Elkrun township, having left no will, upon application Lyman D. Van Fossen, brother of the deceased, has been appointed administrator of the estate under bond of $3,500. Appraisers, John Patterson, William Patterson and Matthew Coil.

Walter S. Rupprecht, 10 years old, of East Liverpool, has been legally adopted as their son by Mr. and Mrs. Robert D. Twaddell.

FIVE YEAR SENTENCE FOR MARY STARKE

EAST LIVERPOOL GIRL BURGLAR PLEADS GUILTY AS INDICTED.

Sentence Suspended for Ten Days in Effort to Send Her to Girls' School.

Lisbon, December 9.—(Special)—Criminal court resumed its session for this week shortly before noon today. Mary Starke, a youthful incorrogible from East Liverpool, who has been in jail about two months, pleaded guilty to burglary and was given five years in the penitentiary. The governor will be asked to exercise his prerogatives and order commitment to the girls' industrial school at Delaware.

The girl was charged with robbing the home of William G. Heath, during the absence of the family.

The execution of sentence was suspended 10 days to give time to get the case before Gov. Nash.

MINE DISASTER DUE TO GAS

A SCORE OF PERSONS KILLED BY AN EXPLOSION.

It Is Said a Miner Dropped a Stick of Dynamite Creating Havoc.

Wilkesbarre, Pa., December 9.—(Special.)—Another frightful mine disaster occurred here today. By an explosion in the South Wilkesbarre mine, 20 persons were killed and eight badly injured.

The exposion, it is said, was caused by dropping a stick of dynamite, which ignited gas.

A Rather Large Board Bill.

Lisbon, December 9.—(Special.)—In the case of Mary Heineman against Joseph Greiner and others, all of Salem, the plaintiff has filed a new petition fixing her claim at $265.46, with interest from October 1, 1902. The amount is alleged to be due for boarding furnished employes of the defendants. The defendants waived the service of summons and enter their appearance.

Suit Over an Accident.

Lisbon, December 9.—(Special.)—The case of Thomas S. Starkey versus John A. Givens, in which the plaintiff sued for $137.92, held to be due on an open account from Justice L. P. Moore's court in Salem township. The defendant set up a counter claim, and the jury in the case awarded both claims with a difference of $62.24.

19TH YEAR. NO. 290. EAST LIVERPOOL, O., TUESDAY, DECEMBER 9, 1902. TWO CENTS.

AN ENCOURAGING REPORT MADE BY LOCAL AGENTS OF NEW STREET RAILWAY

Messrs. Kerr and Abrams Found It Easy to Get Rights of Way For Youngstown and Southern.

Attorney John J. Kerr and H. J. Abrams, employed by the Youngstown and Southern Electrical Railroad company to secure rights of way from the land owners along the proposed route to a point about seven miles from the city, report most encouragingly of the work done up to date and the prospects for the future.

Along that part of the route over which they have been working the land owners, with the exception of a very few, have expressed themselves as being heartily in favor of the railroad being built and have given their word that they will present the company with the right of way gratis.

There are only 15 land owners that come under the work of Messrs. Kerr and Abrams, and all of them plainly see the benefit of the road to themselves and residents of the county in general, and the majority of them are willing to work with all their power for the coveted end. They, however, have been a little backward in enthusiasm, owing to the fact, as they say, that this is not the first time that a company has been over the same territory applying for rights of way, and that when they did give them the privilege to build a road nothing more was heard from them. They are not yet all wholly convinced that the Youngstown & Southern is not another "air" line, though the assurances to the contrary have had their effect with a large number.

While carrying out their work Messrs. Kerr and Abrams have also learned that the company for which they are working is not the only company that is at the present time endeavoring to get a strong hold along the same route. Recently while on one of their trips they accidentaliy ran on to a gang of surveyors who had been surveying the route, but they were unable to find for what company they were working.

A prominent manufacturer of the city in speaking of the proposed road to a News Review reporter this morning said:

"It will be one of the greatest additions to East Liverpool's prosperity that can be conceived. It will connect the city with the farming districts, and every one knows that East Liverpool, owing to the terrible conditions of country roads, has never had its share of the rural trade in any line. In my opinion the farmers living with-

BOLD ROBBERS

Invade an East End Home in Daylight and Carry Off Money and Valuables.

One of the most daring daylight robberies committed in this city in recent years occurred yesterday afternoon when the home of Mrs. Alice Cramer, of the East End, was entered and money and other valuable articles of almost every description were carried away. Nearly every thing that the robbers could carry was taken, else the loss would perhaps have been greater.

Hal Parker, Abner Williams and Isaac Hoffman, who room at Mrs. Cramer's house were the principal losers.

Almost all of the personal effects was taken including a considerable amount of money, the exact amount of which could not be learned, and nearly all of their wearing apparel which was in their rooms at the time.

Mrs. Cramer is employed as forelady at the Laughlin pottery and was at home during the noon hour. She left her home about 1 o'clock returning at 5 when she made the discovery thar her house had been completely ransacked and without waiting to investigate what the daring robbers had taken immediately notified the police of the robbery.

The officers responded at once but as no one had seen the robbers either enter or leave the house there was practically no clue for them to work on. The thieves had evidently entered the house by the front door as it was left unlocked and was standing open when Mrs. Cramer returned from work.

While the officers are practically without a clue on which to work some of them are inclined to believe that the thieves were familiar with the interior of the Cramer house, as they seemed to know where nearly all of the valuable articles were kept.

NEW CODE LAW ATTACKED IN CINCINNATI PETITION FILED IN SUPREME COURT

It Is Claimed That the Bill Is Invalid and Does Not Have Uniform Application in Ohio.

From a Staff Correspondent.

Columbus, December 9.—(Special.)—The suit of Zumstein on behalf of the city of Cincinnati against Mullen and others, to test the new municipal code, was filed in the supreme court yesterday. The code was upheld by the Hamilton county courts, and the case is an appeal from their ruling. The petition alleges that the code law is invalid for several reasons, one being that it was not regularly enacted on the ground that the adoption of the report of the conference committee did not carry with it the passage of the measure, the enacting vote not being on the bill directly, but upon the report. It is also declared to be special legislation, in that it does not have uniform application throughout the state, this contention being based on the fact that the membership of boards and salaries will not be the same in all cities. It is thought that an early hearing will be allowed in order that the municipalities shall not remain long in suspense as to the standing of the new law.

The trial of the government against Anna T. Miller, charged with blackmail, began here today and gives promise of being replete with sensations. The woman's husband and two attorneys, Thomas E. Steele and Ivor Hughes, leading members of the Franklin county bar, are implicated with her in the alleged blackmailing scheme and will be tried on the same charge. The attorneys were employed by the woman and sent letters to some 50 or more prominent Columbus residents informing them that they would be named as co-respondents in a divorce suit which Miller was to bring against his wife unless they effected some sort of a settlement with the parties involved before the filing of the case. Society is all torn up over the cases.

A million dollar inter-urban — the Cincinnati, Dayton & Fort Wayne Railway company of Dayton—has been incorporated to operate between Dayton and Cincinnati, with a branch to Ft. Wayne, Ind. The fee paid to the state by the corporation was $1,000.

The East Palestine Pottery company has increased its capital stock from $40,000 to $120,000. W. C. Wallace is president.

SALARY QUESTION ONE OF INTEREST

Proposed Compensation for City Officers Under New Municipal Code.

LIST HAS BEEN MADE OUT

And Will Soon Be Brought to the Attention of the City Fathers—What George Peach And Others Propose. Council Soon to Act.

At the time the committees were appointed to formulate plans for the government of the various departments under the new municipal code, no provision was made for the fixing of salaries.

This subject has been given a great deal of consideration by many prominent citizens and interested taxpayers. When the code become operative throughout Ohio all cities may be put to much greater expense than under the old plan. However this may be, it is generally agreed that the government will be much more satisfactory, and it is the desire of the councils in every city to keep down the running expenses to something like the present rate.

Councilman George Peach and several others have consulted upon the question of salaries, and after a very careful consideration have summed up the situation something like this:

Mayor	$1,800
Solicitor	1,000
Auditor	1,200
Member board of public service, per month	50
Member board of public safety, per month	50
President of council	300
Councilmen	150

The matter will soon be brought to the attention of council.

Sixty-Ninth Patient—Sheriff Leonard, who was in town yesterday on his way to Wellsville to take Mrs. James to the Massillon asylum, commented on the increase of insanity, saying she was the sixty-ninth patient taken to Massillon from this county in a year.

CANNOT REPORT THIS EVENING

The Pennsylvania Avenue Equalizing Board Still Has More Work to Do.

PROTESTS YET COMING

An Erron Made By the Assessors In Taxing School Property Discovered And Remedied—Report May Soon Be Finished.

The Pennsylvania avenue equalization board announced this morning that it would be impossible for it to make a report to council at its regular meeting to be held this evening. It was the desire of the board to compiete the work today and render its report but this was found to be an impossibility, owing to several unexpected difficulties arising yesterday.

As a result of the board's careful and painstaking task the city will be benefitted, as will numerous property holders along the avenue. It was discovered that the Horace Mann school building in the East End was assessed about $60 by the old assessing board and according to law the assessment can not be made on such property. To be certain that the school property could not be included in the assessment the county auditor was communicated with by telephone yesterday and he stated that it would be strictly illegal. The board then acting on the advice of the auditor applied the $60 to the total amount and will distribute it among the owners in general.

Although it seems all the owners who have a kick to register would have filed them a week or more ago, the board receives a few additional ones daily and the rssult is that when they are beginning to think that their work is nearing a close it is compulsory that they give attention to new objections.

"We do not know the exact date that we will be able to make our report to council," said a member of the board this morning, "but unless something unexpected occurs we will be ready by some day next week, and it there is a special meeting of the city fathers, as we understand there will be, it having been announced that many special meetings will be called within the next few weeks to take action on the new code, we will report at the first opportunity."

COLE EXCISE TAX NETTED OVER MILLION

WHAT CORPORATIONS PAID UNDER THE NEW CODE.

Telephone Companies Contributed Over $40,000 And Telegraph Lines $3,329.

Columbus, December 9.—(Special)—The clerks in the office of the auditor of state yesterday finished checking up the collections paid by the public service corporations of the state under the Cole excise law, passed last winter. The act levied a tax of one per cent. on the gross earnings of these corporations and extended the tax to certain corporations which prior to the enactment had not been subject to this tax. The total amount of fees paid to the state by these corporations under the law was $1,432,097.93, from which it will be seen the gross earnings of these concerns for this year was $145,097.92. The vast inroads the telephone is making in business once held by the telegraph companies may be realized from the fact that the revenue paid by the telephone companies aggregated $40,384.58, while that collected from the telegraph lines amounted to but $3,329.52. The excise tax of last year approximated $600,000; this year it reaches nearly a million and a half.

The receipts under the law for the year were as follows:

Electric light, $24,910.28; artificial gas, $55,751.65; natural gas, $55,678.59; water works, $5,412.28; sleeping car, $1,920.00; pipe line, $61,442.79; messenger and signal, $2,169.97; express, $12,339.65; street railroads, $155,545.01; railroads, $1,010,885.80; freight line, $6,361.10; telephone, $40,384,528; telegraph, $3,395.52; grand total, $1,432,097.92.

FORMER LUNATIC GIVEN A DRINK

The Result Was That He Suddenly Became Crazy Again—May Go to Massillon.

Joseph Bratt, who was about six months ago released from the asylum at Massillon, got drunk yesterday morning and in the evening he was placed under arrest by Officer Aufderheide. When arrested Bratt was raving crazy, and it is thought that he will be returned once more to the Massillon institution. He is single, aged 45, and when sober one of the best kiln-drawers in the city. He had not touched any spirituous liquors since his last return home until yesterday, and it is said that a man gave him a drink, knowing that it would result in the unfortunate man's insanity.

After being locked in a cell Bratt entertained the usual set of loungers around the city hall and the residents in that vicinity with his strictly unharmonious singing. While in his present state he enjoys arguing on what the result would be to East Liverpool were an underground canal built from the city to Lisbon. He steadfastly believes that there will be in a few years an invisible waterway to the county seat and predicts unprecedented prosperity to both cities when the day comes. He is also a strong believer in the improvement of the Ohio and gives the assurance that he will do all in his power to have the locks and dams placed.

THE GRAND LODGE OF OHIO I. O. O. F.

Result of Election — Three Principal Offices All Go to Columbus.

Columbus, December 9.—(Special.)—The result of the election of officers of the Grand lodge of Ohio Odd Fellows, held by the various lodges of the state last week, was announced at state headquarters in this city Saturday night, and shows that C. C. Pavey has been elected grand master; C. H. Lyman grand secretary, and Ivor Hughes grand representative, all of this city.

Mr. Lyman has been re-elected secretary nine consecutive times. All three gentlemen have been identified with the organization in official capacities for many years.

MOTHER'S SUIT AGAINST HER SON

Mrs. Chamberlain Wants $465 on Notes Given by W. B. Chamberlain.

Lisbon, December 9.—(Special.)—Mrs. Lina Chamberlain, of East Liverpool, has filed suit against her son, William B. Chamberlain, for sums aggregating $465, with interest from various dates, July 10, 1900, being the date of the first transaction.

CUT HER HAND BADLY

Miss Lena Morgan Suffers Painful Injury While Working In a Pottery.

Miss Lena Morgan, employed as a rubber at the Wallace & Chetwynd pottery, met with a serious accident while at work this morning. The young lady was engaged in emptying a basket of ware when her hand came in contact with the sharp corner of a broken dish, cutting a gash across the back of her hand severing several leaders. The wound bled profusely and it was only with considerable difficulty that the flow of blood was stopped.

Medical aid was immediately summoned and after the injured member was dressed Miss Morgan was removed to her home.

NEW WARDS OF THE CITY UNDER COMMITTEE'S PLAN

Contrary to expectations the redistricting committee of council succeeded in dividing the city yesterday afternoon at a meeting held at the office of City Solicitor McGarry. The plan of division is an entirely new one, and as the News Review predicted some time ago, was not made with especial regard for any political aspirant's interest. The report to be made by the committee to council tonight will be as follows:

First ward—All the territory lying west of an imaginary line drawn north and south as near as possible with Ralston's crossing as a center.

Second ward—The eastern boundary shall be the western boundary of the First ward and the western boundary shall be the west side of Broadway, thence northward to Calcutta road and thence to the city limits, the west side of the Calcutta road being the west boundary of the Second ward.

Third ward—The eastern boundary shall be the western limits of the Second ward. The western boundary shall be Jackson street and shall include the territory between, running north to Seventh street, thence east to West Market street, and thence north along the east side of West Market and Trentvale streets to the corporate limits.

Fourth ward—This ward shall comprise all the territory west of the western boundary of the Third ward, running from the river to the corporate limits.

It is probable the report will be adopted.

WITH THE WORKMEN IN THE CLAY PLANTS

AT THE WEST END.

Work on the new addition to the West End pottery has been at a standstill since the advent of the cold snap. Since the last report from this busy establishment much has been done on the improvements, which when completed, will almost double its capacity. A part of the old frame building has been torn down and the ground thus vacated will be covered by a modern three story structure. This has not been accomplished without a great deal of inconvenience in the operation of the plant. The kiln room is in the part that is now partly demolished and the members of the kiln crew have but little protection from the biting weather. They are working steadily, however, in spite of this disadvantage. One of the new kilns was set in yesterday and was fired today. The other one will be completed in a week or ten days and another one in the old part has been started. The four decorating kilns will be completed this week and will greatly facilitate the work of filling the remainder of the numerous orders for fall delivery. For the past few days there has been a shortage of ware and the work in the decorating department has been retarded in consequence. Indeed, the confusion attendant upon the work of improvement has been a serious inconvenience all round and at a time when the plant is the busiest in its history. Some time this week the decalcomania department will be moved into temporary quarters in the new structure. The decorating force is to be greatly increased when the new part is completed. Since Manager J. L. Dudley has taken charge of this department the output has been doubled and his reign has been an unqualified success. The plant will have nothing new in dinner or toilet shapes for the spring trade as the ones placed on the market the middle of the year have been excellent trade winners. There will be a number of new decorations, however, and the patterns are in excellent taste. The indications are that the operatives will have a very brief holiday vacation, the plan being to work right along with the exception of Christmas and New Years days. The improvement now in progress will place the West End in the front rank of local potteries.

NEW YORK CONDITIONS.

It is conceded that the heavy buying for this year is well over, and yet there is a smart demand for odds and ends to match up and a call for jobs that finds little response, as there are few or no lots of this kind to be had. If stocks are broken the goods are available, but such is the demand that there is no reason for putting them on the job lot counter. Orders for import for spring delivery are good, and, strange to relate, some excellent lines have been placed for the regular fall delivery. Such a demand at this season of the year is unprecedented and shows that stocks in retailers' hands must be exceedingly short. It does not require a prophet to see that under such circumstances an early and big trade is sure for next season unless some calamity should strike the country. Reports from the various manufacturing centers are to the effect that the demand in those places is fully as good as it is here, and in spite of their best endeavors they are not getting much ahead of their orders. It looks very much as if all the factories would be working on orders right from the start of the new season.

FIRST SINCE 1876.

The "Roosevelt set" is the first official service that has been ordered since 1876. It will be used, not as the every day service of the president and his family, but only for state dinners, banquets and occasions of ceremony. The last official china service purchased was the famous Hayes set, which was made by the Havilands. Since then the steward of the White House at state dinners has been obliged to draw upon the remnants of the Lincoln, Grant and Hayes sets to complete the requirements of the table. Colonel Theodore A. Bingham, custodian of the White House, in his report of the care and maintenance of the presidential mansion, says that at the end of last year there were 143 pieces of the Lincoln, 125 pieces of the Grant, 371 of the Hayes, 30 of the Arthur, 1,745 of the Cleveland, 459 of the Harrison and 321 of the McKinley sets remaining in the White House.

SECOND POTTERY AT CAMERON.

The stockholders of the Cameron, W. Va., Pottery company, held a meeting last Saturday and trapsacted such business as was necessary at the present time for the erection and completion of the pottery plant. They have received their charter and some work has already been done on the grounds. The work will be pushed to completion as rapidly as possible. A second pottery for Cameron is now almost a certainty. A correspondent is informed that a goodly amount of stock has already been subscribed and that there is no fear in the least but that it will all be taken up inside of the next few days. This one will be located in the upper end of town and will of about the same size as the one already secured. Six of the $10,000 capital stock required for a new brick plant has already been subscribed.

TWO WEEKS' VACATION.

It is reported that the East End plant of the East Liverpool Potteries company will shut down in the clay departments on Wednesday, December 10, for a holiday vacation of two weeks. It is planned to make two more biscuit kilns before this time the last one on the day following the discontinuance of work in the clay part. This will clear up all the ware in the green room. Some necessary repairs will be made during the layoff but the contemplated improvements will not be commenced until next spring. The report has it that three additional kilns will be built and other additions made that will greatly increase the capacity of the plant.

SURPRISED THEIR BOSS.

The members of the kiln crew at the West End pottery gave their bench boss, William Schepp, a big surprise last evening. They, with their friends, repaired to his home on Pleasant street at 8 o'clock burdened with all sorts of good things to eat and several substantial reminders of their respect and esteem. They were gladly welcomed and spent the evening very pleasantly in a social way. Among the presents was a fine silk umbrella from the members of the crew. Mr. Schepp is extremely popular with his fellow workers.

IN NEW YORK.

Among the arrivals in New York, noted in the metropolitan papers are Messrs. F. H. Croxall, E. L. Carson, H. A. Keffer, W. L. Smith, John N. Taylor, and W. E. Vodrey They are all prominently connected with the pottery industry in East Liverpool and took advantage of their trip to Washington for the annual convention of the United States Potters' association held at Washington to run over to New York and attend to business matters. Most of the local delegation have returned and express themselves as highly pleased with the convention.

WEDGEWOOD SPECIALTIES.

Wedgewood & Son, Staffordshire, England, are producing for the American market blue and white plates of ancient historical designs. Landscape views and historical scenes adorn these pieces, the borders being all well designed flowers, the color being a rich blue. Fifty-six subjects are printed in an original way, among which may be mentioned "McKinley Home, Canton" and "Signing of Declaration."

NOTES OF THE POTTERS.

Miss Maud Rose, of the decorating department at the Edwin M. Knowles, is a victim of the mumps.

Leroy Smith, a turner, and Harry Smith, a handle maker, at Murphy's, took the day Saturday and went out on a hunting expedition. They found no game save one rabbit which they caught "setting" on Pleasant Heights. They slipped up from behind and caught him before he could start to run.

Dick Thompson, saucer jiggerman at Thompson's, returned to work yesterday after being idle for a week owing to illness.

Tom Cartwright, who has been a handle maker, at Harker's, has taken a situation as sticker-up at the Taylor, Smith & Taylor.

John Goodwin, a jiggerman and Homer Tyson, a cup handler, employed at the Chelsea plant, New Cumberland, were in the city over Sunday with friends.

Arthur Owen, of the biscuit end at the Union, has taken the agency for a Baltimore oyster firm and is utilizing his spare time taking orders for the luscious bivalves.

NOMINATED OFFICERS.

A considerable amount of business was transacted at the meeting of Printers' and Transferers' local No. 32, which was held in their hall last night. Nominations for officers to serve for the ensuing year were opened last night and the election will take place the last meeting night of this month. At the first meeting night in January the installation of officers will be held.

SCHOOLS HIGHLY PRAISED

A Tribute to the Ability of Prof. C. F. Armour, Formerly of This City.

County Supt. Bayle has the following to say in regard to the Girard, Pa., schools, of which Prof. C. F. Armour formerly of the high school corps of this city, is principal:

"The town of Girard may well be proud of her schools. The Girard high school with her four-years course of study is now prepared to send out graduates whom the best colleges in the land will now throw their doors open to Girard graduates. The curriculum in the Girard high school now puts the school on a par with the four leading first-class high schools of Erie county. Outside of the cities of Erie and Corry we have only four first-class high schools, North East, Union City, Girard and Waterford. These are the only schools in the county that are recognized and placed on the accredited list by our leading colleges. After citing the advantages of the school, Prof. Bayle said that he felt like saying, 'Hurrah for the Girard high schools!'"

Extra Week of Court.

Lisbon, December 9.—(Special.)—The large number of cases which have come before the court this term leaves a number still to be heard, which will probably necessitate a week's assignment after the holidays. This will be practicable, as the January term will not open until the 12th of that month. The court did not dispose of any cases yesterday afternoon, and the jury was excused until 9 o'clock this morning.

WITH THE WORKMEN IN THE CLAY PLANTS

AT THE WEST END.

Work on the new addition to the West End pottery has been at a standstill since the advent of the cold snap. Since the last report from this busy establishment much has been done on the improvements, which when completed, will almost double its capacity. A part of the old frame building has been torn down and the ground thus vacated will be covered by a modern three story structure. This has not been accomplished without a great deal of inconvenience in the operation of the plant. The kiln room is in the part that is now partly demolished and the members of the kiln crew have but little protection from the biting weather. They are working steadily, however, in spite of this disadvantage. One of the new kilns was set in yesterday and was fired today. The other one will be completed in a week or ten days and another one in the old part has been started. The four decorating kilns will be completed this week and will greatly facilitate the work of filling the remainder of the numerous orders for fall delivery. For the past few days there has been a shortage of ware and the work in the decorating department has been retarded in consequence. Indeed, the confusion attendant upon the work of improvement has been a serious inconvenience all round and at a time when the plant is the busiest in its history. Some time this week the decalcomania department will be moved into temporary quarters in the new structure. The decorating force is to be greatly increased when the new part is completed. Since Manager J. L. Dudley has taken charge of this department the output has been doubled and his reign has been an unqualified success. The plant will have nothing new in dinner or toilet shapes for the spring trade as the ones placed on the market the middle of the year have been excellent trade winners. There will be a number of new decorations, however, and the patterns are in excellent taste. The indications are that the operatives will have a very brief holiday vacation, the plan being to work right along with the exception of Christmas and New Years days. The improvement now in progress will place the West End in the front rank of local potteries.

NEW YORK CONDITIONS.

It is conceded that the heavy buying for this year is well over, and yet there is a smart demand for odds and ends to match up and a call for jobs that finds little response, as there are few or no lots of this kind to be had. If stocks are broken the goods are available, but such is the demand that there is no reason for putting them on the job lot counter. Orders for import for spring delivery are good, and, strange to relate, some excellent lines have been placed for the regular fall delivery. Such a demand at this season of the year is unprecedented and shows that stocks in retailers' hands must be exceedingly short. It does not require a prophet to see that under such circumstances an early and big trade is sure for next season unless some calamity should strike the country. Reports from the various manufacturing centers are to the effect that the demand in those places is fully as good as it is here, and in spite of their best endeavors they are not getting much ahead of their orders. It looks very much as if all the factories would be working on orders right from the start of the new season.

FIRST SINCE 1876.

The "Roosevelt set" is the first official service that has been ordered since 1876. It will be used, not as the every day service of the president and his family, but only for state dinners, banquets and occasions of ceremony. The last official china service purchased was the famous Hayes set, which was made by the Havilands. Since then the steward of the White House at state dinners has been obliged to draw upon the remnants of the Lincoln, Grant and Hayes sets to complete the requirements of the table. Colonel Theodore A. Bingham, custodian of the White House, in his report of the care and maintenance of the presidential mansion, says that at the end of last year there were 143 pieces of the Lincoln, 125 pieces of the Grant, 371 of the Hayes, 30 of the Arthur, 1,745 of the Cleveland, 459 of the Harrison and 321 of the McKinley sets remaining in the White House.

SECOND POTTERY AT CAMERON.

The stockholders of the Cameron, W. Va., Pottery company, held a meeting last Saturday and transacted such business as was necessary at the present time for the erection and completion of the pottery plant. They have received their charter and some work has already been done on the grounds. The work will be pushed to completion as rapidly as possible. A second pottery for Cameron is now almost a certainty. A correspondent is informed that a goodly amount of stock has already been subscribed and that there is no fear in the least but that it will all be taken up inside of the next few days. This one will be located in the upper end of town and will of about the same size as the one already secured. Six of the $10,000 capital stock required for a new brick plant has already been subscribed.

TWO WEEKS' VACATION.

It is reported that the East End plant of the East Liverpool Potteries company will shut down in the clay departments on Wednesday, December 10, for a holiday vacation of two weeks. It is planned to make two more biscuit kilns before this time the last one on the day following the discontinuance of work in the clay part. This will clear up all the ware in the green room. Some necessary repairs will be made during the layoff but the contemplated improvements will not be commenced until next spring. The report has it that three additional kilns will be built and other additions made that will greatly increase the capacity of the plant.

SURPRISED THEIR BOSS.

The members of the kiln crew at the West End pottery gave their bench boss, William Schepp, a big surprise last evening. They, with their friends, repaired to his home on Pleasant street at 8 o'clock burdened with all sorts of good things to eat and several substantial reminders of their respect and esteem. They were gladly welcomed and spent the evening very pleasantly in a social way. Among the presents was a fine silk umbrella from the members of the crew. Mr. Schepp is extremely popular with his fellow workers.

IN NEW YORK.

Among the arrivals in New York, noted in the metropolitan papers are Messrs. F. H. Croxall, E. L. Carson, H. A. Keffer, W. L. Smith, John N. Taylor, and W. E. Vodrey They are all prominently connected with the pottery industry in East Liverpool and took advantage of their trip to Washington for the annual convention of the United States Potters' association held at Washington to run over to New York and attend to business matters. Most of the local delegation have returned and express themselves as highly pleased with the convention.

WEDGEWOOD SPECIALTIES.

Wedgewood & Son, Staffordshire, England, are producing for the American market blue and white plates of ancient historical designs. Landscape views and historical scenes adorn these pieces, the borders being all well designed flowers, the color being a rich blue. Fifty-six subjects are printed in an original way, among which may be mentioned "McKinley Home, Canton" and "Signing of Declaration."

NOTES OF THE POTTERS.

Miss Maud Rose, of the decorating department at the Edwin M. Knowles, is a victim of the mumps.

Leroy Smith, a turner, and Harry Smith, a handle maker, at Murphy's, took the day Saturday and went out on a hunting expedition. They found no game save one rabbit which they caught "setting" on Pleasant Heights. They slipped up from behind and caught him before he could start to run.

Dick Thompson, saucer jiggerman at Thompson's, returned to work yesterday after being idle for a week owing to illness.

Tom Cartwright, who has been a handle maker, at Harker's, has taken a situation as sticker-up at the Taylor, Smith & Taylor.

John Goodwin, a jiggerman and Homer Tyson, a cup handler, employed at the Chelsea plant, New Cumberland, were in the city over Sunday with friends.

Arthur Owen, of the biscuit end at the Union, has taken the agency for a Baltimore oyster firm and is utilizing his spare time taking orders for the luscious bivalves.

NOMINATED OFFICERS.

A considerable amount of business was transacted at the meeting of Printers' and Transferers' local No. 32, which was held in their hall last night. Nominations for officers to serve for the ensuing year were opened last night and the election will take place the last meeting night of this month. At the first meeting night in January the installation of officers will be held.

SCHOOLS HIGHLY PRAISED

A Tribute to the Ability of Prof. C. F. Armour, Formerly of This City.

County Supt. Bayle has the following to say in regard to the Girard, Pa., schools, of which Prof. C. F. Armour formerly of the high school corps of this city, is principal:

"The town of Girard may well be proud of her schools. The Girard high school with her four-years course of study is now prepared to send out graduates whom the best colleges in the land will now throw their doors open to Girard graduates. The curriculum in the Girard high school now puts the school on a par with the four leading first-class high schools of Erie county. Outside of the cities of Erie and Corry we have only four first-class high schools, North East, Union City, Girard and Waterford. These are the only schools in the county that are recognized and placed on the accredited list by our leading colleges. After citing the advantages of the school, Prof. Bayle said that he felt like saying, 'Hurrah for the Girard high schools!'"

Extra Week of Court.

Lisbon, December 9.—(Special.)—The large number of cases which have come before the court this term leaves a number still to be heard, which will probably necessitate a week's assignment after the holidays. This will be practicable, as the January term will not open until the 12th of that month. The court did not dispose of any cases yesterday afternoon, and the jury was excused until 9 o'clock this morning.

GAS SHORTAGE NOW AT AN END

FIRES AGAIN BLAZE BRIGHTLY IN EAST END HOMES.

The Deficiency Remedied by Ohio Valley Coming to Ft. Pitt's Assistance.

At last the gas shortage in the East End is at an end. Yesterday the Fort Pitt company made arrangements with the Ohio Valley Gas company to turn its gas in the local mains and since then there has been no complaint on account of the service in any part of the city. A rumor was current in the East End this morning that the Fort Pitt company had sold to the Ohio Valley company, but the transfer of gas to the mains was probably the basis of the report.

The recent poor supply has lost scores of customers for the Ft. Pitt in the Fifth ward of the city and a hundred names have been secured as customers of the other company. At tonight's meeting of the city council the attention of both gas companies will be called to their franchises.

When given franchises in the city they agreed to furnish heat to all residents of the city if desired. Since the recent cold snap started many persons have asked the Ohio Valley company to be placed on its lines. In many cases they have been refused, it is said.

Many of the more enthusiastic have been urging that the franchise be taken away from the Fort Pitt company on account of its inadequate service. Just what action will be taken at council meeting tonight is not known, but the chances are that nothing more than a mere warning to the concerns will be given.

The service of the street car company to the East End this morning was much better than yesterday, and one source of complaint to those obliged to be in the East End has been temporarily removed. It is expected that the Fort Pitt company will use the Ohio Valley gas until its own mains are put in proper condition to bear the increased pressure necessary during this cold weather.

Select the good, avoid the bad, then you will always use Meredith's Diamond Club Pure Rye Whiskey; price fair, goods guaranteed.

WINDOW PRIED OPEN

Alex Chafin's Grocery Visited By a Burglar, Who Was Chased Away.

Alex Chafin, who operates a grocery store in the part of East End that is called Chafinville, reports that his store was visited by a burglar some time Sunday morning. Frank Harmon was returning home about 3:30 Sunday morning past the store and saw a man walking around the building. Harmon hastily gave the alarm and returned in a short time with several other young men armed with clubs, guns and other weapons. However, by that time the intruder had made his escape.

The matter was reported at once to the proprietor, but on examination he found that nothing was missing. The lock to the door had not been broken but the window had been pried open. The affair was reported to the East End police, but there is no clue as to the guilty party.

AN ADDITION BEGUN

The Anderson Porcelain Company Finds Its New Factory Too Small.

The Anderson Porcelain company in the Klondike has begun the erection of an addition to its new plant just recently opened. The kiln shed will be located in this new part and the dimensions of the building will be 68x100 feet. Yesterday the first work for the excavation was done and the material for the building has been hauled to the plant.

When the erection of this plant was first started it was thought that the present building would be large enough to answer all requirements, but since it has been opened it has been found that such is not the case, and the new addition has been started.

Got $250 on a Guess.

Mrs. Samuel Vincent, of Chafinville, was one of the lucky participants in the recent prize contest in the Cincinnati Enquirer. Her guess was within three of being correct and a reward yesterday she received a check from the Enquirer for $250. Mr. Vincent is employed at the flint mill and the prize money will come in very nicely during the winter weather when everything is high.

Miss Kate Stamm, of Ohio avenue, is recovering from a serious illness.

Mrs. Archie Putnam and daughter are guests of relatives at Smith's Ferry today.

Robert Larkins, of the East End, was given a pleasant surprise last night by about twelve of his friends. It was the twentieth birthday anniversary of Mr. Larkins and his friends took him completely by surprise. The out of town guests present were: Messrs. Dawson, of Salineville; Myers, of Alliance; and Rogers, of Colebrook.

W. C. Smith, of Railroad street, has commenced the erection of a five room dwelling on that street.

Tom Hayes, of High street, went to Monaca, yesterday to spend several days visiting his daughter, Mrs. Baldwin, of that city.

The little daughter of Mrs. Milton Martin, of Pennsylvania avenue, who has been sick for several days, is reported to be considerably improved. Mrs. Martin yesterday received a check for $1,400 the amount of the policy carried by her husband in the Ben Hur organization. This claim was paid within two weeks after Mr. Martin's death.

New Wareroom.

A new wareroom is being erected by the Porcelain works in the East End. The dimensions of the building will be 60x100 feet. Work has been commenced on the structure, and it is expected that it will be completed within a comparatively short time.

TUESDAY, DECEMBER 9, 1902.

The attorney general has asked congress to pass a law making it unlawful for telegraph companies to handle messages of those working the "green goods' dodge. Mr. Cochran, chief post office inspector, states that the crop of victims of the green goods men shows no sign of growing less. His inspectors have been making a constant warfare against the men and have arrested many of them. The law is a much needed one. No one should be suffered to assist in fraud, least of all those whose business it is to serve the public.

"A distinguished statesman, a lofty patriot, a cultured scholar and incisive writer, a unique orator, an unmatched debater, a master of logic, wit, satire, the most famous of the world's parliamentarians; the great and representative citizen of the American republic has gone into history." This is the declaration of the national house of representatives concerning Thomas B. Reed, who, after filling a wide place in history, now fills a narrow grave. And the tribute contains not empty words, but fact.

It is claimed that a recently invented system of operating trolley cars will save most of the power which now goes to waste. The estimated actual loss of power furnished and not utilized is now 70 per cent. The electric car, for a new thing, has reached a high state of development, but it is idle to suppose it has reached perfection. The climax of attainment in the perfect utilization of electric energy is yet to come, and the field now being investigated is rich in possibilities.

Secretary of War Root has lately directed his efforts to keeping down the estimates for maintaining the army during the fiscal year beginning in July, 1903; and his care has been rewarded. His estimates for that year are less by $31,420,400 than those for the current year, and less by $20,947,960 than the amount allowed by congress at its last session.

The list of Ohio Republican gubernatorial aspirants is growing. It is a worthy ambition, and one which any citizen has a right to cherish. There is likely to be a good natured but spirited contest for the honor, and a good man is sure to win, because none but good men will enter the field or stand any chance if they do.

New York, following St. Louis, discovers that it has a lot of purchasable city legislators. The evils of bribery will never be checked until the people take the matter in hand and elect men who cannot be bribed. Such men are not so scarce that there ought to be any difficulty in finding them.

The days are very short now, but still long enough to enable the average Christmas shopper to drain his pocketbook without making a two-days' job of it.

Champ Clark told a Cleveland audience the other night that Tom Johnson will become a presidential quantity if he is elected governor of Ohio. Clark, it should be rembered, is a professional humorist, but it will be noted that his prophecy is hampered by a tremenduous "if."

The only Democratic presidential possibilities for 1904 thus far discovered have been found in Republican states. The cutting down of Democratic timber to make room for school houses has been progressing rapidly all through the land of late.

The new code may be more expensive than the old, but with the right men in office it may be possible to cut existing expenses so that the net result will be a gain. The most important thing under the code will be the selection of men to run city affairs.

The school children of West Virginia have chosen the mountain laurel as the state flower. They have exercised commendable good taste. The beauty of this wild flower is something few hot house products can match.

Lazy men will continue to write Christmas with an X. The sacred origin of the word entitles it to more consideration.

Jenkins, of South Carolina, gets another honor and the Tillmans get another chance to get mad.

The cold wave evidently found the Ft. Pitt Gas company in a state of unpreparedness.

So far the Venezuelan difficulty seems to concern Venezuela most.

OBITUARY

Wm. Gaylor Morris.

William Gaylor Morris died at the home of his mother, 245 Second street, this morning at 6 o'clock after an illness of several months with a complication of diseases which a week ago developed into pneumonia and caused death.

The funeral will be conducted at the house Thursday afternoon at 2 o'clock by the Rev. Edwin Weary, rector of the St. Stephen's Episcopal church. Interment will be made in Spring Grove cemetery.

Mr. Morris was one of the best known men in the city having been a life long resident of East Liverpool. He was in his 47th year and was born in the Morris property which is adjacent to the house in which he died. It is noted as one of the city's landmarks. His father, William P. Morris, who died about 43 years ago, was the first representative Columbiana county ever had at the state capital and was for years a justice of the peace in the city and postmaster for several years, the post office at that time being in the Morris homestead, and it is said by older residents that a more brilliant and industrious man never lived in the city than he.

Besides his mother, Mrs. Delia Morris, who is now 75 years old and critically ill as the result of strenuous exertion in attending her son while on his death bed, and a brother, Charles, who is a carpenter residing in Allegheny, William Gaylor, who was a single man, leaves but two other near relatives, both of them full cousins.

The most noted of the two is Andrew Carnegie, the latter's mother being a sister of Mr. Morris' father. The other living cousin is H. A. Bennett, captain of engine house No. 6, Allegheny. Mr. Bennett stated this morning that he intends informing Mr. Carnegie of William's death, if he can locate the steel king. Mr. Carnegie, in communication with Mrs. Morris, often asked that he be informed of any deaths in the family.

Richard Hetherington.

Salineville, December 9.—(Special)—Richard Hetherington died at his home here at 1 o'clock yesterday morning, aged 74 years. His death was due to dropsy. Mr. Hetherington was one of the best known citizens of the county, having been an Odd Fellow and a prominent citizen. He was born in England, and came to this country 40 years ago. For several years he traveled from place to place, finally settling in Salineville, where he was a miner for 10 years. He is survived by a family of seven children, Robert, William, Joseph, John, Richard and Charles Hetherington, and Mrs. Henry Westlake. The funeral will take place tomorrow afternoon at 1 o'clock, interment to be made at Woodland cemetery.

Thomas Coil.

Lisbon, December 9.—(Special.)—M. E. Coil, of Elkrun township, was called to Kingsville, Mo., last week on account of the death of his brother, Thomas, who has been afflicted with cancer for a number of years. The deceased formerly lived here, but went to Missouri 35 years ago. He was about 55 years old. From Missouri Mr. Coil went up into Iowa to visit his brother John and the latter's son William and while there attended a reunion of the family.

The attorney general has asked congress to pass a law making it unlawful for telegraph companies to handle messages of those working the "green goods' dodge. Mr. Cochran, chief post office inspector, states that the crop of victims of the green goods men shows no sign of growing less. His inspectors have been making a constant warfare against the men and have arrested many of them. The law is a much needed one. No one should be suffered to assist in fraud, least of all those whose business it is to serve the public.

"A distinguished statesman, a lofty patriot, a cultured scholar and incisive writer, a unique orator, an unmatched debater, a master of logic, wit, satire, the most famous of the world's parliamentarians; the great and representative citizen of the American republic has gone into history." This is the declaration of the national house of representatives concerning Thomas B. Reed, who, after filling a wide place in history, now fills a narrow grave. And the tribute contains not empty words, but fact.

It is claimed that a recently invented system of operating trolley cars will save most of the power which now goes to waste. The estimated actual loss of power furnished and not utilized is now 70 per cent. The electric car, for a new thing, has reached a high state of development, but it is idle to suppose it has reached perfection. The climax of attainment in the perfect utilization of electric energy is yet to come, and the field now being investigated is rich in possibilities.

Secretary of War Root has lately directed his efforts to keeping down the estimates for maintaining the army during the fiscal year beginning in July, 1903; and his care has been rewarded. His estimates for that year are less by $31,420,400 than those for the current year, and less by $20,947,960 than the amount allowed by congress at its last session.

The list of Ohio Republican gubernatorial aspirants is growing. It is a worthy ambition, and one which any citizen has a right to cherish. There is likely to be a good natured but spirited contest for the honor, and a good man is sure to win, because none but good men will enter the field or stand any chance if they do.

New York, following St. Louis, discovers that it has a lot of purchasable city legislators. The evils of bribery will never be checked until the people take the matter in hand and elect men who cannot be bribed. Such men are not so scarce that there ought to be any difficulty in finding them.

The days are very short now, but still long enough to enable the average Christmas shopper to drain his pocketbook without making a two-days' job of it.

Champ Clark told a Cleveland audience the other night that Tom Johnson will become a presidential quantity if he is elected governor of Ohio. Clark, it should be rembered, is a professional humorist, but it will be noted that his prophecy is hampered by a tremenduous "if."

The only Democratic presidential possibilities for 1904 thus far discovered have been found in Republican states. The cutting down of Democratic timber to make room for school houses has been progressing rapidly all through the land of late.

The new code may be more expensive than the old, but with the right men in office it may be possible to cut existing expenses so that the net result will be a gain. The most important thing under the code will be the selection of men to run city affairs.

The school children of West Virginia have chosen the mountain laurel as the state flower. They have exercised commendable good taste. The beauty of this wild flower is something few hot house products can match.

Lazy men will continue to write Christmas with an X. The sacred origin of the word entitles it to more consideration.

Jenkins, of South Carolina, gets another honor and the Tillmans get another chance to get mad.

The cold wave evidently found the Ft. Pitt Gas company in a state of unpreparedness.

So far the Venezuelan difficulty seems to concern Venezuela most.

OBITUARY

Wm. Gaylor Morris.

William Gaylor Morris died at the home of his mother, 245 Second street, this morning at 6 o'clock after an illness of several months with a complication of diseases which a week ago developed into pneumonia and caused death.

The funeral will be conducted at the house Thursday afternoon at 2 o'clock by the Rev. Edwin Weary, rector of the St. Stephen's Episcopal church. Interment will be made in Spring Grove cemetery.

Mr. Morris was one of the best known men in the city having been a life long resident of East Liverpool. He was in his 47th year and was born in the Morris property which is adjacent to the house in which he died. It is noted as one of the city's landmarks. His father, William P. Morris, who died about 43 years ago, was the first representative Columbiana county ever had at the state capital and was for years a justice of the peace in the city and postmaster for several years, the post office at that time being in the Morris homestead, and it is said by older residents that a more brilliant and industrious man never lived in the city than he.

Besides his mother, Mrs. Delia Morris, who is now 75 years old and critically ill as the result of strenuous exertion in attending her son while on his death bed, and a brother, Charles, who is a carpenter residing in Allegheny, William Gaylor, who was a single man, leaves but two other near relatives, both of them full cousins.

The most noted of the two is Andrew Carnegie, the latter's mother being a sister of Mr. Morris' father. The other living cousin is H. A. Bennett, captain of engine house No. 6, Allegheny. Mr. Bennett stated this morning that he intends informing Mr. Carnegie of William's death, if he can locate the steel king. Mr. Carnegie, in communication with Mrs. Morris, often asked that he be informed of any deaths in the family.

Richard Hetherington.

Saline ville, December 9.—(Special)—Richard Hetherington died at his home here at 1 o'clock yesterday morning, aged 74 years. His death was due to dropsy. Mr. Hetherington was one of the best known citizens of the county, having been an Odd Fellow and a prominent citizen. He was born in England, and came to this country 40 years ago. For several years he traveled from place to place, finally settling in Salineville, where he was a miner for 10 years. He is survived by a family of seven children, Robert, William, Joseph, John, Richard and Charles Hetherington, and Mrs. Henry Westlake. The funeral will take place tomorrow afternoon at 1 o'clock, interment to be made at Woodland cemetery.

Thomas Coil.

Lisbon, December 9.—(Special.)—M. E. Coil, of Elkrun township, was called to Kingsville, Mo., last week on account of the death of his brother, Thomas, who has been afflicted with cancer for a number of years. The deceased formerly lived here, but went to Missouri 35 years ago. He was about 55 years old. From Missouri Mr. Coil went up into Iowa to visit his brother John and the latter's son William and while there attended a reunion of the family.

STYLISH LETTERS

Do you write a nice letter? Half that makes a letter look nice is the paper on which it is written. Of course, slovenly lead pencil scratches will spoil the looks of the best paper; but when written neatly with ink, there's nothing more stylish than our **New Boxed Papers, with Envelopes to Match.** Look in our north window and see how dainty and elegant these Writing Papers are.

WELLSVILLE

POPULATION 8,500

What the Wellsville Police Census, Now Nearly Completed, Indicates.

The Wellsville police officers who have been working on the new census of the city for about six weeks have now nearly completed their work. The census was taken up in a systamatic manner and only a few residents of the town have been missed by the officers.

Each policeman took the census of the ward containing his beat and every street, alley and by-way was thoroughly canvassed, the names of each man, woman and child being registered on the census book.

All of the wards have been completed with the exception of the second, which is in the hands of city building Policeman William Elliott. Officer Elliott has had so much extra work on his hands for the past month that he has been unable to devote much time to this work of taking the census. It will be completed, however, within a few days and then the count will be made by the mayor.

According to the books which have already been turned in the census will barely reach 8,500, which is somewhat of a disappointment. It was expected that the census would show that Wellsville had a population of over 9,500.

SQUEEZED BETWEEN CARS

Brakeman So Badly Hurt He Was Taken To a Hospital.

H. A. Sedgwick, a well known railroad brakeman, was the victim of a serious accident last evening at the plant of the Champion Clay company. While switching some cars on the switch his body was squeezed between two freight cars. It is feared that he was injured internally. Dr. Noble, the railroad physician, was called and after a careful examination advised that he be taken at once to the hospital at Pittsburg.

Ben Hur Entertainment.

The Star of the Valley court, Tribe of Ben Hur, held a very pleasant entertainment and social last evening in their lodge room in Russell's hall on lower Main street. Quite a large crowd were present and an enjoyable evening was spent. A short program was rendered which proved very interesting and showed careful preparation by those who took part. After the regular program was completed light refreshments were served which were also enjoyed. The crowd dispersed shortly after 10 o'clock.

Masons Held a Banquet.

The East Liverpool chapter, Royal Arch Masons, came to Wellsville last evening in a body and visited the local chapter at the lodge rooms. They assisted the Wellsville chapter in conferring Royal Arch degrees upon two Wellsville members and one East Liverpool member. After the work of the evening had been completed, a quiet banquet was held in the lodge rooms in which many delicate dishes were served. The East Liverpool chapter returned at a late hour. All had a pleasant evening.

Serious Freight Wreck.

A freight wreck occurred on the river division of the C. & P. road early this morning at Yellow Creek station in which six cars were derailed and two smashed into kindling wood. The cause of the wreck can not be learned but it is said to have been due to a defective rail. The Wellsville wreck train succeeded in clearing the wreck after three hours work.

Taken to Massillon.

Mrs. Thomas James, who was adjudged insane yesterday morning was taken to Massillon last evening, where she will be placed in the asylum. Sheriff Leonard came over from Lisbon yesterday afternoon and accompanied the woman to Massillon. It is believed that her mind can be restored to its normal condition after a month's treatment in the hospital.

Each Fined $4.60.

John Durkin and Patrick Sullivan, both in the employ of the Carroll-Porter Boiler works, were arrested Sunday evening by Officer Davis on a charge of being drunk and disorderly. They appeared before the mayor Monday and pleaded guilty to the charge. They were each fined $4.60 which they paid and were released.

Funeral of Richard Barr.

The funeral of Richard Barr, who died Sunday morning, was held at 2 o'clock today from the residence of Mrs. Bertha Porter on Third street. A large crowd was present. Interment was made in Spring Hill cemetery.

POLITICS LIVELY

More Aspirants for Councilmanic Honors—Triangular Fight for Recorder.

Politics is the chief topic of conversation among the voters of Chester. Every day some new candidate for the council is announced. The fight for seats in that body promises to be full of interest and to be hotly contested till the end. Two new candidates have been found. They are J. C. Cunningham in the First ward and J. E. Webster in the Third ward. Both gentlemen are considered excellent candidates.

Only two candidates will be in the field for mayor, J. S. D. Mercer, the present recorder, and Mayor John Shrader. Both gentlemen are making an active canvass among the voters. Three candidates for recorder are mentioned, J. H. Maxwell, John J. Marshall and J. P. West. This three-cornered fight will prove very interesting and will be closely followed by a great majority of voters.

ANOTHED NEW WELL

The Chester Plant Will Have Eight in Operation By December 20.

Another mill is being added to the plant of the Chester Tin Plate company. There are now seven mills in operation at the mill and this new one will be ready for operation about December 20. The mill at Chester, although one of the new ones belonging to the great trust, is as complete as any which have been in operation for many years.

The officials of the trust have taken pains to put nothing but the latest improved machinery in the Chester mill, and consequentiy have had better results from this plant than from any others of the size belonging to them.

NO FRANCHISE GRANTED

Application For Congo Street Railway Must Be Amended Before Action.

The Hancock county court met in regular session yesterday but little business was to transact. The only matter that was brought before it was the application for a franchise from Congo to Chester for the construction of an electric line between these two points. There were three applications in for this franchise but that of S. B. Goucher, et al., was withdrawn. The other two applications were filed by James Newell, et al., and C. A. Smith.

The court held that the petition of Smith was not specific enough and must be amended. The question will then be brought up at the January term of court.

Tumor Removed.

It will be completed, however, within a few days and then the count will be made by the mayor.

According to the books which have already been turned in the census will barely reach 8,500, which is somewhat of a disappointment. It was expected that the census would show that Wellsville had a population of over 9,500.

SQUEEZED BETWEEN CARS

Brakeman So Badly Hurt He Was Taken To a Hospital.

H. A. Sedgwick, a well known railroad brakeman, was the victim of a serious accident last evening at the plant of the Champion Clay company. While switching some cars on the switch his body was squeezed between two freight cars. It is feared that he was injured internally. Dr. Noble, the railroad physician, was called and after a careful examination advised that he be taken at once to the hospital at Pittsburg.

Ben Hur Entertainment.

The Star of the Valley court, Tribe of Ben Hur, held a very pleasant entertainment and social last evening in their lodge room in Russell's hall on lower Main street. Quite a large crowd were present and an enjoyable evening was spent. A short program was rendered which proved very interesting and showed careful preparation by those who took part. After the regular program was completed light refreshments were served which were also enjoyed. The crowd dispersed shortly after 10 o'clock.

Masons Held a Banquet.

The East Liverpool chapter, Royal Arch Masons, came to Wellsville last evening in a body and visited the local chapter at the lodge rooms. They assisted the Wellsville chapter in conferring Royal Arch degrees upon two Wellsville members and one East Liverpool member. After the work of the evening had been completed, a quiet banquet was held in the lodge rooms in which many delicate dishes were served. The East Liverpool chapter returned at a late hour. All had a pleasant evening.

Serious Freight Wreck.

A freight wreck occurred on the river division of the C. & P. road early this morning at Yellow Creek station in which six cars were derailed and two smashed into kindling wood. The cause of the wreck can not be learned but it is said to have been due to a defective rail. The Wellsville wreck train succeeded in clearing the wreck after three hours work.

Taken to Massillon.

Mrs. Thomas James, who was adjudged insane yesterday morning, was taken to Massillon last evening, where she will be placed in the asylum. Sheriff Leonard came over from Lisbon yesterday afternoon and accompanied the woman to Massillon. It is believed that her mind can be restored to its normal condition after a month's treatment in the hospital.

Each Fined $4.60.

John Durkin and Patrick Sullivan, both in the employ of the Carroll-Porter Boiler works, were arrested Sunday evening by Officer Davis on a charge of being drunk and disorderly. They appeared before the mayor Monday and pleaded guilty to the charge. They were each fined $4.60 which they paid and were released.

Funeral of Richard Barr.

The funeral of Richard Barr, who died Sunday morning, was held at 2 o'clock today from the residence of Mrs. Bertha Porter on Third street. A large crowd was present. Interment was made in Spring Hill cemetery.

More Aspirants for Councilmanic Honors—Triangular Fight for Recorder.

Politics is the chief topic of conversation among the voters of Chester. Every day some new candidate for the council is announced. The fight for seats in that body promises to be full of interest and to be hotly contested till the end. Two new candidates have been found. They are J. C. Cunningham in the First ward and J. E. Webster in the Third ward. Both gentlemen are considered excellent candidates.

Only two candidates will be in the field for mayor, J. S. D. Mercer, the present recorder, and Mayor John Shrader. Both gentlemen are making an active canvass among the voters. Three candidates for recorder are mentioned, J. H. Maxwell, John J. Marshall and J. P. West. This three-cornered fight will prove very interesting and will be closely followed by a great majority of voters.

The Chester Plant Will Have Eight in Operation By December 20.

Another mill is being added to the plant of the Chester Tin Plate company. There are now seven mills in operation at the mill and this new one will be ready for operation about December 20. The mill at Chester, although one of the new ones belonging to the great trust, is as complete as any which have been in operation for many years.

The officials of the trust have taken pains to put nothing but the latest improved machinery in the Chester mill, and consequently have had better results from this plant than from any others of the size belonging to them.

Application For Congo Street Railway Must Be Amended Before Action.

The Hancock county court met in regular session yesterday but little business was to transact. The only matter that was brought before it was the application for a franchise from Congo to Chester for the construction of an electric line between these two points. There were three applications in for this franchise but that of S. B. Goucher, et al., was withdrawn. The other two applications were filed by James Newell, et al., and C. A. Smith.

The court held that the petition of Smith was not specific enough and must be amended. The question will then be brought up at the January term of court.

Tumor Removed.

Robert Hobbs, of Virginia avenue, was operated upon this morning by Drs. Hobbs and Bailey, of East Liverpool, for a tumor on his neck. This tumor has been giving him considerable trouble for several days and an operation was decided upon. It was very successfully performed and Mr. Hobbs went through the ordeal in good shape.

A GOOD THING.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in Medicine. It quickly cures Coughs, Colds, and all Lung troubles of the severest nature, removing as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 25 and 75 cents. At Charles F. Craig's.

in 10 miles of the city have always been desirous of trading here, but have gone elsewhere simply because they could get to other points over better routes. If there is a man in this city who will raise any objection to or interference with the railroad company's plans he should lose his right of citizenship.

"The numerous ways in which the road will help the city could not be named. With the new road in operation the city will no longer be at the mercy of one railroad, which has more business than it can attend to. An electric road from here to Youngstown will mean in a very short time a well equipped steam railroad, and then the industries of this city will for the first time have an opportunity to convey their products to outer points with the assurance that they will arrive at a destination on a reasonable time."

WELLSVILLE

POPULATION 8,500

What the Wellsville Police Census, Now Nearly Completed, Indicates.

The Wellsville police officers who have been working on the new census of the city for about six weeks have now nearly completed their work. The census was taken up in a systamatic manner and only a few residents of the town have been missed by the officers.

Each policeman took the census of the ward containing his beat and every street, alley and by-way was thoroughly canvassed, the names of each man, woman and child being registered on the census book.

All of the wards have been completed with the exception of the second, which is in the hands of city building Policeman William Elliott. Officer Elliott has had so much extra work on his hands for the past month that he has been unable to devote much time to this work of taking the census. It will be completed, however, within a few days and then the count will be made by the mayor.

According to the books which have already been turned in the census will barely reach 8,500, which is somewhat of a disappointment. It was expected that the ceasus would show that Wellsville had a population of over 9,500.

TOO FAT

is the condition of thousands who suffer from shortness of breath, torpid liver, heart palpitation, weak kidneys, lame back, abnormal appetite or capricious heat flushes and acute perspiration. How many otherwise cheerful and happy people become morose, sullen and unhappy and become a burden to themselves because of the affliction of being "too fat" with all its attendant ills. "Blood Wine" will reduce the excessive flesh by removing the cause, viz., the germs that float in the blood and fluids.

"Blood Wine" contains exactly the elements which go to correct all the evils of obesity, cleanse and purify the blood, restrict the temperature, remove obstructions from the liver and kidneys; and give you a chance to live right, eat right and breathe right. Fifty cents a bottle.

DEAD MEN PAID RENT.

Witnesses Testify That Markle & Co. Withheld Last Money Earned by Husbands.

CHILDREN PAID DEBT OF DEAD.

Testimony to Show that Groceries in Mining Districts Advanced in Price 30 Per Cent in the Last Two Years and Meats 23 1-5 Per Cent.

Scranton, Dec. 9.—Almost the entire time of the day's session of the coal strike commission was taken up by the mine workers in presenting their side of the controversy with G. B. Markle & Co., in the Hazleton regions. The miners placed witnesses on the stand who gave testimony to show that the company refused to employ them because they belonged to the union; had evicted them from their houses for the same cause; that the docking system was intolerable; that the question of the men getting the 10 per cent in wages granted as a result of the 1900 strike is much in doubt, because the men do not see how the company is figuring out the price in powder, which enters into the computation of the increase, and that the size of the mine cars has increased, but the wages have not. Two Hungarian women, one of them the mother of the boy who testified on Saturday, were placed on the stand and told how the Markle company deducted house rent from the last wages of their husbands, who were killed in the mines, and how the company attempted to get them to sign a paper which would absolve the Markles from damages for the death of the men. The women also confirmed the story told by the breaker boy, that the children had to work without pay until the debt owed by the dead fathers was paid off.

The Markle company was not represented by its own lawyers before the commission, although it had ample notice that testimony affecting their colliery would be presented. The commissioners expect the company to bring on evidence in rebuttal to the stories told by witnesses on Saturday and yesterday.

Commissioners Surprised.

The commissioners were very much surprised yesterday to learn that the 10 per cent increase granted in 1900 was not a straightout raise in wages, but instead a 2½ per cent increase and a reduction in powder of 7½ per cent, making the net increase in earnings 10 per cent, which the miners claim is not being paid by the Markle company through some way of figuring they do not understand. The question came in for considerable discussion and no one in the court room could give the commission a satisfactory explanation.

The commissioners yesterday made another request on the companies to present figures as quickly as possible, and as a result the Erie company, late in the day, submitted its statistics regarding wages, hours and other data relating to the subject. The data made quite a large bundle.

J. W. Rittenhouse, secretary of the Retail Grocers' association, testified that figures given by 25 retail merchants in the upper coal fields showed that groceries had advanced 30 per cent over the prices of two years ago. John D. Hughes, Scranton manager for Armour & Co., testified that meats had advanced 23 1-5 per cent in the same period.

Yesterday's session was extended to 4:30 p. m., and this will be the hour for adjournment hereafter, the commissioners feeling that more rapid progress can be made by longer sittings.

Council of Jewish Women.

Baltimore, Dec. 9.—At yesterday's session of the national convention of the council of Jewish women addresses were delivered by Dr. Ira Remsen, president of Johns Hopkins university, on "Higher Education for Women," and by Charles J. Bonaparte on "Civil Service." Mrs. Flora M Schwab, of Cleveland, chairman of the committee on philanthropy, read a report.

Escaped Murderer Caught.

Stroudsburg, Pa., Dec. 9.—Charles Grether, the notorious murderer, who broke jail Sunday, has been caugat near Spragueville, this county. He was located by some boys and when discovered took refuge in a barn. He was captured after a desperate fight. This is the second time that Grether has broken jail.

Five Vessels Ashore.

St. Johns, N. F., Dec. 9.—The bliz zard is still raging, and five schooners the Ellen James, Arbitrator, Industry All Right and Rogers, have been driven ashore on different parts of the coast. Three of the vessels were laden with fish and the other two with provisions. All the crews escaped.

Found Dead.

Toledo, Dec. 9.—Jacob Linseder, a well-known business man of East Liverpool, died yesterday at Dr. Tower's hospital, having been asphyxiated. He was found in his bed yesterday morning with two gas jets open. Linseder recently lost considerable money.

Woman on Trial for Murder.

Toledo, Dec. 9.—Mrs. Dora Lightner, charged with the murder of Miss Lucy Wheeler, was placed on trial yesterday. She is 25 years of age, and great interest is being taken in the trial. A jury was secured.

Two severe cases of Ovarian Trouble and two terrible operations avoided. Mrs. Emmons and Mrs. Coleman each tell how they were saved by the use of **Lydia E. Pinkham's Vegetable Compound.**

"DEAR MRS. PINKHAM:—I am so pleased with the results obtained from **Lydia E. Pinkham's Vegetable Compound** that I feel it a duty and a privilege to write you about it.

"I suffered for more than five years with **ovarian troubles,** causing an unpleasant discharge, a great weakness, and at times a faintness would come over me which no amount of medicine, diet, or exercise seemed to correct. Your Vegetable Compound found the weak spot, however, within a few weeks—**and saved me from an operation**—all my troubles had disappeared, and I found myself once more healthy and well. Words fail to describe the real, true, grateful feeling that is in my heart, and I want to tell every sick and suffering sister. Don't dally with medicines you know nothing about, but take **Lydia E. Pinkham's Vegetable Compound,** and take my word for it, you will be a different woman in a short time."—MRS. LAURA EMMONS, Walkerville, Ont.

Another Case of Ovarian Trouble Cured Without an Operation.

"DEAR MRS. PINKHAM:—For several years I was troubled with ovarian trouble and a painful and inflamed condition, which kept me in bed part of the time. I did so dread a surgical operation.

"I tried different remedies hoping to get better, but nothing seemed to bring relief until a friend who had been cured of **ovarian trouble,** through the use of your compound, induced me to try it. I took it faithfully for three months, and at the end of that time was glad to find that I was a well woman. Health is nature's best gift to woman, and if you lose it and can have it restored through Lydia E. Pinkham's Vegetable Compound I feel that all suffering women should know of this."—MRS. LAURA BELLE COLEMAN, Commercial Hotel, Nashville, Tenn.

It is well to remember such letters as above when some druggist tries to get you to buy something which he says is "just as good." That is impossible, as no other medicine has such a record of cures as **Lydia E. Pinkham's Vegetable Compound;** accept no other and you will be glad.

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat you with kindness and her advice is free. No woman ever regretted writing her and she has helped thousands. Address Lynn, Mass.

$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

DEAD MEN PAID RENT.

Witnesses Testify That Markle & Co. Withheld Last Money Earned by Husbands.

CHILDREN PAID DEBT OF DEAD.

Testimony to Show that Groceries in Mining Districts Advanced in Price 30 Per Cent in the Last Two Years and Meats 23 1-5 Per Cent.

Scranton, Dec. 9.—Almost the entire time of the day's session of the coal strike commission was taken up by the mine workers in presenting their side of the controversy with G. B. Markle & Co., in the Hazleton regions. The miners placed witnesses on the stand who gave testimony to show that the company refused to employ them because they belonged to the union; had evicted them from their houses for the same cause; that the docking system was intolerable; that the question of the men getting the 10 per cent in wages granted as a result of the 1900 strike is much in doubt, because the men do not see how the company is figuring out the price in powder, which enters into the computation of the increase, and that the size of the mine cars has increased, but the wages have not. Two Hungarian women, one of them the mother of the boy who testified on Saturday, were placed on the stand and told how the Markle company deducted house rent from the last wages of their husbands, who were killed in the mines, and how the company attempted to get them to sign a paper which would absolve the Markles from damages for the death of the men. DEAD MEN PAID RENT.

Witnesses Testify That Markle & Co. Withheld Last Money Earned by Husbands.

CHILDREN PAID DEBT OF DEAD.

Testimony to Show that Groceries in Mining Districts Advanced in Price 30 Per Cent in the Last Two Years and Meats 23 1-5 Per Cent.

Scranton, Dec. 9.—Almost the entire time of the day's session of the coal strike commission was taken up by the mine workers in presenting their side of the controversy with G. B. Markle & Co., in the Hazleton regions. The miners placed witnesses on the stand who gave testimony to show that the company refused to employ them because they belonged to the union; had evicted them from their houses for the same cause; that the docking system was intolerable; that the question of the men getting the 10 per cent in wages granted as a result of the 1900 strike is much in doubt, because the men do not see how the company is figuring out the price in powder, which enters into the computation of the increase, and that the size of the mine cars has increased, but the wages have not. Two Hungarian women, one of them the mother of the boy who testified on Saturday, were placed on the stand and told how the Markle company deducted house rent from the last wages of their husbands, who were killed in the mines, and how the company attempted to get them to sign a paper which would absolve the Markles from damages for the death of the men. The women also confirmed the story told by the breaker boy, that the children had to work without pay until the debt owed by the dead fathers was paid off.

The Markle company was not represented by its own lawyers before the commission, although it had ample notice that testimony affecting their colliery would be presented. The commissioners expect the company to bring on evidence in rebuttal to the stories told by witnesses on Saturday and yesterday.

Commissioners Surprised.

The commissioners were very much surprised yesterday to learn that the 10 per cent increase granted in 1900 was not a straightout raise in wages, but instead a 2½ per cent increase and a reduction in powder of 7½ per cent, making the net increase in earnings 10 per cent, which the miners claim is not being paid by the Markle company through some way of figuring they do not understand. The question came in for considerable discussion and no one in the court room could give the commission a satisfactory explanation.

The commissioners yesterday made another request on the companies to present figures as quickly as possible, and as a result the Erie company, late in the day, submitted its statistics regarding wages, hours and other data relating to the subject. The data made quite a large bundle.

J. W. Rittenhouse, secretary of the Retail Grocers' association, testified that figures given by 25 retail merchants in the upper coal fields showed that groceries had advanced 30 per cent over the prices of two years ago. John D. Hughes, Scranton manager for Armour & Co., testified that meats had advanced 23 1-5 per cent in the same period.

Yesterday's session was extended to 4:30 p. m., and this will be the hour for adjournment hereafter, the commissioners feeling that more rapid progress can be made by longer sittings.

Council of Jewish Women.

Baltimore, Dec. 9.—At yesterday's session of the national convention of the council of Jewish women addresses were delivered by Dr. Ira Remsen, president of Johns Hopkins university, on "Higher Education for Women," and by Charles J. Bonaparte on "Civil Service." Mrs. Flora M. Schwab, of Cleveland, chairman of the committee on philanthropy, read a report.

Escaped Murderer Caught.

Stroudsburg, Pa., Dec. 9.—Charles Grether, the notorious murderer, who broke jail Sunday, has been caugat near Spragueville, this county. He was located by some boys and when discovered took refuge in a barn. He was captured after a desperate fight. This is the second time that Grether has broken jail.

Five Vessels Ashore.

Two severe cases of Ovarian Trouble and two terrible operations avoided. Mrs. Emmons and Mrs. Coleman each tell how they were saved by the use of **Lydia E. Pinkham's Vegetable Compound.**

"DEAR MRS. PINKHAM:—I am so pleased with the results obtained from **Lydia E. Pinkham's Vegetable Compound** that I feel it a duty and a privilege to write you about it.

"I suffered for more than five years with **ovarian troubles,** causing an unpleasant discharge, a great weakness, and at times a faintness would come over me which no amount of medicine, diet, or exercise seemed to correct. Your Vegetable Compound found the weak spot, however, within a few weeks—**and saved me from an operation**—all my troubles had disappeared, and I found myself once more healthy and well. Words fail to describe the real, true, grateful feeling that is in my heart, and I want to tell every sick and suffering sister. Don't dally with medicines you know nothing about, but take **Lydia E. Pinkham's Vegetable Compound,** and take my word for it, you will be a different woman in a short time."—MRS. LAURA EMMONS, Walkerville, Ont.

Another Case of Ovarian Trouble Cured Without an Operation.

"DEAR MRS. PINKHAM:—For several years I was troubled with ovarian trouble and a painful and inflamed condition, which kept me in bed part of the time. I did so dread a surgical operation.

"I tried different remedies hoping to get better, but nothing seemed to bring relief until a friend who had been cured of **ovarian trouble,** through the use of your compound, induced me to try it. I took it faithfully for three months, and at the end of that time was glad to find that I was a well woman. Health is nature's best gift to woman, and if you lose it and can have it restored through Lydia E. Pinkham's Vegetable Compound I feel that all suffering women should know of this."—MRS. LAURA BELLE COLEMAN, Commercial Hotel, Nashville, Tenn.

It is well to remember such letters as above when some druggist tries to get you to buy something which he says is "just as good." That is impossible, as no other medicine has such a record of cures as **Lydia E. Pinkham's Vegetable Compound;** accept no other and you will be glad.

REALM OF SPORTS

SMALL BORES IN FAVOR

Sportsmen This Season Are Using Little Guns With Much Satisfaction.

A tendency to use small gauge shot guns is marked this gunning season. There are scores of well posted sportsmen who believe that in a year or more "little fellows," as the guns are called, will predominate. It has been about 15 years since there was a disposition on the part of gunners to abandon the 10 gauge piece as being too destructive, too much like a cannon it was said. The 12 gauge became the standard gun. Now with the advancement of shot guns and powders, together with the skill of sportsmen there is a disposition to give game a better chance.

The fact that the small gauges say, 16, 20 and 28, are not so strong in killing as the standard gun makes it evident that there will be less game grounded. Some persons are disposed to ridicule the stopping power, of the twenties and twenty-eights, but such a veteran sportsman as S. Harry Vandergrift is authority for the statement that he has killed quail 40 and 50 yards away in neat style. Mr. Vandergrift has used nothing else than a 28 during the season drawing to a close, and he finds much enjoyment in swinging the light piece.

After all it is not the amount of game a sportsman gathers that is the fascinating part of sports afield. By far the thrill of having executed a swift or distant shot in tangled brush or thickets tickles the fancy of the gunner who hunts for pleasure. Therefore, a smaller gun will add uncertainty to the pastime and doubt is the life of any recreation.

INDOOR BASEBALL

Some of the Professionals Becoming Ehthusiastic Over It—Tommy Leach's View.

Tommy Leach, third baseman of the Pittsburgs, who is wintering in Allegheny, has word from Cleveland that indoor base ball is more popular than ever.

"It's fine sport," said Tommy. "Two years ago there was but the single league. Last winter there was only one league, but several independent teams were organized. Now there are several leagues. The Forest City league, with eight teams, mostly selected from the various shops which they represent, is drawing 500 people a night to its games.

"Our aim is to get up inter-city games. They are coming, for two leagues have been formed in Chicago. Syracuse has a strong organization and so has Buffalo, Cincinnati has formed a league during the last week, Cy Seymour, Mike Donlin, Heine Peitz, Billy Clingman and other well known professionals being members of one of the teams.

"With the game thus securing a foothold in most of the big cities, it really does not look far off before there will be a regular inter-city league formed, in which Cleveland, Chicago, Cincinnati and Pittsburg will be members. When the game started in Cleveland we drew scarcely a corporal's guard, last year we drew 1,500 upon several occasions."

IT WILL COME BACK

REAL ENJOYMENT.

The woman who reads this will understand to the full what Mrs. Tipton meant when she says: "I am enjoying good health." It takes a person who has been made wretched by sickness to understand the joy of health.

There are very many women who suffer as did Mrs. Tipton, who might be cured as she was by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness. It makes weak women strong, sick women well.

"It is with pleasure I recommend Dr. Pierce's medicine," writes Mrs. Nora Tipton, of Cropper (Cropper Station), Shelby Co., Kentucky. "You remember my case was one of female weakness and weak lungs. I had no appetite and would often spit blood; was confined to my bed almost half of the time and could hardly stand on my feet at times for the pains through my whole body and system. My husband had to pay large doctor bills for me, but since I have taken four bottles of Dr. Pierce's Golden Medical Discovery, four of 'Favorite Prescription' and three vials of 'Pleasant Pellets' we haven't paid any more doctor bills. It had been seven months since I stopped using Dr. Pierce's medicines and I have been enjoying good health all the time. I can never praise these medicines too highly, for I have received so much benefit. I pray that many who suffer as I did will take Dr. Pierce's medicines. I am sure they will never fail to cure when given a fair trial. Everybody tells me I look better than they ever saw me. I am sure I feel better than I ever did before."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets are a ladies' laxative. No other medicine equals them for gentleness and thoroughness.

WIN MERCER'S LUCK

Served Him in Good Stead—Came Near Losing $5,000 in Cold Cash.

Win Mercer, the well-known pitcher, who is touring the far west with the All-Americans in their series of settos with the All-Nationals, had a close shave of being worked out of $5,000 a few days ago, says a Sacramento dispatch.

Mercer is serving as treasurer of the tourists. While the teams were playing at the Sacremento park, the hotel clerk received a note signed, "Winnie Mercer," asking for the "envelops" in the safe. The clerk gave the fattest envelope of the two to the messenger. Fifteen minutes later another messenger came with the envelops with a note to the effect that, "I can't make a bet with railroad tickets," and asking for the other envelope, and also that belonging to "Joss, of the Cleveland team."

The hotel clerk became suspicious and asked "Happy Jack" Chesbro to the ball park. Chesbro did so and found that Mercer and Joss had not sent for the envelopes. Mercer's contained $5,000 and Joss' $600. Lucky lad always was Win.

ANOTHER GAME

Sebring And the Brewery A. C. Will Play at Lisbon Next Saturday.

East Liverpool will figure in another post-season foot ball game, a gridiron contest having been arranged between the Sebring and the Brewery A. C. teams. The local team has made an excellent record this season against teams of near its own weight, and Captain Brock hopes to end the season with a victory. The game is scheduled for Saturday, December 13, and will be played at Lisbon. Following is the way the teams will line up:

Brewery A. C.—Powell, center; Myers, right guard; Burgess, left guard; Beatty, right tackle; Smith, left tackle; Price, right end; Watkins, left end; Bridge, fullback; Mountford, right half; Brock, left half; Furnival, quarterback.

Sebring—Gilmore, center; Hetchel, right guard; Barnes, left guard; Leece, right tackle; Baxter, left tackle; Harvey, right end; Wilson, left end; Milter, fullback; Karr, right half; Croggwell, left half; Smith, quarterback.

Dizzy Spells, Pain and Choking.

Dr. Miles' Heart Cure Saved My Life.

Dr. Miles' Heart Cure is sure to do what no other medicine can do. If your heart troubles you, you cannot afford delay or mistake in choice of a remedy. For many years this preparation has been curing cases that otherwise would not have been cured. Read what it has done for others. It will do the same for you:

"I write you this letter through gratitude for the benefit I have received by taking your valuable remedies. For three years I was subject to dizzy spells, sometimes several in a day. When I had them I could not raise my head from the pillow. My heart was greatly affected and I frequently had spells of severe palpitation and fluttering, pain, tenderness, choking sensations, could not lie on my left side and was not able to do any work. I called a doctor who helped me some but the dizzy spells grew more frequent and I was so very nervous that I did not care to live. One day I asked the Lord to take me from this world or put my eyes on something that would help me. The first paper I took up was a New York paper and in it I saw your advertising. My husband got me three bottles of Dr. Miles' Heart Cure and Nervine and one box of Dr. Miles' Anti-Pain Pills since which time I have had no more dizzy spells. I can lie on either side and sleep all night. I have been able to do my own work for three years. Dr. Miles' Heart Cure saved my life."—Mrs. R. H. Burch, Burch, S. D.

Highest Ever Paid for a Pacer.

M. W. Savage, of Minneapolis, has bought Dan Patch, the famous unbeaten pacer of M. S. Sturgis, of New York, for $60,000. M. E. McHenry, who has driven the horse many a fast mile and scored 1:59¼ with him, has signed a contract with Mr. Savage to handle the horse for the racing seasons of 1903 and 1904. The racer is to be brought to Minneapolis. The price is said to be the highest ever paid for a pacer.

Prizes For Game Birds.

WRONG TELEPHONE USED

For That Reason a Canton Physician Is Expelled from His Medical Society.

Canton, December 9.—Dr. C. E. Exline, a well known physician of Canton, has been expelled from the Canton Medical society, and he may carry the matter into the courts.

The expulsion of Dr. Exline is due to the bitter war between the two telephone companies in the city. During the heat of this fight the medical society decided to use only the service of the Stark County Telephone company. Dr. Exline installed a Bell telephone in his office and the medical society, at a special meeting, ostracized him and now has expelled him.

CLAIMS APPROVED

By Financial Committee of Council—A Few Accounts Held Over.

Members Johnston and McConnell were present at the meeting of the claims committe last evening when the following bills were passed upon:

Ohio Valley Gas company, $6; Fort Pitt Gas company, 50 cents; S. F. Hayward & Co., supplies, $8.70; Arbuthnot Bros., plumbing, $1.25; C. Metsch, feed, $45.75; James McDole, paint and glass, $5; Milligan Hardware company, supplies, $2.75; D. M. Ogilvie & Co., supplies, $1.44; D. B. Springer, straw, $10.92; A. Trotter & Son, supplies, $3.35; Clem McQuilkin, wagon hire, $3.50; Mrs. Gillespie, laundry, $5; East End Hardware company, supplies, 95 cents; Mrs. Walcott, laundry, $2.50; fire department, salaries, $789; Sarah Haught, salary, $12; J. C. Kelly and assistants, $250.55; John M. Ryan, sewer in Mulberry alley, $181.97; street commissioner and assistants, $667.86; T. V. Thompson, prisoners to works, $31; police department pay roll, $651.82; T. V. Thompson, serving resolutions, $1.50; Willis Davidson, salary, express, etc., $69.40; American Sewer Pipe company, pipe, $52.38; East Liverpool Spring Water company, water, $1; Patterson Foundry company, street crossings, 90 cents; the Wilson Stationery company, supplies, $9.95; Robert Hall, supplies, $1.22; Kerr Bros., supplies, $4.20; W. C. Birch, shoeing, $2; H. E. Moon, feed, $41.80; A. Trotter & Son, supplies, $77.50; J. R. Shawke, dressing tools, $5.95; Robert Hall, supplies, $5.63; Milligan Hardware company, supplies, $3.55; Sanitary Reduction company, $100; Ohio Valley Gas company, gas, $11; the Lanning Co., codes, $4.80; Crockery City Ice company, ice, $1.84; health department, salaries, $133.50; Duplex Manufacturing company, supplies, $10; the Ruggles Gale company, record, $8.50; George M. Adam, labor, $1.

Several bills were held over for the consideration of the council. There is probably nothing wrong in the accounts, but the claims committee was not clear, and they were held over. Mr. McConnell did not think the outage for the electric light company had been reported accurately and it was decided to leave the bill until today when the company will be consulted.

All the formalities have been gone through and the law complied with in the matter of paying for the improvement of Springdale street except the preparation and sale of bonds. The amount of the improvement is $178.02, and it will be ordered paid at the meeting of council tonight.

OFFICERS ELECTED

By White Rose Lodge of the Daughters of St. George.

At the meeting held last evening, White Rose lodge No. 25, Daughter's of St. George, elected officers for the next six months. They were installed immediately after the election as follows:

Following is the list of officers installed:

Worthy president, Miss Ada Hildritch; vice president, Mrs. Ethel Greenwood; financial secretary, Miss Ellen Lewis; recording secretary, Mrs. F. A. Harley; treasurer, Mrs. Lucy Massey; chaplain, Mrs. Ann Massey; first conductor, Mrs. Emma Vincent; second conductor, Miss Ada Eardley; inside guard, Mrs. Lizzie Seckerson; outside guard, Miss Rose Lowe.

The Daughters of St. George has the largest membership of any ladies' organization in East Liverpool.

ELEVEN COUNTS

Against Cashier Kinney, of Defunct Belmont Bank, for Alleged False Entries.

Columbus, December 9.—The United States grand jury indicted Cashier Kinney, of the defunct Belmont National bank. Kinney is charged on 11 counts with making false entries on the books of that institution. Kinney was indicted several months ago, but being ill was not brought to court at the last term. It is understood that he will be brought this time, and if too ill to remain will then be returned home.

The re-indictment was made to have it as demurrer-proof as possible. Affidavits of his being too ill to appear in court this term were ignored by Judge Thompson, who wishes to see for himself if the defendant is able to stand trial.

Constipation Will Undermine Your Health.
Mull's Grape Tonic Cures Constipation.

When the sewer of a city becomes stopped up, the refuse backs into the streets where it decays and rots, spreading disease-creating germs throughout the entire city. An epidemic of sickness follows. It is the same way when the bowels fail to work. The undigested food backs into the system and there it rots and decays. From this festering mass the blood saps up all the disease germs, and at every heart beat carries them to every tissue, just as the water works of a city forces impure water into every house. The only way to cure a condition like this is to cure the constipation. Pills and the ordinary cathartics will do no good.

MULL'S GRAPE TONIC
is a crushed fruit tonic-laxative
which permanently cures the affliction. The tonic properties contained in the grape go into every afflicted tissue and creates strength and health. It will quickly restore lost flesh and make rich, red blood. As a laxative its action is immediate and positive, gentle and natural. Mull's Grape Tonic is guaranteed or money back.

REALM OF SPORTS

SMALL BORES IN FAVOR

Sportsmen This Season Are Using Little Guns With Much Satisfaction.

A tendency to use small gauge shot guns is marked this gunning season. There are scores of well posted sportsmen who believe that in a year or more "little fellows," as the guns are called, will predominate. It has been about 15 years since there was a disposition on the part of gunners to abandon the 10 gauge piece as being too destructive, too much like a cannon it was said. The 12 gauge became the standard gun. Now with the advancement of shot guns and powders, together with the skill of sportsmen there is a disposition to give game a better chance.

The fact that the small gauges say, 16, 20 and 28, are not so strong in killing as the standard gun makes it evident that there will be less game grounded. Some persons are disposed to ridicule the stopping power, of the twenties and twenty-eights, but such a veteran sportsman as S. Harry Vandergrift is authority for the statement that he has killed quail 40 and 50 yards away in neat style. Mr. Vandergrift has used nothing else than a 28 during the season drawing to a close, and he finds much enjoyment in swinging the light piece.

After all it is not the amount of game a sportsman gathers that is the fascinating part of sports afield. By far the thrill of having executed a swift or distant shot in tangled brush or thickets tickles the fancy of the gunner who hunts for pleasure. Therefore, a smaller gun will add uncertainty to the pastime and doubt is the life of any recreation.

INDOOR BASEBALL

Some of the Professionals Becoming Ehthusiastic Over It—Tommy Leach's View.

Tommy Leach, third baseman of the Pittsburgs, who is wintering in Allegheny, has word from Cleveland that indoor base ball is more popular than ever.

"It's fine sport," said Tommy. "Two years ago there was but the single league. Last winter there was only one league, but several independent teams were organized. Now there are several leagues. The Forest City league, with eight teams, mostly selected from the various shops which they represent, is drawing 500 people a night to its games.

"Our aim is to get up inter-city games. They are coming, for two leagues have been formed in Chicago. Syracuse has a strong organization and so has Buffalo. Cincinnati has formed a league during the last week, Cy Seymour, Mike Donlin, Heine Peitz, Billy Clingman and other well known professionals being members of one of the teams.

"With the game thus securing a foothold in most of the big cities, it really does not look far off before there will be a regular inter-city league formed, in which Cleveland, Chicago, Cincinnati and Pittsburg will be members. When the game started in Cleveland we drew scarcely a corporal's guard, last year we drew 1,500 upon several occasions."

Several bills were held over for the consideration of the council. There is probably nothing wrong in the accounts, but the claims committee was not clear, and they were held over. Mr. McConnell did not think the outage for the electric light company had been reported accurately and it was decided to leave the bill until today when the company will be consulted.

All the formalities have been gone through and the law complied with in the matter of paying for the improvement of Springdale street except the preparation and sale of bonds. The amount of the improvement is $178.02, and it will be ordered paid at the meeting of council tonight.

ELEVEN COUNTS

Against Cashier Kinney, of Defunct Belmont Bank, for Alleged False Entries.

Columbus, December 9.—The United States grand jury indicted Cashier Kinney, of the defunct Belmont National bank. Kinney is charged on 11 counts with making false entries on the books of that institution. Kinney was indicted several months ago, but being ill was not brought to court at the last term. It is understood that he will be brought this time, and if too ill to remain will then be returned home.

The re-indictment was made to have it as demurrer-proof as possible. Affidavits of his being too ill to appear in court this term were ignored by Judge Thompson, who wishes to see for himself if the defendant is able to stand trial.

Licensed to Marry.

Lisbon, December 9.—(Special.)—Joseph M. Close, New Franklin, and Miss Edna Blanchard, Moultrie; L. K. Worstell, Wellsville, and Jennie W. Bradley, East Liverpool, have been licensed to marry.

Constipation Will Undermine Your Health.

Mull's Grape Tonic Cures Constipation.

When the sewer of a city becomes stopped up, the refuse backs into the streets where it decays and rots, spreading disease-creating germs throughout the entire city. An epidemic of sickness follows. It is the same way when the bowels fail to work. The undigested food backs into the system and there it rots and decays. From this festering mass the blood saps up all the disease germs, and at every heart beat carries them to every tissue, just as the water works of a city forces impure water into every house. The only way to cure a condition like this is to cure the constipation. Pills and the ordinary cathartics will do no good.

MULL'S GRAPE TONIC
is a crushed fruit tonic-laxative
which permanently cures the affliction. The tonic properties contained in the grape go into every afflicted tissue and creates strength and health. It will quickly restore lost flesh and make rich, red blood. As a laxative its action is immediate and positive, gentle and natural. Mull's Grape Tonic is guaranteed or money back.

REALM OF SPORTS

SMALL BORES IN FAVOR

Sportsmen This Season Are Using Little Guns With Much Satisfaction.

A tendency to use small gauge shot guns is marked this gunning season. There are scores of well posted sportsmen who believe that in a year or more "little fellows," as the guns are called, will predominate. It has been about 15 years since there was a disposition on the part of gunners to abandon the 10 gauge piece as being too destructive, too much like a cannon it was said. The 12 gauge became the standard gun. Now with the advancement of shot guns and powders, together with the skill of sportsmen there is a disposition to give game a better chance.

The fact that the small gauges say, 16, 20 and 28, are not so strong in killing as the standard gun makes it evident that there will be less game grounded. Some persons are disposed to ridicule the stopping power, of the twenties and twenty-eights, but such a veteran sportsman as S. Harry Vandergrift is authority for the statement that he has killed quail 40 and 50 yards away in neat style. Mr. Vandergrift has used nothing else than a 28 during the season drawing to a close, and he finds much enjoyment in swinging the light piece.

After all it is not the amount of game a sportsman gathers that is the fascinating part of sports afield. By far the thrill of having executed a swift or distant shot in tangled brush or thickets tickles the fancy of the gunner who hunts for pleasure. Therefore, a smaller gun will add uncertainty to the pastime and doubt is the life of any recreation.

INDOOR BASEBALL

Some of the Professionals Becoming Ehthusiastic Over It—Tommy Leach's View.

Tommy Leach, third baseman of the Pittsburgs, who is wintering in Allegheny, has word from Cleveland that indoor base ball is more popular than ever.

"It's fine sport," said Tommy. "Two years ago there was but the single league. Last winter there was only one league, but several independent teams were organized. Now there are several leagues. The Forest City league, with eight teams, mostly selected from the various shops which they represent, is drawing 500 people a night to its games.

"Our aim is to get up inter-city games. They are coming, for two leagues have been formed in Chicago. Syracuse has a strong organization and so has Buffalo. Cincinnati has formed a league during the last week, Cy Seymour, Mike Donlin, Heine Peitz, Billy Clingman and other well known professionals being members of one of the teams.

"With the game thus securing a foothold in most of the big cities, it really does not look far off before there will be a regular inter-city league formed, in which Cleveland, Chicago, Cincinnati and Pittsburg will be members. When the game started in Cleveland we drew scarcely a corporal's guard, last year we drew 1,500 upon several occasions."

IT WILL COME BACK

Some East Liverpool Residents Have Learned How to Keep it Away.

Your back may not ache very long.
But the ache will return shortly.
Comes oftener—stays longer.
Unless the kidneys are relieved.
Doan's kidney pills cure all kidney ills.

East Liverpool people endorse them.

Mr. Robert M. Newell, carpenter, of West Fifth street, says: "If everyone receives the same results as I from the course of treatment prescribed by Doan's Kidney Pills, my advice is, go to Larkins' drug store, procure a box, take them according to directions and the results will inevitably follow. One box effected a cure in my case, the particulars of which I will only be too pleased to give to anyone personally calling upon me."

REAL ENJOYMENT.

The woman who reads this will understand to the full what Mrs. Tipton meant when she says: "I am enjoying good health." It takes a person who has been made wretched by sickness to understand the joy of health.

There are very many women who suffer as did Mrs. Tipton, who might be cured as she was by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness. It makes weak women strong, sick women well.

"It is with pleasure I recommend Dr. Pierce's medicine," writes Mrs. Nora Tipton, of Cropper (Cropper Station), Shelby Co., Kentucky. "You remember my case was one of female weakness and weak lungs. I had no appetite and would often spit blood; was confined to my bed almost half of the time and could hardly stand on my feet at times for the pains through my whole body and system. My husband had to pay large doctor bills for me, but since I have taken four bottles of Dr. Pierce's Golden Medical Discovery, four of 'Favorite Prescription' and three vials of 'Pleasant Pellets' we haven't paid any more doctor bills. It had been seven months since I stopped using Dr. Pierce's medicines and I have been enjoying good health all the time. I can never praise these medicines too highly, for I have received so much benefit. I pray that many who suffer as I did will take Dr. Pierce's medicines. I am sure they will never fail to cure when given a fair trial. Everybody tells me I look better than they ever saw me. I am sure I feel better than I ever did before."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets are a ladies' laxative. No other medicine equals them for gentleness and thoroughness.

WIN MERCER'S LUCK

Served Him in Good Stead—Came Near Losing $5,000 in Cold Cash.

Win Mercer, the well-known pitcher, who is touring the far west with the All-Americans in their series of settos with the All-Nationals, had a close shave of being worked out of $5,000 a few days ago, says a Sacramento dispatch.

Mercer is serving as treasurer of the tourists. While the teams were playing at the Sacremento park, the hotel clerk received a note signed, "Winnie Mercer," asking for the "envelops" in the safe. The clerk gave the fattest envelope of the two to the messenger. Fifteen minutes later another messenger came with the envelops with a note to the effect that, "I can't make a bet with railroad tickets," and asking for the other envelope, and also that belonging to "Joss, of the Cleveland team."

The hotel clerk became suspicious and asked "Happy Jack" Chesbro to the ball park. Chesbro did so and found that Mercer and Joss had not sent for the envelopes. Mercer's contained $5,000 and Joss' $600. Lucky lad always was Win.

ANOTHER GAME

Sebring And the Brewery A. C. Will Play at Lisbon Next Saturday.

East Liverpool will figure in another post-season foot ball game, a gridiron contest having been arranged between the Sebring and the Brewery A. C. teams. The local team has made an excellent record this season against teams of near its own weight, and Captain Brock hopes to end the season with a victory. The game is scheduled for Saturday, December 13, and will be played at Lisbon. Following is the way the teams will line up:

Brewery A. C.—Powell, center; Myers, right guard; Burgess, left guard; Beatty, right tackle; Smith, left tackle; Price, right end; Watkins, left end; Bridge, fullback; Mountford, right half; Brock, left half; Furnival, quarterback.

Sebring—Gilmore, center; Hetchel, right guard; Barnes, left guard; Leece, right tackle; Baxter, left tackle; Harvey, right end; Wilson, left end; Milter, fullback; Karr, right half; Croggwell, left half; Smith, quarterback.

Dizzy Spells, Pain and Choking.

Dr. Miles' Heart Cure Saved My Life.

Dr. Miles' Heart Cure is sure to do what no other medicine can do. If your heart troubles you, you cannot afford delay or mistake in choice of a remedy. For many years this preparation has been curing cases that otherwise would not have been cured. Read what it has done for others. It will do the same for you:

"I write you this letter through gratitude for the benefit I have received by taking your valuable remedies. For three years I was subject to dizzy spells, sometimes several in a day. When I had them I could not raise my head from the pillow. My heart was greatly affected and I frequently had spells of severe palpitation and fluttering, pain, tenderness, choking sensations, could not lie on my left side and was not able to do any work. I called a doctor who helped me some but the dizzy spells grew more frequent and I was so very nervous that I did not care to live. One day I asked the Lord to take me from this world or put my eyes on something that would help me. The first paper I took up was a New York paper and in it I saw your advertising. My husband got me three bottles of Dr. Miles' Heart Cure and Nervine and one box of Dr. Miles' Anti-Pain Pills since which time I have had no more dizzy spells. I can lie on either side and sleep all night. I have been able to do my own work for three years. Dr. Miles' Heart Cure saved my life."—Mrs. R. H. Burch, Burch, S. D.

Highest Ever Paid for a Pacer.

M. W. Savage, of Minneapolis, has bought Dan Patch, the famous unbeaten pacer of M. S. Sturgis, of New York, for $60,000. M. E. McHenry, who has driven the horse many a fast mile and scored 1:59¼ with him, has signed a contract with Mr. Savage to handle the horse for the racing seasons of 1903 and 1904. The racer is to be brought to Minneapolis. The price is said to be the highest ever paid for a pacer.

Prizes For Game Birds.

WRONG TELEPHONE USED

For That Reason a Canton Physician Is Expelled from His Medical Society.

Canton, December 9.—Dr. C. E. Exline, a well known physician of Canton, has been expelled from the Canton Medical society, and he may carry the matter into the courts.

The expulsion of Dr. Exline is due to the bitter war between the two telephone companies in the city. During the heat of this fight the medical society decided to use only the service of the Stark County Telephone company. Dr. Exline installed a Bell telephone in his office and the medical society, at a special meeting, ostracized him and now has expelled him.

TOO FAT

is the condition of thousands who suffer from shortness of breath, torpid liver, heart palpitation, weak kidneys, lame back, abnormal appetite or capricious heat flushes and acute perspiration. How many otherwise cheerful and happy people become morose, sullen and unhappy and become a burden to themselves because of the affliction of being "too fat" with all its attendant ills. "Blood Wine" will reduce the excessive flesh by removing the cause, viz., the germs that float in the blood and fluids.

"Blood Wine" contains exactly the elements which go to correct all the evils of obesity, cleanse and purify the blood, restrict the temperature, remove obstructions from the liver and kidneys; and give you a chance to live right, eat right and breathe right. Fifty cents a bottle.

DEAD MEN PAID RENT.

Witnesses Testify That Markle & Co. Withheld Last Money Earned by Husbands.

CHILDREN PAID DEBT OF DEAD.

Testimony to Show that Groceries in Mining Districts Advanced in Price 30 Per Cent in the Last Two Years and Meats 23 1-5 Per Cent.

Scranton, Dec. 9.—Almost the entire time of the day's session of the coal strike commission was taken up by the mine workers in presenting their side of the controversy with G. B. Markle & Co., in the Hazleton regions. The miners placed witnesses on the stand who gave testimony to show that the company refused to employ them because they belonged to the union; had evicted them from their houses for the same cause; that the docking system was intolerable; that the question of the men getting the 10 per cent in wages granted as a result of the 1900 strike is much in doubt, because the men do not see how the company is figuring out the price in powder, which enters into the computation of the increase, and that the size of the mine cars has increased, but the wages have not. Two Hungarian women, one of them the mother of the boy who testified on Saturday, were placed on the stand and told how the Markle company deducted house rent from the last wages of their husbands, who were killed in the mines, and how the company attempted to get them to sign a paper which would absolve the Markles from damages for the death of the men. The women also confirmed the story told by the breaker boy, that the children had to work without pay until the debt owed by the dead fathers was paid off.

The Markle company was not represented by its own lawyers before the commission, although it had ample notice that testimony affecting their colliery would be presented. The commissioners expect the company to bring on evidence in rebuttal to the stories told by witnesses on Saturday and yesterday.

Commissioners Surprised.

The commissioners were very much surprised yesterday to learn that the 10 per cent increase granted in 1900 was not a straightout raise in wages, but instead a 2½ per cent increase and a reduction in powder of 7½ per cent, making the net increase in earnings 10 per cent, which the miners claim is not being paid by the Markle company through some way of figuring they do not understand. The question came in for considerable discussion and no one in the court room could give the commission a satisfactory explanation.

The commissioners yesterday made another request on the companies to present figures as quickly as possible, and as a result the Erie company, late in the day, submitted its statistics regarding wages, hours and other data relating to the subject. The data made quite a large bundle.

J. W. Rittenhouse, secretary of the Retail Grocers' association, testified that figures given by 25 retail merchants in the upper coal fields showed that groceries had advanced 30 per cent over the prices of two years ago. John D. Hughes, Scranton manager for Armour & Co., testified that meats had advanced 23 1-5 per cent in the same period.

Yesterday's session was extended to 4:30 p. m., and this will be the hour for adjournment hereafter, the commissioners feeling that more rapid progress can be made by longer sittings.

Council of Jewish Women.

Baltimore, Dec. 9.—At yesterday's session of the national convention of the council of Jewish women addresses were delivered by Dr. Ira Remsen, president of Johns Hopkins university, on "Higher Education for Women," and by Charles J. Bonaparte on "Civil Service." Mrs. Flora M Schwab, of Cleveland, chairman of the committee on philanthropy, read a report.

Escaped Murderer Caught.

Stroudsburg, Pa., Dec. 9.—Charles Grether, the notorious murderer, who broke jail Sunday, has been caugat near Spragueville, this county. He was located by some boys and when discovered took refuge in a barn. He was captured after a desperate fight. This is the second time that Grether has broken jail.

Five Vessels Ashore.

St. Johns, N. F., Dec. 9.—The bliz zard is still raging, and five schooners the Ellen James, Arbitrator, Industry All Right and Rogers, have been driven ashore on different parts of the coast. Three of the vessels were laden with fish and the other two with provisions. All the crews escaped.

Found Dead.

Toledo, Dec. 9.—Jacob Linseder, a well-known business man of East Liverpool, died yesterday at Dr. Tower's hospital, having been asphyxiated. He was found in his bed yesterday morning with two gas jets open. Linseder recently lost considerable money.

Woman on Trial for Murder.

Toledo, Dec. 9.—Mrs. Dora Lightner, charged with the murder of Miss Lucy Wheeler, was placed on trial yesterday. She is 25 years of age, and great interest is being taken in the trial. A jury was secured.

Two severe cases of Ovarian Trouble and two terrible operations avoided. Mrs. Emmons and Mrs. Coleman each tell how they were saved by the use of **Lydia E. Pinkham's Vegetable Compound.**

"DEAR MRS. PINKHAM:—I am so pleased with the results obtained from **Lydia E. Pinkham's Vegetable Compound** that I feel it a duty and a privilege to write you about it.

"I suffered for more than five years with **ovarian troubles,** causing an unpleasant discharge, a great weakness, and at times a faintness would come over me which no amount of medicine, diet, or exercise seemed to correct. Your Vegetable Compound found the weak spot, however, within a few weeks—**and saved me from an operation**—all my troubles had disappeared, and I found myself once more healthy and well. Words fail to describe the real, true, grateful feeling that is in my heart, and I want to tell every sick and suffering sister. Don't dally with medicines you know nothing about, but take **Lydia E. Pinkham's Vegetable Compound,** and take my word for it, you will be a different woman in a short time."—MRS. LAURA EMMONS, Walkerville, Ont.

Another Case of Ovarian Trouble Cured Without an Operation.

"DEAR MRS. PINKHAM:—For several years I was troubled with ovarian trouble and a painful and inflamed condition, which kept me in bed part of the time. I did so dread a surgical operation.

"I tried different remedies hoping to get better, but nothing seemed to bring relief until a friend who had been cured of **ovarian trouble,** through the use of your compound, induced me to try it. I took it faithfully for three months, and at the end of that time was glad to find that I was a well woman. Health is nature's best gift to woman, and if you lose it and can have it restored through Lydia E. Pinkham's Vegetable Compound I feel that all suffering women should know of this."—MRS. LAURA BELLE COLEMAN, Commercial Hotel, Nashville, Tenn.

It is well to remember such letters as above when some druggist tries to get you to buy something which he says is "just as good." That is impossible, as no other medicine has such a record of cures as **Lydia E. Pinkham's Vegetable Compound;** accept no other and you will be glad.

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat you with kindness and her advice is free. No woman ever regretted writing her and she has helped thousands. Address Lynn, Mass.

$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

TAKES A VACATION

John Burford Goes to England For the Second Time in 47 Years.

John Burford, an old resident of East Liverpool, left this city this morning on an extended visit to his native country, England. Mr. Burford is between 55 and 60 years of age and has been a resident of this city for 47 years. He was born in England but came to America in 1855 and came direct to East Liverpool where he has ever since made his home.

Since coming to America Mr. Burford has been England but once and then only for a few months. This time he expects to remain till spring and has not yet fully decided just where he will spend all his time. He contemplates an extensive trip and among other places will spend considerable time in Wales. While a native of England Mr. Burford is satisfied to make his adopted country his home.

All his business affairs were placed in tip top condition before he left and preparations were taken for an extended absence. Mr. Burford has been connected with the pottery business in this city almost since the establishment of that industry here, and has made many warm friends during the years of his residence here.

WEATHER STRIP WEATHER

Mr. Man, who pays the coal and gas bills, you'll run plumb into it almost before you know it. Don't try to heat all out doors, but put on a few feet of weather strips and get the full benefit of the fuel you burn. The right kinds are here, sir, properly priced.

TOO FAT

is the condition of thousands who suffer from shortness of breath, torpid liver, heart palpitation, weak kidneys, lame back, abnormal appetite or capricious heat flushes and acute perspiration. How many otherwise cheerful and happy people become morose, sullen and unhappy and become a burden to themselves because of the affliction of being "too fat" with all its attendant ills. "Blood Wine" will reduce the excessive flesh by removing the cause, viz., the germs that float in the blood and fluids.

"Blood Wine" contains exactly the elements which go to correct all the evils of obesity, cleanse and purify the blood, restrict the temperature, remove obstructions from the liver and kidneys; and give you a chance to live right, eat right and breathe right. Fifty cents a bottle.

DEAD MEN PAID RENT.

Witnesses Testify That Markle & Co. Withheld Last Money Earned by Husbands.

CHILDREN PAID DEBT OF DEAD.

Testimony to Show that Groceries in Mining Districts Advanced in Price 30 Per Cent in the Last Two Years and Meats 23 1-5 Per Cent.

Scranton, Dec. 9.—Almost the entire time of the day's session of the coal strike commission was taken up by the mine workers in presenting their side of the controversy with G. B. Markle & Co., in the Hazleton regions. The miners placed witnesses on the stand who gave testimony to show that the company refused to employ them because they belonged to the union; had evicted them from their houses for the same cause; that the docking system was intolerable; that the question of the men getting the 10 per cent in wages granted as a result of the 1900 strike is much in doubt, because the men do not see how the company is figuring out the price in powder, which enters into the computation of the increase, and that the size of the mine cars has increased, but the wages have not. Two Hungarian women, one of them the mother of the boy who testified on Saturday, were placed on the stand and told how the Markle company deducted house rent from the last wages of their husbands, who were killed in the mines, and how the company attempted to get them to sign a paper which would absolve the Markles from damages for the death of the men. The women also confirmed the story told by the breaker boy, that the children had to work without pay until the debt owed by the dead fathers was paid off.

The Markle company was not represented by its own lawyers before the commission, although it had ample notice that testimony affecting their colliery would be presented. The commissioners expect the company to bring on evidence in rebuttal to the stories told by witnesses on Saturday and yesterday.

Commissioners Surprised.

The commissioners were very much surprised yesterday to learn that the 10 per cent increase granted in 1900 was not a straightout raise in wages, but instead a 2½ per cent increase and a reduction in powder of 7½ per cent, making the net increase in earnings 10 per cent, which the miners claim is not being paid by the Markle company through some way of figuring they do not understand. The question came in for considerable discussion and no one in the court room could give the commission a satisfactory explanation.

The commissioners yesterday made another request on the companies to present figures as quickly as possible, and as a result the Erie company, late in the day, submitted its statistics regarding wages, hours and other data relating to the subject. The data made quite a large bundle.

J. W. Rittenhouse, secretary of the Retail Grocers' association, testified that figures given by 25 retail merchants in the upper coal fields showed that groceries had advanced 30 per cent over the prices of two years ago. John D. Hughes, Scranton manager for Armour & Co., testified that meats had advanced 23 1-5 per cent in the same period.

Yesterday's session was extended to 4:30 p. m., and this will be the hour for adjournment hereafter, the commissioners feeling that more rapid progress can be made by longer sittings.

Council of Jewish Women.

Baltimore, Dec. 9.—At yesterday's session of the national convention of the council of Jewish women addresses were delivered by Dr. Ira Remsen, president of Johns Hopkins university, on "Higher Education for Women," and by Charles J. Two severe cases of Ovarian Trouble and two terrible operations avoided. Mrs. Emmons and Mrs. Coleman each tell how they were saved by the use of **Lydia E. Pinkham's Vegetable Compound.**

"DEAR MRS. PINKHAM:—I am so pleased with the results obtained from **Lydia E. Pinkham's Vegetable Compound** that I feel it a duty and a privilege to write you about it.

"I suffered for more than five years with **ovarian troubles,** causing an unpleasant discharge, a great weakness, and at times a faintness would come over me which no amount of medicine, diet, or exercise seemed to correct. Your Vegetable Compound found the weak spot, however, within a few weeks—**and saved me from an operation**—all my troubles had disappeared, and I found myself once more healthy and well. Words fail to describe the real, true, grateful feeling that is in my heart, and I want to tell every sick and suffering sister. Don't dally with medicines you know nothing about, but take **Lydia E. Pinkham's Vegetable Compound,** and take my word for it, you will be a different woman in a short time."—MRS. LAURA EMMONS, Walkerville, Ont.

Another Case of Ovarian Trouble Cured Without an Operation.

"DEAR MRS. PINKHAM:—For several years I was troubled with ovarian trouble and a painful and inflamed condition, which kept me in bed part of the time. I did so dread a surgical operation.

"I tried different remedies hoping to get better, but nothing seemed to bring relief until a friend who had been cured of **ovarian trouble,** through the use of your compound, induced me to try it. I took it faithfully for three months, and at the end of that time was glad to find that I was a well woman. Health is nature's best gift to woman, and if you lose it and can have it restored through Lydia E. Pinkham's Vegetable Compound I feel that all suffering women should know of this."—MRS. LAURA BELLE COLEMAN, Commercial Hotel, Nashville, Tenn.

It is well to remember such letters as above when some druggist tries to get you to buy something which he says is "just as good." That is impossible, as no other medicine has such a record of cures as **Lydia E. Pinkham's Vegetable Compound;** accept no other and you will be glad.

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat you with kindness and her advice is free. No woman ever regretted writing her and she has helped thousands. Address Lynn, Mass.

$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

REALM OF SPORTS

SMALL BORES IN FAVOR

Sportsmen This Season Are Using Little Guns With Much Satisfaction.

A tendency to use small gauge shot guns is marked this gunning season. There are scores of well posted sportsmen who believe that in a year or more "little fellows," as the guns are called, will predominate. It has been about 15 years since there was a disposition on the part of gunners to abandon the 10 gauge piece as being too destructive, too much like a cannon it was said. The 12 gauge became the standard gun. Now with the advancement of shot guns and powders, together with the skill of sportsmen there is a disposition to give game a better chance.

The fact that the small gauges say, 16, 20 and 28, are not so strong in killing as the standard gun makes it evident that there will be less game grounded. Some persons are disposed to ridicule the stopping power, of the twenties and twenty-eights, but such a veteran sportsman as S. Harry Vandergrift is authority for the statement that he has killed quail 40 and 50 yards away in neat style. Mr. Vandergrift has used nothing else than a 28 during the season drawing to a close, and he finds much enjoyment in swinging the light piece.

After all it is not the amount of game a sportsman gathers that is the fascinating part of sports afield. By far the thrill of having executed a swift or distant shot in tangled brush or thickets tickles the fancy of the gunner who hunts for pleasure. Therefore, a smaller gun will add uncertainty to the pastime and doubt is the life of any recreation.

INDOOR BASEBALL

Some of the Professionals Becoming Ehthusiastic Over It—Tommy Leach's View.

Tommy Leach, third baseman of the Pittsburgs, who is wintering in Allegheny, has word from Cleveland that indoor base ball is more popular than ever.

"It's fine sport," said Tommy. "Two years ago there was but the single league. Last winter there was only one league, but several independent teams were organized. Now there are several leagues. The Forest City league, with eight teams, mostly selected from the various shops which they represent, is drawing 500 people a night to its games.

"Our aim is to get up inter-city games. They are coming, for two leagues have been formed in Chicago. Syracuse has a strong organization and so has Buffalo, Cincinnati has formed a league during the last week, Cy Seymour, Mike Donlin, Heine Peitz, Billy Clingman and other well known professionals being members of one of the teams.

"With the game thus securing a foothold in most of the big cities, it really does not look far off before there will be a regular inter-city league formed, in which Cleveland, Chicago, Cincinnati and Pittsburg will be members. When the game started in Cleveland we drew scarcely a corporal's guard, last year we drew 1,500 upon several occasions."

REAL ENJOYMENT.

The woman who reads this will understand to the full what Mrs. Tipton meant when she says: "I am enjoying good health." It takes a person who has been made wretched by sickness to understand the joy of health.

There are very many women who suffer as did Mrs. Tipton, who might be cured as she was by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness. It makes weak women strong, sick women well.

"It is with pleasure I recommend Dr. Pierce's medicine," writes Mrs. Nora Tipton, of Cropper (Cropper Station), Shelby Co., Kentucky. "You remember my case was one of female weakness and weak lungs. I had no appetite and would often spit blood; was confined to my bed almost half of the time and could hardly stand on my feet at times for the pains through my whole body and system. My husband had to pay large doctor bills for me, but since I have taken four bottles of Dr. Pierce's Golden Medical Discovery, four of 'Favorite Prescription' and three vials of 'Pleasant Pellets' we haven't paid any more doctor bills. It had been seven months since I stopped using Dr. Pierce's medicines and I have been enjoying good health all the time. I can never praise these medicines too highly, for I have received so much benefit. I pray that many who suffer as I did will take Dr. Pierce's medicines. I am sure they will never fail to cure when given a fair trial. Everybody tells me I look better than they ever saw me. I am sure I feel better than I ever did before."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets are a ladies' laxative. No other medicine equals them for gentleness and thoroughness.

Dizzy Spells, Pain and Choking.

Dr. Miles' Heart Cure Saved My Life.

Dr. Miles' Heart Cure is sure to do what no other medicine can do. If your heart troubles you, you cannot afford delay or mistake in choice of a remedy. For many years this preparation has been curing cases that otherwise would not have been cured. Read what it has done for others. It will do the same for you:

"I write you this letter through gratitude for the benefit I have received by taking your valuable remedies. For three years I was subject to dizzy spells, sometimes several in a day. When I had them I could not raise my head from the pillow. My heart was greatly affected and I frequently had spells of severe palpitation and fluttering, pain, tenderness, choking sensations, could not lie on my left side and was not able to do any work. I called a doctor who helped me some but the dizzy spells grew more frequent and I was so very nervous that I did not care to live. One day I asked the Lord to take me from this world or put my eyes on something that would help me. The first paper I took up was a New York paper and in it I saw your advertising. My husband got me three bottles of Dr. Miles' Heart Cure and Nervine and one box of Dr. Miles' Anti-Pain Pills since which time I have had no more dizzy spells. I can lie on either side and sleep all night. I have been able to do my own work for three years. Dr. Miles' Heart Cure saved my life."—Mrs. R. H. Burch, Burch, S. D.

CLAIMS APPROVED

By Financial Committee of Council—A Few Accounts Held Over.

Members Johnston and McConnell were present at the meeting of the claims committe last evening when the following bills were passed upon:

Ohio Valley Gas company, $6; Fort Pitt Gas company, 50 cents; S. F. Hayward & Co., supplies, $8.70; Arbuthnot Bros., plumbing, $1.25; C. Metsch, feed, $45.75; James McDole, paint and glass, $5; Milligan Hardware company, supplies, $2.75; D. M. Ogilvie & Co., supplies, $1.44; D. B. Springer, straw, $10.92; A. Trotter & Son, supplies, $3.35; Clem McQuilkin, wagon hire, $3.50; Mrs. Gillespie, laundry, $5; East End Hardware company, supplies, 95 cents; Mrs. Walcott, laundry, $2.50; fire department, salaries, $789; Sarah Haught, salary, $12; J. C. Kelly and assistants, $250.55; John M. Ryan, sewer in Mulberry alley, $181.97; street commissioner and assistants, $667.86; T. V. Thompson, prisoners to works, $31; police department pay roll, $651.82; T. V. Thompson, serving resolutions, $1.50; Willis Davidson, salary, express, etc., $69.40; American Sewer Pipe company, pipe, $52.38; East Liverpool Spring Water company, water, $1; Patterson Foundry company, street crossings, 90 cents; the Wilson Stationery company, supplies, $9.95; Robert Hall, supplies, $1.22; Kerr Bros., supplies, $4.20; W. C. Birch, shoeing, $2; H. E. Moon, feed, $41.80; A. Trotter & Son, supplies, $77.50; J. R. Shawke, dressing tools, $5.95; Robert Hall, supplies, $5.63; Milligan Hardware company, supplies, $3.55; Sanitary Reduction company, $100; Ohio Valley Gas company, gas, $11; the Lanning Co., codes, $4.80; Crockery City Ice company, ice, $1.84; health department, salaries, $133.50; Duplex Manufacturing company, supplies, $10; the Ruggles Gale company, record, $8.50; George M. Adam, labor, $1.

Several bills were held over for the consideration of the council. There is probably nothing wrong in the accounts, but the claims committee was not clear, and they were held over. Mr. McConnell did not think the outage for the electric light company had been reported accurately and it was decided to leave the bill until today when the company will be consulted.

All the formalities have been gone through and the law complied with in the matter of paying for the improvement of Springdale street except the preparation and sale of bonds. The amount of the improvement is $178.02, and it will be ordered paid at the meeting of council tonight.

PEPSIN SYRUP CO.
Monticello, Ill.

Gentlemen,—Some people claim that colds cause more disease than anything else, but I am satisfied that stomach troubles, caused by the rapid life we are living, especially in a large, busy city like Chicago, is the cause of more disease and death than all else combined. I suffered for four years with liver trouble and biliousness, brought on through a distressed and over-loaded stomach, and nothing in the world helped me but

WIN MERCER'S LUCK

Served Him in Good Stead—Came Near Losing $5,000 in Cold Cash.

Win Mercer, the well-known pitcher, who is touring the far west with the All-Americans in their series of settos with the All-Nationals, had a close shave of being worked out of $5,000 a few days ago, says a Sacramento dispatch.

Mercer is serving as treasurer of the tourists. While the teams were playing at the Sacremento park, the hotel clerk received a note signed, "Winnie Mercer," asking for the "envelops" in the safe. The clerk gave the fattest envelope of the two to the messenger. Fifteen minutes later another messenger came with the envelops with a note to the effect that, "I can't make a bet with railroad tickets," and asking for the other envelope, and also that belonging to "Joss, of the Cleveland team."

The hotel clerk became suspicious and asked "Happy Jack" Chesbro to the ball park. Chesbro did so and found that Mercer and Joss had not sent for the envelopes. Mercer's contained $5,000 and Joss' $600. Lucky lad always was Win.

ANOTHER GAME

Sebring And the Brewery A. C. Will Play at Lisbon Next Saturday.

East Liverpool will figure in another post-season foot ball game, a gridiron contest having been arranged between the Sebring and the Brewery A. C. teams. The local team has made an excellent record this season against teams of near its own weight, and Captain Brock hopes to end the season with a victory. The game is scheduled for Saturday, December 13, and will be played at Lisbon. Following is the way the teams will line up:

Brewery A. C.—Powell, center; Myers, right guard; Burgess, left guard; Beatty, right tackle; Smith, left tackle; Price, right end; Watkins, left end; Bridge, fullback; Mountford, right half; Brock, left half; Furnival, quarterback.

Sebring—Gilmore, center; Hetchel, right guard; Barnes, left guard; Leece, right tackle; Baxter, left tackle; Harvey, right end; Wilson, left end; Milter, fullback; Karr, right half; Croggwell, left half; Smith, quarterback.

WRONG TELEPHONE USED

For That Reason a Canton Physician Is Expelled from His Medical Society.

Canton, December 9.—Dr. C. E. Exline, a well known physician of Canton, has been expelled from the Canton Medical society, and he may carry the matter into the courts.

The expulsion of Dr. Exline is due to the bitter war between the two telephone companies in the city. During the heat of this fight the medical society decided to use only the service of the Stark County Telephone company. Dr. Exline installed a Bell telephone in his office and the medical society, at a special meeting, ostracized him and now has expelled him.

OFFICERS ELECTED

Harley; treasurer, Mrs. Lucy Massey; chaplain, Mrs. Ann Massey; first conductor, Mrs. Emma Vincent; second conductor, Miss Ada Eardley; inside guard, Mrs. Lizzie Seckerson; outside guard, Miss Rose Lowe.

The Daughters of St. George has the largest membership of any ladies' organization in East Liverpool.

ELEVEN COUNTS

Against Cashier Kinney, of Defunct Belmont Bank, for Alleged False Entries.

Columbus, December 9.—The United States grand jury indicted Cashier Kinney, of the defunct Belmont National bank. Kinney is charged on 11 counts with making false entries on the books of that institution. Kinney was indicted several months ago, but being ill was not brought to court at the last term. It is understood that he will be brought this time, and if too ill to remain will then be returned home.

The re-indictment was made to have it as demurrer-proof as possible. Affidavits of his being too ill to appear in court this term were ignored by Judge Thompson, who wishes to see for himself if the defendant is able to stand trial.

Constipation Will Undermine Your Health.

Mull's Grape Tonic Cures Constipation.

When the sewer of a city becomes stopped up, the refuse backs into the streets where it decays and rots, spreading disease-creating germs throughout the entire city. An epidemic of sickness follows. It is the same way when the bowels fail to work. The undigested food backs into the system and there it rots and decays. From this festering mass the blood saps up all the disease germs, and at every heart beat carries them to every tissue, just as the water works of a city forces impure water into every house. The only way to cure a condition like this is to cure the constipation. Pills and the ordinary cathartics will do no good.

MULL'S GRAPE TONIC
is a crushed fruit tonic-laxative

which permanently cures the affliction. The tonic properties contained in the grape go into every afflicted tissue and creates strength and health. It will quickly restore lost flesh and make rich, red blood. As a laxative its action is immediate and positive, gentle and natural. Mull's Grape Tonic is guaranteed or money back.

19TH YEAR. NO. 290. EAST LIVERPOOL, O., TUESDAY, DECEMBER 9, 1902. TWO CENTS.

AN ENCOURAGING REPORT MADE BY LOCAL AGENTS OF NEW STREET RAILWAY

Messrs. Kerr and Abrams Found It Easy to Get Rights of Way For Youngstown and Southern.

Attorney John J. Kerr and H. J. Abrams, employed by the Youngstown and Southern Electrical Railroad company to secure rights of way from the land owners along the proposed route to a point about seven mnes from the city, report most encouragingly of the work done up to date and the prospects for the future.

Along that part of the route over which they have been working the land owners, with the exception of a very few, have expressed themselves as being heartily in favor of the railroad being built and have given their word that they will present the company with the right of way gratis.

There are only 15 land owners that come under the work of Messrs. Kerr and Abrams, and all of them plainly see the benefit of the road to themselves and residents of the county in general, and the majority of them are willing to work with all their power for the coveted end. They, however, have been a little backward in enthusiasm, owing to the fact, as they say, that this is not the first time that a company has been over the same territory applying for rights of way, and that when they did give them the privilege to build a road nothing more was heard from them. They are not yet all wholly convinced that the Youngstown & Southern is not another "air" line, though the assurances to the contrary have had their effect with a large number.

While carrying out their work Messrs. Kerr and Abrams have also learned that the company for which they are working is not the only company that is at the present time endeavoring to get a strong hold along the same route. Recently while on one of their trips they accidentally ran on to a gang of surveyors who had been surveying the route, but they were unable to find for what company they were working.

A prominent manufacturer of the city in speaking of the proposed road to a News Review reporter this morning said:

"It will be one of the greatest additions to East Liverpool's prosperity that can be conceived. It will connect the city with the farming districts, and every one knows that East Liverpool, owing to the terrible conditions of country roads, has never had its share of the rural trade in any line. In my opinion the farmers living with-

BOLD ROBBERS

Invade an East End Home in Daylight and Carry Off Money and Valuables.

One of the most daring daylight robberies committed in this city in recent years occurred yesterday afternoon when the home of Mrs. Alice Cramer, of the East End, was entered and money and other valuable articles of almost every description were carried away. Nearly every thing that the robbers could carry was taken, else the loss would perhaps have been greater.

Hal Parker, Abner Williams and Isaac Hoffman, who room at Mrs. Cramer's house were the principal losers.

Almost all of the personal effects was taken including a considerable amount of money, the exact amount of which could not be learned, and nearly all of their wearing apparel which was in their rooms at the time.

Mrs. Cramer is employed as forelady at the Laughlin pottery and was at home during the noon hour. She left her home about 1 o'clock returning at 5 when she made the discovery thar her house had been completely ransacked and without waiting to investigate what the daring robbers had taken immediately notified the police of the robbery.

The officers responded at once but as no one had seen the robbers either enter or leave the house there was practically no clue for them to work on. The thieves had evidently entered the house by the front door as it was left unlocked and was standing open when Mrs. Cramer returned from work.

While the officers are practically without a clue on which to work some of them are inclined to believe that the thieves were familiar with the interior of the Cramer house, as they seemed to know where nearly all of the valuable articles were kept.

NEW CODE LAW ATTACKED IN CINCINNATI PETITION FILED IN SUPREME COURT

It Is Claimed That the Bill Is Invalid and Does Not Have Uniform Application in Ohio.

From a Staff Correspondent.

Columbus, December 9.—(Special.)—The suit of Zumstein on behalf of the city of Cincinnati against Mullen and others, to test the new municipal code, was filed in the supreme court yesterday. The code was upheld by the Hamilton county courts, and the case is an appeal from their ruling. The petition alleges that the code law is invalid for several reasons, one being that it was not regularly enacted on the ground that the adoption of the report of the conference committee did not carry with it the passage of the measure, the enacting vote not being on the bill directly, but upon the report. It is also declared to be special legislation, in that it does not have uniform application throughout the state, this contention being based on the fact that the membership of boards and salaries will not be the same in all cities. It is thought that an early hearing will be allowed in order that the municipalities shall not remain long in suspense as to the standing of the new law.

The trial of the government against Anna T. Miller, charged with blackmail, began here today and gives promise of being replete with sensations. The woman's husband and two attorneys, Thomas E. Steele and Ivor Hughes, leading members of the Franklin county bar, are implicated with her in the alleged blackmailing scheme and will be tried on the same charge. The attorneys were employed by the woman and sent letters to some 50 or more prominent Columbus residents informing them that they would be named as co-respondents in a divorce suit which Miller was to bring against his wife unless they effected some sort of a settlement with the parties involved before the filing of the case. Society is all torn up over the cases.

A million dollar inter-urban — the Cincinnati, Dayton & Fort Wayne Railway company of Dayton—has been incorporated to operate between Dayton and Cincinnati, with a branch to Ft. Wayne, Ind. The fee paid to the state by the corporation was $1,000.

The East Palestine Pottery company has increased its capital stock from $40,000 to $120,000. W. C. Wallace is president.

SALARY QUESTION ONE OF INTEREST

Proposed Compensation for City Officers Under New Municipal Code.

LIST HAS BEEN MADE OUT

And Will Soon Be Brought to the Attention of the City Fathers—What George Peach And Others Propose. Council Soon to Act.

At the time the committees were appointed to formulate plans for the government of the various departments under the new municipal code, no provision was made for the fixing of salaries.

This subject has been given a great deal of consideration by many prominent citizens and interested taxpayers. When the code become operative throughout Ohio all cities may be put to much greater expense than under the old plan. However this may be, it is generally agreed that the government will be much more satisfactory, and it is the desire of the councils in every city to keep down the running expenses to something like the present rate.

Councilman George Peach and several others have consulted upon the question of salaries, and after a very careful consideration have summed up the situation something like this:

Mayor	$1,800
Solicitor	1,000
Auditor	1,200
Member board of public service, per month	50
Member board of public safety, per month	50
President of council	300
Councilmen	150

The matter will soon be brought to the attention of council.

Sixty-Ninth Patient—Sheriff Leonard, who was in town yesterday on his way to Wellsville to take Mrs. James to the Massillon asylum, commented on the increase of insanity, saying she was the sixty-ninth patient taken to Massillon from this county in a year.

CANNOT REPORT THIS EVENING

The Pennsylvania Avenue Equalizing Board Still Has More Work to Do.

PROTESTS YET COMING

An Erron Made By the Assessors In Taxing School Property Discovered And Remedied—Report May Soon Be Finished.

The Pennsylvania avenue equalization board announced this morning that it would be impossible for it to make a report to council at its regular meeting to be held this evening. It was the desire of the board to complete the work today and render its report but this was found to be an impossibility, owing to several unexpected difficulties arising yesterday.

As a result of the board's careful and painstaking task the city will be benefitted, as will numerous property holders along the avenue. It was discovered that the Horace Mann school building in the East End was assessed about $60 by the old assessing board and according to law the assessment can not be made on such property. To be certain that the school property could not be included in the assessment the county auditor was communicated with by telephone yesterday and he stated that it would be strictly illegal. The board then acting on the advice of the auditor applied the $60 to the total amount and will distribute it among the owners in general.

Although it seems all the owners who have a kick to register would have filed them a week or more ago, the board receives a few additional ones daily and the rssult is that when they are beginning to think that their work is nearing a close it is compulsory that they give attention to new objections.

"We do not know the exact date that we will be able to make our report to council," said a member of the board this morning, "but unless something unexpected occurs we will be ready by some day next week, and if there is a special meeting of the city fathers, as we understand there will be, it having been announced that many special meetings will be called within the next few weeks to take action on the new code, we will report at the first opportunity."

COLE EXCISE TAX NETTED OVER MILLION

WHAT CORPORATIONS PAID UNDER THE NEW CODE.

Telephone Companies Contributed Over $40,000 And Telegraph Lines $3,329.

Columbus, December 9.—(Special)—The clerks in the office of the auditor of state yesterday finished checking up the collections paid by the public service corporations of the state under the Cole excise law, passed last winter. The act levied a tax of one per cent. on the gross earnings of these corporations and extended the tax to certain corporations which prior to the enactment had not been subject to this tax. The total amount of fees paid to the state by these corporations under the law was $1,432,097.93, from which it will be seen the gross earnings of these concerns for this year was $145,097.92. The vast inroads the telephone is making in business once held by the telegraph companies may be realized from the fact that the revenue paid by the telephone companies aggregated $40,384.58, while that collected from the telegraph lines amounted to but $3,329.52. The excise tax of last year approximated $600,000; this year it reaches nearly a million and a half.

The receipts under the law for the year were as follows:

Electric light, $24,910.28; artificial gas, $55,751.65; natural gas, $55,678.59; water works, $5,412.28; sleeping car, $1,920.00; pipe line, $61,442.79; messenger and signal, $2,169.97; express, $12,339.65; street railroads, $155,545.01; railroads, $1,010,885.80; freight line, $6,361.10; telephone, $40,384,528; telegraph, $3,395.52; grand total, $1,432,097.92.

FORMER LUNATIC GIVEN A DRINK

The Result Was That He Suddenly Became Crazy Again—May Go to Massillon.

Joseph Bratt, who was about six months ago released from the asylum at Massillon, got drunk yesterday morning and in the evening he was placed under arrest by Officer Aufderheide. When arrested Bratt was raving crazy, and it is thought that he will be returned once more to the Massillon institution. He is single, aged 45, and when sober one of the best kiln-drawers in the city. He had not touched any spirituous liquors since his last return home until yesterday, and it is said that a man gave him a drink, knowing that it would result in the unfortunate man's insanity.

After being locked in a cell Bratt entertained the usual set of loungers around the city hall and the residents in that vicinity with his strictly unharmonious singing. While in his present state he enjoys arguing on what the result would be to East Liverpool were an underground canal built from the city to Lisbon. He steadfastly believes that there will be in a few years an invisible waterway to the county seat and predicts unprecedented prosperity to both cities when the day comes. He is also a strong believer in the improvement of the Ohio and gives the assurance that he will do all in his power to have the locks and dams placed.

THE GRAND LODGE OF OHIO I. O. O. F.

Result of Election — Three Principal Offices All Go to Columbus.

Columbus, December 9.—(Special.)—The result of the election of officers of the Grand lodge of Ohio Odd Fellows, held by the various lodges of the state last week, was announced at state headquarters in this city Saturday night, and shows that C. C. Pavey has been elected grand master; C. H. Lyman grand secretary, and Ivor Hughes grand representative, all of this city.

Mr. Lyman has been re-elected secretary nine consecutive times. All three gentlemen have been identified with the organization in official capacities for many years.

MOTHER'S SUIT AGAINST HER SON

Mrs. Chamberlain Wants $465 on Notes Given by W. B. Chamberlain.

Lisbon, December 9.—(Special.)—Mrs. Lina Chamberlain, of East Liverpool, has filed suit against her son, William B. Chamberlain, for sums aggregating $465, with interest from various dates, July 10, 1900, being the date of the first transaction.

CUT HER HAND BADLY

Miss Lena Morgan Suffers Painful Injury While Working In a Pottery.

Miss Lena Morgan, employed as a rubber at the Wallace & Chetwynd pottery, met with a serious accident while at work this morning. The young lady was engaged in emptying a basket of ware when her hand came in contact with the sharp corner of a broken dish, cutting a gash across the back of her hand severing several leaders. The wound bled profusely and it was only with considerable difficulty that the flow of blood was stopped.

Medical aid was immediately summoned and after the injured member was dressed Miss Morgan was removed to her home.

NEW WARDS OF THE CITY UNDER COMMITTEE'S PLAN

Contrary to expectations the redistricting committee of council succeeded in dividing the city yesterday afternoon at a meeting held at the office of City Solicitor McGarry. The plan of division is an entirely new one, and as the News Review predicted some time ago, was not made with especial regard for any political aspirant's interest. The report to be made by the committee to council tonight will be as follows:

First ward—All the territory lying west of an imaginary line drawn north and south as near as possible with Ralston's crossing as a center.

Second ward—The eastern boundary shall be the western boundary of the First ward and the western boundary shall be the west side of Broadway, thence northward to Calcutta road and thence to the city limits, the west side of the Calcutta road being the west boundary of the Second ward.

Third ward—The eastern boundary shall be the western limits of the Second ward. The western boundary shall be Jackson street and shall include the territory between, running north to Seventh street, thence east to West Market street, and thence north along the east side of West Market and Trentvale streets to the corporate limits.

Fourth ward—This ward shall comprise all the territory west of the western boundary of the Third ward, running from the river to the corporate limits.

It is probable the report will be adopted.

GREEN GOODS MAN IS AFTER VICTIMS

He Is Flooding the City With Circulars Trying to Catch Suckers.

A score of well known men of this city, two of whom are butchers, and a number of Chester people, are in receipt of letters from a green goods man giving as his name, W. W. Deston and his residence Ulster, Pa.

The letters were received yesterday and a report of the attempted victimizing was reported to police headquarters this morning. Mayor Davidson believes the man to be the same who has for years tried the game but who up to date has never been successful in working East Liverpool people. In his communications he represents himself as being an expert engraver, having had years of experience in the bureau of engraving at Washington, D. C. He states that he learned while holding the position enough about making money to enable him to reproduce perfect duplicates of the genuine money. He will give his victims an unlimited amount of the spurious money upon their request accompanied by a little genuine currency.

PROBATE MATTERS

Orders in Relation to Estates Issued in Judge Boone's Court.

Lisbon, December 9.—(Special.)—In the case of Nancy Wilson, administrator of the estate of the late William Wilson, of Wellsville, against Emeline Wilson and others, an order of appraisement and public sale was granted on property in Wellsville. Appraisers, H. W. Sinclair, R. M. Haugh, J. C. Catlett.

An order of private sale on property in Wellsville township has been granted to William Swartz, guardian of John Russell and others, late of Wellsville.

M. L. Edwards, of Salem, has been appointed guardian of Kate Bowman, of Perry township, the ward being now an inmate of the Massillon home; bond $200.

The late J. Frank Van Fossen, of Elkrun township, having left no will, upon application Lyman D. Van Fossen, brother of the deceased, has been appointed administrator of the estate under bond of $3,500. Appraisers, John Patterson, William Patterson and Matthew Coil.

Walter S. Rupprecht, 10 years old, of East Liverpool, has been legally adopted as their son by Mr. and Mrs. Robert D. Twaddell.

FIVE YEAR SENTENCE FOR MARY STARKE

EAST LIVERPOOL GIRL BURGLAR PLEADS GUILTY AS INDICTED.

Sentence Suspended for Ten Days in Effort to Send Her to Girls' School.

Lisbon, December 9.—(Special)—Criminal court resumed its session for this week shortly before noon today. Mary Starke, a youthful incorrogible from East Liverpool, who has been in jail about two months, pleaded guilty to burglary and was given five years in the penitentiary. The governor will be asked to exercise his prerogatives and order commitment to the girls' industrial school at Delaware.

The girl was charged with robbing the home of William G. Heath, during the absence of the family.

The execution of sentence was suspended 10 days to give time to get the case before Gov. Nash.

MINE DISASTER DUE TO GAS

A SCORE OF PERSONS KILLED BY AN EXPLOSION.

It Is Said a Miner Dropped a Stick of Dynamite Creating Havoc.

Wilkesbarre, Pa., December 9.—(Special.)—Another frightful mine disaster occurred here today. By an explosion in the South Wilkesbarre mine, 20 persons were killed and eight badly injured.

The exposion, it is said, was caused by dropping a stick of dynamite, which ignited gas.

A Rather Large Board Bill.

Lisbon, December 9.—(Special.)—In the case of Mary Heineman against Joseph Greiner and others, all of Salem, the plaintiff has filed a new petition fixing her claim at $265.46, with interest from October 1, 1902. The amount is alleged to be due for boarding furnished employes of the defendants. The defendants waived the service of summons and enter their appearance.

Suit Over an Accident.

Lisbon, December 9.—(Special.)—The case of Thomas S. Starkey versus John A. Givens, in which the plaintiff sued for $137.92, held to be due on an open account from Justice L. P. Moore's court in Salem township. The defendant set up a counter claim, and the jury in the case awarded both claims with a difference of $62.24.

REALM OF SPORTS

SMALL BORES IN FAVOR

Sportsmen This Season Are Using Little Guns With Much Satisfaction.

A tendency to use small gauge shot guns is marked this gunning season. There are scores of well posted sportsmen who believe that in a year or more "little fellows," as the guns are called, will predominate. It has been about 15 years since there was a disposition on the part of gunners to abandon the 10 gauge piece as being too destructive, too much like a cannon it was said. The 12 gauge became the standard gun. Now with the advancement of shot guns and powders, together with the skill of sportsmen there is a disposition to give game a better chance.

The fact that the small gauges say, 16, 20 and 28, are not so strong in killing as the standard gun makes it evident that there will be less game grounded. Some persons are disposed to ridicule the stopping power, of the twenties and twenty-eights, but such a veteran sportsman as S. Harry Vandergrift is authority for the statement that he has killed quail 40 and 50 yards away in neat style. Mr. Vandergrift has used nothing else than a 28 during the season drawing to a close, and he finds much enjoyment in swinging the light piece.

After all it is not the amount of game a sportsman gathers that is the fascinating part of sports afield. By far the thrill of having executed a swift or distant shot in tangled brush or thickets tickles the fancy of the gunner who hunts for pleasure. Therefore, a smaller gun will add uncertainty to the pastime and doubt is the life of any recreation.

INDOOR BASEBALL

Some of the Professionals Becoming Ehthusiastic Over It—Tommy Leach's View.

Tommy Leach, third baseman of the Pittsburgs, who is wintering in Allegheny, has word from Cleveland that indoor base ball is more popular than ever.

"It's fine sport," said Tommy. "Two years ago there was but the single league. Last winter there was only one league, but several independent teams were organized. Now there are several leagues. The Forest City league, with eight teams, mostly selected from the various shops which they represent, is drawing 500 people a night to its games.

"Our aim is to get up inter-city games. They are coming, for two leagues have been formed in Chicago. Syracuse has a strong organization and so has Buffalo, Cincinnati has formed a league during the last week, Cy Seymour, Mike Donlin, Heine Peitz, Billy Clingman and other well known professionals being members of one of the teams.

"With the game thus securing a foothold in most of the big cities, it really does not look far off before there will be a regular inter-city league formed, in which Cleveland, Chicago, Cincinnati and Pittsburg will be members. When the game started in Cleveland we drew scarcely a corporal's guard, last year we drew 1,500 upon several occasions."

IT WILL COME BACK

Some East Liverpool Residents Have Learned How to Keep it Away.

Your back may not ache very long.
But the ache will return shortly.
Comes oftener—stays longer.
Unless the kidneys are relieved.
Doan's kidney pills cure all kidney ills.

East Liverpool people endorse them.

Mr. Robert M. Newell, carpenter, of West Fifth street, says: "If everyone receives the same results as I from the course of treatment prescribed by Doan's Kidney Pills, my advice is, go to Larkins' drug store, procure a box, take them according to directions and the results will inevitably follow. One box effected a cure in my case, the particulars of which I will only be too pleased to give to anyone personally calling upon me."

Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

REAL ENJOYMENT.

The woman who reads this will understand to the full what Mrs. Tipton meant when she says: "I am enjoying good health." It takes a person who has been made wretched by sickness to understand the joy of health.

There are very many women who suffer as did Mrs. Tipton, who might be cured as she was by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness. It makes weak women strong, sick women well.

"It is with pleasure I recommend Dr. Pierce's medicine," writes Mrs. Nora Tipton, of Cropper (Cropper Station), Shelby Co., Kentucky. "You remember my case was one of female weakness and weak lungs. I had no appetite and would often spit blood; was confined to my bed almost half of the time and could hardly stand on my feet at times for the pains through my whole body and system. My husband had to pay large doctor bills for me, but since I have taken four bottles of Dr. Pierce's Golden Medical Discovery, four of 'Favorite Prescription' and three vials of 'Pleasant Pellets' we haven't paid any more doctor bills. It had been seven months since I stopped using Dr. Pierce's medicines and I have been enjoying good health all the time. I can never praise these medicines too highly, for I have received so much benefit. I pray that many who suffer as I did will take Dr. Pierce's medicines. I am sure they will never fail to cure when given a fair trial. Everybody tells me I look better than they ever saw me. I am sure I feel better than I ever did before."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets are a ladies' laxative. No other medicine equals them for gentleness and thoroughness.

WIN MERCER'S LUCK

Served Him in Good Stead—Came Near Losing $5,000 in Cold Cash.

Win Mercer, the well-known pitcher, who is touring the far west with the All-Americans in their series of settos with the All-Nationals, had a close shave of being worked out of $5,000 a few days ago, says a Sacramento dispatch.

Mercer is serving as treasurer of the tourists. While the teams were playing at the Sacremento park, the hotel clerk received a note signed, "Winnie Mercer," asking for the "envelops" in the safe. The clerk gave the fattest envelope of the two to the messenger. Fifteen minutes later another messenger came with the envelops with a note to the effect that, "I can't make a bet with railroad tickets," and asking for the other envelope, and also that belonging to "Joss, of the Cleveland team."

The hotel clerk became suspicious and asked "Happy Jack" Chesbro to the ball park. Chesbro did so and found that Mercer and Joss had not sent for the envelopes. Mercer's contained $5,000 and Joss' $600. Lucky lad always was Win.

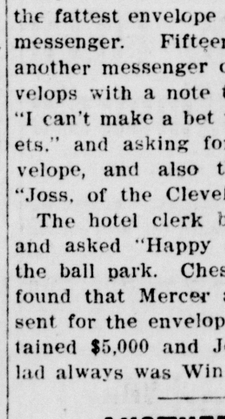

ANOTHER GAME

Sebring And the Brewery A. C. Will Play at Lisbon Next Saturday.

East Liverpool will figure in another post-season foot ball game, a gridiron contest having been arranged between the Sebring and the Brewery A. C. teams. The local team has made an excellent record this season against teams of near its own weight, and Captain Brock hopes to end the season with a victory. The game is scheduled for Saturday, December 13, and will be played at Lisbon. Following is the way the teams will line up:

Brewery A. C.—Powell, center; Myers, right guard; Burgess, left guard; Beatty, right tackle; Smith, left tackle; Price, right end; Watkins, left end; Bridge, fullback; Mountford, right half; Brock, left half; Furnival, quarterback.

Sebring—Gilmore, center; Hetchel, right guard; Barnes, left guard; Leece, right tackle; Baxter, left tackle; Harvey, right end; Wilson, left end; Milter, fullback; Karr, right half; Croggwell, left half; Smith, quarterback.

Prayed

For Death or Relief —Heart Disease.

Dizzy Spells, Pain and Choking.

Dr. Miles' Heart Cure Saved My Life.

Dr. Miles' Heart Cure is sure to do what no other medicine can do. If your heart troubles you, you cannot afford delay or mistake in choice of a remedy. For many years this preparation has been curing cases that otherwise would not have been cured. Read what it has done for others. It will do the same for you:

"I write you this letter through gratitude for the benefit I have received by taking your valuable remedies. For three years I was subject to dizzy spells, sometimes several in a day. When I had them I could not raise my head from the pillow. My heart was greatly affected and I frequently had spells of severe palpitation and fluttering, pain, tenderness, choking sensations, could not lie on my left side and was not able to do any work. I called a doctor who helped me some but the dizzy spells grew more frequent and I was so very nervous that I did not care to live. One day I asked the Lord to take me from this world or put my eyes on something that would help me. The first paper I took up was a New York paper and in it I saw your advertising. My husband got me three bottles of Dr. Miles' Heart Cure and Nervine and one box of Dr. Miles' Anti-Pain Pills since which time I have had no more dizzy spells. I can lie on either side and sleep all night. I have been able to do my own work for three years. Dr. Miles' Heart Cure saved my life."—Mrs. R. H. Burch, Burch, S. D.

Highest Ever Paid for a Pacer.

M. W. Savage, of Minneapolis, has bought Dan Patch, the famous unbeaten pacer of M. S. Sturgis, of New York, for $60,000. M. E. McHenry, who has driven the horse many a fast mile and scored 1:59¼ with him, has signed a contract with Mr. Savage to handle the horse for the racing seasons of 1903 and 1904. The racer is to be brought to Minneapolis. The price is said to be the highest ever paid for a pacer.

Prizes For Game Birds.

At the meeting of the Cleveland Pet Stock and Poultry show, Clarence Barker, of Seventh street, got a first prize on Birchen game cock and fourth and fifth on black breasted Birchen game cocks. The officers of the local Bantam club are Charles Howe, president, and John Pollock, secreatry. The members are enthusiastic and are working hard to make a good show at every exhibit they enter.

WRONG TELEPHONE USED

For That Reason a Canton Physician Is Expelled from His Medical Society.

Canton, December 9.—Dr. C. E. Exline, a well known physician of Canton, has been expelled from the Canton Medical society, and he may carry the matter into the courts.

The expulsion of Dr. Exline is due to the bitter war between the two telephone companies in the city. During the heat of this fight the medical society decided to use only the service of the Stark County Telephone company. Dr. Exline installed a Bell telephone in his office and the medical society, at a special meeting, ostracized him and now has expelled him.

CLAIMS APPROVED

By Financial Committee of Council—A Few Accounts Held Over.

Members Johnston and McConnell were present at the meeting of the claims committe last evening when the following bills were passed upon:

Ohio Valley Gas company, $6; Fort Pitt Gas company, 50 cents; S. F. Hayward & Co., supplies, $8.70; Arbuthnot Bros., plumbing, $1.25; C. Metsch, feed, $45.75; James McDole, paint and glass, $5; Milligan Hardware company, supplies, $2.75; D. M. Ogilvie & Co., supplies, $1.44; D. B. Springer, straw, $10.92; A. Trotter & Son, supplies, $3.35; Clem McQuilkin, wagon hire, $3.50; Mrs. Gillespie, laundry, $5; East End Hardware company, supplies, 95 cents; Mrs. Walcott, laundry, $2.50; fire department, salaries, $789; Sarah Haught, salary, $12; J. C. Kelly and assistants, $250.55; John M. Ryan, sewer in Mulberry alley, $181.97; street commissioner and assistants, $667.86; T. V. Thompson, prisoners to works, $31; police department pay roll, $651.82; T. V. Thompson, serving resolutions, $1.50; Willis Davidson, salary, express, etc., $69.40; American Sewer Pipe company, pipe, $52.38; East Liverpool Spring Water company, water, $1; Patterson Foundry company, street crossings, 90 cents; the Wilson Stationery company, supplies, $9.95; Robert Hall, supplies, $1.22; Kerr Bros., supplies, $4.20; W. C. Birch, shoeing, $2; H. E. Moon, feed, $41.80; A. Trotter & Son, supplies, $77.50; J. R. Shawke, dressing tools, $5.95; Robert Hall, supplies, $5.63; Milligan Hardware company, supplies, $3.55; Sanitary Reduction company, $100; Ohio Valley Gas company, gas, $11; the Lanning Co., codes, $4.80; Crockery City Ice company, ice, $1.84; health department, salaries, $133.50; Duplex Manufacturing company, supplies, $10; the Ruggles Gale company, record, $8.50; George M. Adam, labor, $1.

Several bills were held over for the consideration of the council. There is probably nothing wrong in the accounts, but the claims committee was not clear, and they were held over. Mr. McConnell did not think the outage for the electric light company had been reported accurately and it was decided to leave the bill until today when the company will be consulted.

All the formalities have been gone through and the law complied with in the matter of paying for the improvement of Springdale street except the preparation and sale of bonds. The amount of the improvement is $178.02, and it will be ordered paid at the meeting of council tonight.

OFFICERS ELECTED

By White Rose Lodge of the Daughters of St. George.

Harley; treasurer, Mrs. Lucy Massey; chaplain, Mrs. Ann Massey; first conductor, Mrs. Emma Vincent; second conductor, Miss Ada Eardley; inside guard, Mrs. Lizzie Seckerson; outside guard, Miss Rose Lowe.

The Daughters of St. George has the largest membership of any ladies' organization in East Liverpool.

ELEVEN COUNTS

Against Cashier Kinney, of Defunct Belmont Bank, for Alleged False Entries.

Columbus, December 9.—The United States grand jury indicted Cashier Kinney, of the defunct Belmont National bank. Kinney is charged on 11 counts with making false entries on the books of that institution. Kinney was indicted several months ago, but being ill was not brought to court at the last term. It is understood that he will be brought this time, and if too ill to remain will then be returned home.

The re-indictment was made to have it as demurrer-proof as possible. Affidavits of his being too ill to appear in court this term were ignored by Judge Thompson, who wishes to see for himself if the defendant is able to stand trial.

Licensed to Marry.

Constipation Will Undermine Your Health.
Mull's Grape Tonic Cures Constipation.

When the sewer of a city becomes stopped up, the refuse backs into the streets where it decays and rots, spreading disease-creating germs throughout the entire city. An epidemic of sickness follows. It is the same way when the bowels fail to work. The undigested food backs into the system and there it rots and decays. From this festering mass the blood saps up all the disease germs, and at every heart beat carries them to every tissue, just as the water works of a city forces impure water into every house. The only way to cure a condition like this is to cure the constipation. Pills and the ordinary cathartics will do no good.

MULL'S GRAPE TONIC
is a crushed fruit tonic-laxative which permanently cures the affliction. The tonic properties contained in the grape go into every afflicted tissue and creates strength and health. It will quickly restore lost flesh and make rich, red blood. As a laxative its action is immediate and positive, gentle and natural. Mull's Grape Tonic is guaranteed or money back.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Daughter Born—A daughter has been born to Mr. and Mrs. Harry Dascomb, of Thompson avenue.

Game Reported Off—The Sebring-Rovers football match is reported off. Sebring refused to play if Cartwright is in the game and the Rovers insist on having him.

Lectured On Photography—Dr. W. G. Allyn, in connection with the Amateur photographers' show, last evening, at Carnegie library, gave an interesting lecture on photography.

Fined $1 And Costs—Officers Wood and Bryan arrested Jack Barber last evening while he was beastly drunk, not being able to walk unattended. He pleaded guilty this morning to a charge of intoxication and was fined $1 and costs. He made arrangements to pay the fine and was released.

Horse Ran Away—The horse used by the Woodbine Steam launday in delivering became frightened this afternoon at 1:30 near Peake's grocery in the West End. The animal ran down the street at a rapid gait throwing out the driver and collided with the Galm bakery wagon. The driver as well as the horse escaped injury, aside from a few scratches and bruises.

County Examining Board.

Lisbon, December 9.—(Special.)—The court today appointed the examining board to go over the annual report of the county commissioners for the year ending September 20, 1902. The board is composed as follows: Prosecutor J. H. Brookes, by virtue of his office; C. C. Snyder, Salem; Conrad Hune, Lisbon.

TAKES A VACATION

John Burford Goes to England For the Second Time in 47 Years.

John Burford, an old resident of East Liverpool, left this city this morning on an extended visit to his native country, England. Mr. Burford is between 55 and 60 years of age and has been a resident of this city for 47 years. He was born in England but came to America in 1855 and came direct to East Liverpool where he has ever since made his home.

Since coming to America Mr. Burford has been England but once and then only for a few months. This time he expects to remain till spring and has not yet fully decided just where he will spend all his time. He contemplates an extensive trip and among other places will spend considerable time in Wales. While a native of England Mr. Burford is satisfied to make his adopted country his home.

All his business affairs were placed in tip top condition before he left and preparations were taken for an extended absence. Mr. Burford has been connected with the pottery business in this city almost since the establishment of that industry here, and has made many warm friends during the years of his residence here.

WITH THE WORKMEN IN THE CLAY PLANTS

AT THE WEST END.

Work on the new addition to the West End pottery has been at a standstill since the advent of the cold snap. Since the last report from this busy establishment much has been done on the improvements, which when completed, will almost double its capacity. A part of the old frame building has been torn down and the ground thus vacated will be covered by a modern three story structure. This has not been accomplished without a great deal of inconvenience in the operation of the plant. The kiln room is in the part that is now partly demolished and the members of the kiln crew have but little protection from the biting weather. They are working steadily, however, in spite of this disadvantage. One of the new kilns was set in yesterday and was fired today. The other one will be completed in a week or ten days and another one in the old part has been started. The four decorating kilns will be completed this week and will greatly facilitate the work of filling the remainder of the numerous orders for fall delivery. For the past few days there has been a shortage of ware and the work in the decorating department has been retarded in consequence. Indeed, the confusion attendant upon the work of improvement has been a serious inconvenience all round and at a time when the plant is the busiest in its history. Some time this week the decalcomania department will be moved into temporary quarters in the new structure. The decorating force is to be greatly increased when the new part is completed. Since Manager J. L. Dudley has taken charge of this department the output has been doubled and his reign has been an unqualified success. The plant will have nothing new in dinner or toilet shapes for the spring trade as the ones placed on the market the middle of the year have been excellent trade winners. There will be a number of new decorations, however, and the patterns are in excellent taste. The indications are that the operatives will have a very brief holiday vacation, the plan being to work right along with the exception of Christmas and New Years days. The improvement now in progress will place the West End in the front rank of local potteries.

NEW YORK CONDITIONS.

It is conceded that the heavy buying for this year is well over, and yet there is a smart demand for odds and ends to match up and a call for jobs that finds little response, as there are few or no lots of this kind to be had. If stocks are broken the goods are available, but such is the demand that there is no reason for putting them on the job lot counter. Orders for import for spring delivery are good, and, strange to relate, some excellent lines have been placed for the regular fall delivery. Such a demand at this season of the year is unprecedented and shows that stocks in retailers' hands must be exceedingly short. It does not require a prophet to see that under such circumstances an early and big trade is sure for next season unless some calamity should strike the country. Reports from the various manufacturing centers are to the effect that the demand in those places is fully as good as it is here, and in spite of their best endeavors they are not getting much ahead of their orders. It looks very much as if all the factories would be working on orders right from the start of the new season.

FIRST SINCE 1876.

The "Roosevelt set" is the first official service that has been ordered since 1876. It will be used, not as the every day service of the president and his family, but only for state dinners, banquets and occasions of ceremony. The last official china service purchased was the famous Hayes set, which was made by the Havilands. Since then the steward of the White House at state dinners has been obliged to draw upon the remnants of the Lincoln, Grant and Hayes sets to complete the requirements of the table. Colonel Theodore A. Bingham, custodian of the White House, in his report of the care and maintenance of the presidential mansion, says that at the end of last year there were 143 pieces of the Lincoln, 125 pieces of the Grant, 371 of the Hayes, 30 of the Arthur, 1,745 of the Cleveland, 459 of the Harrison and 321 of the McKinley sets remaining in the White House.

SECOND POTTERY AT CAMERON.

The stockholders of the Cameron, W. Va., Pottery company, held a meeting last Saturday and trapsacted such business as was necessary at the present time for the erection and completion of the pottery plant. They have received their charter and some work has already been done on the grounds. The work will be pushed to completion as rapidly as possible. A second pottery for Cameron is now almost a certainty. A correspondent is informed that a goodly amount of stock has already been subscribed and that there is no fear in the least but that it will all be taken up inside of the next few days. This one will be located in the upper end of town and will of about the same size as the one already secured. Six of the $10,000 capital stock required for a new brick plant has already been subscribed.

TWO WEEKS' VACATION.

It is reported that the East End plant of the East Liverpool Potteries company will shut down in the clay departments on Wednesday, December 10, for a holiday vacation of two weeks. It is planned to make two more biscuit kilns before this time, the last one on the day following the discontinuance of work in the clay part. This will clear up all the ware in the green room. Some necessary repairs will be made during the layoff but the contemplated improvements will not be commenced until next spring. The report has it that three additional kilns will be built and other additions made that will greatly increase the capacity of the plant.

SURPRISED THEIR BOSS.

The members of the kiln crew at the West End pottery gave their bench boss, William Schepp, a big surprise last evening. They, with their friends, repaired to his home on Pleasant street at 8 o'clock burdened with all sorts of good things to eat and several substantial reminders of their respect and esteem. They were gladly welcomed and spent the evening very pleasantly in a social way. Among the presents was a fine silk umbrella from the members of the crew. Mr. Schepp is extremely popular with his fellow workers.

IN NEW YORK.

Among the arrivals in New York, noted in the metropolitan papers are Messrs. F. H. Croxall, E. L. Carson, H. A. Keffer, W. L. Smith, John N. Taylor, and W. E. Vodrey They are all prominently connected with the pottery industry in East Liverpool and took advantage of their trip to Washington for the annual convention of the United States Potters' association held at Washington to run over to New York and attend to business matters. Most of the local delegation have returned and express themselves as highly pleased with the convention.

WEDGEWOOD SPECIALTIES.

Wedgewood & Son, Staffordshire, England, are producing for the American market blue and white plates of ancient historical designs. Landscape views and historical scenes adorn these pieces, the borders being all well designed flowers, the color being a rich blue. Fifty-six subjects are printed in an original way, among which may be mentioned "McKinley Home, Canton" and "Signing of Declaration."

NOTES OF THE POTTERS.

Miss Maud Rose, of the decorating department at the Edwin M. Knowles, is a victim of the mumps.

Leroy Smith, a turner, and Harry Smith, a handle maker, at Murphy's, took the day Saturday and went out on a hunting expedition. They found no game save one rabbit which they caught "setting" on Pleasant Heights. They slipped up from behind and caught him before he could start to run.

Dick Thompson, saucer jiggerman at Thompson's, returned to work yesterday after being idle for a week owing to illness.

Tom Cartwright, who has been a handle maker, at Harker's, has taken a situation as sticker-up at the Taylor, Smith & Taylor.

John Goodwin, a jiggerman and Homer Tyson, a cup handler, employed at the Chelsea plant, New Cumberland, were in the city over Sunday with friends.

Arthur Owen, of the biscuit end at the Union, has taken the agency for a Baltimore oyster firm and is utilizing his spare time taking orders for the luscious bivalves.

NOMINATED OFFICERS.

A considerable amount of business was transacted at the meeting of Printers' and Transferers' local No. 32, which was held in their hall last night. Nominations for officers to serve for the ensuing year were opened last night and the election will take place the last meeting night of this month. At the first meeting night in January the installation of officers will be held.

Ill in Wellsville.

Columbus, December 9.—(Special.)—Mrs. Sarah V. Cope, wife of the late Hon. W. T. Cope, has gone to Wellsville to visit her mother, Mrs. H. C. Robbins, who is ill at the home of her daughter, Mrs. A. E. Bough, of that city.

Telephone connections between the Columbiana County and Beaver companies have been completed.

SCHOOLS HIGHLY PRAISED

A Tribute to the Ability of Prof. C. F. Armour, Formerly of This City.

County Supt. Bayle has the following to say in regard to the Girard, Pa., schools, of which Prof. C. F. Armour formerly of the high school corps of this city, is principal:

"The town of Girard may well be proud of her schools. The Girard high school with her four-years course of study is now prepared to send out graduates whom the best colleges in the land will now throw their doors open to Girard graduates. The curriculum in the Girard high school now puts the school on a par with the four leading first-class high schools of Erie county. Outside of the cities of Erie and Corry we have only four first-class high schools, North East, Union City, Girard and Waterford. These are the only schools in the county that are recognized and placed on the accredited list by our leading colleges. After citing the advantages of the school, Prof. Bayle said that he felt like saying, 'Hurrah for the Girard high schools!'"

Extra Week of Court.

Lisbon, December 9.—(Special.)—The large number of cases which have come before the court this term leaves a number still to be heard, which will probably necessitate a week's assignment after the holidays. This will be practicable, as the January term will not open until the 12th of that month. The court did not dispose of any cases yesterday afternoon, and the jury was excused until 9 o'clock this morning.

TAKES A VACATION

John Burford Goes to England For the Second Time in 47 Years.

John Burford, an old resident of East Liverpool, left this city this morning on an extended visit to his native country, England. Mr. Burford is between 55 and 60 years of age and has been a resident of this city for 47 years. He was born in England but came to America in 1855 and came direct to East Liverpool where he has ever since made his home.

Since coming to America Mr. Burford has been England but once and then only for a few months. This time he expects to remain till spring and has not yet fully decided just where he will spend all his time. He contemplates an extensive trip and among other places will spend considerable time in Wales. While a native of England Mr. Burford is satisfied to make his adopted country his home.

All his business affairs were placed in tip top condition before he left and preparations were taken for an extended absence. Mr. Burford has been connected with the pottery business in this city almost since the establishment of that industry here, and has made many warm friends during the years of his residence here.

We have searched the market over for China in order to get the best and latest designs and patterns at the best and latest prices.

No other store in the city carries so complete a line of Genuine HAVILAND China the year round as we do. We are able at all times to make up sets. We have more open stock goods than ever this season. Our line of German and Austrian China is much larger and better than before. We have not confined ourselves to any one line, but have got the best things out of every line.

We also keep in open stock a full line of Porcelain Ware in Plain and Decorated; that our prices are right is proven by the large amount we sell.

Vase Department.

We feel so positive of success in this department that we nearly doubled our purchases over last year. We have shapes and decorations that are entirely new this year and which will be handled by us exclusively. Part of the line consists of Royal Bonn, Rozane Ware, Bohemian, Austrian and the finest Glass Vases and Bric-a-Brac on the market. In Cut Glass we have some handsome Spoon Trays, Salts and Peppers, Water Bottles and Tumblers, Finger Bowls, Sugar and Cream Sets, Cruets, etc., etc.

Books, Bibles, Etc.

You will find everything desirable in our stock from the latest Copyright Works to the Picture and Story Books for Children. This year we have a complete line of fancy Xmas Cards and Booklets. Our line of Bibles is complete in every respect.

Games, Etc.

Cambinola Boards, Archarena, Carrom Boards Crokinole Boards, Crown Combination Boards, the always popular Parcheesi Game, Chess India, Checkers, Dominos, Chess, Ping-Pong, lots of new and instructive Card Games to please the Children.

EAST END

GAS SHORTAGE NOW AT AN END

FIRES AGAIN BLAZE BRIGHTLY IN EAST END HOMES.

The Deficiency Remedied by Ohio Valley Coming to Ft. Pitt's Assistance.

At last the gas shortage in the East End is at an end. Yesterday the Fort Pitt company made arrangements with the Ohio Valley Gas company to turn its gas in the local mains and since then there has been no complaint on account of the service in any part of the city. A rumor was current in the East End this morning that the Fort Pitt company had sold to the Ohio Valley company, but the transfer of gas to the mains was probably the basis of the report.

The recent poor supply has lost scores of customers for the Ft. Pitt in the Fifth ward of the city and a hundred names have been secured as customers of the other company. At tonight's meeting of the city council the attention of both gas companies will be called to their franchises.

When given franchises in the city they agreed to furnish heat to all residents of the city if desired. Since the recent cold snap started many persons have asked the Ohio Valley company to be placed on its lines. In many cases they have been refused, it is said.

Many of the more enthusiastic have been urging that the franchise be taken away from the Fort Pitt company on account of its inadequate service. Just what action will be taken at council meeting tonight is not known, but the chances are that nothing more than a mere warning to the concerns will be given.

The service of the street car company to the East End this morning was much better than yesterday, and one source of complaint to those obliged to be in the East End has been temporarily removed. It is expected that the Fort Pitt company will use the Ohio Valley gas until its own mains are put in proper condition to bear the increased pressure necessary during this cold weather.

Select the good, avoid the bad, then you will always use Meredith's Diamond Club Pure Rye Whiskey; price fair, goods guaranteed.

WINDOW PRIED OPEN

Alex Chafin's Grocery Visited By a Burglar, Who Was Chased Away.

Alex Chafin, who operates a grocery store in the part of East End that is called Chafinville, reports that his store was visited by a burglar some time Sunday morning. Frank Harmon was returning home about 3:30 Sunday morning past the store and saw a man walking around the building. Harmon hastily gave the alarm and returned in a short time with several other young men armed with clubs, guns and other weapons. However, by that time the intruder had made his escape.

The matter was reported at once to the proprietor, but on examination he found that nothing was missing. The lock to the door had not been broken but the window had been pried open. The affair was reported to the East End police, but there is no clue as to the guilty party.

AN ADDITION BEGUN

The Anderson Porcelain Company Finds Its New Factory Too Small.

The Anderson Porcelain company in the Klondike has begun the erection of an addition to its new plant just recently opened. The kiln shed will be located in this new part and the dimensions of the building will be 68x100 feet. Yesterday the first work for the excavation was done and the material for the building has been hauled to the plant.

When the erection of this plant was first started it was thought that the present building would be large enough to answer all requirements, but since it has been opened it has been found that such is not the case, and the new addition has been started.

Got $250 on a Guess.

Mrs. Samuel Vincent, of Chafinville, was one of the lucky participants in the recent prize contest in the Cincinnati Enquirer. Her guess was within three of being correct and a reward yesterday she received a check from the Enquirer for $250. Mr. Vincent is employed at the flint mill and the prize money will come in very nicely during the winter weather when everything is high.

Thirteen New Members.

Thirteen new members will be initiated by the Orientals Wednesday evening at the P. H. C. hall. An enjoyable time is expected and among the candidates to receive the degree are two candidates before the Republican party for the nomination for mayor They are Dr. R. J. Marshall and Chief of Police T. V. Thompson.

EAST END AFFAIRS.

Frank Chambers was a business visitor in Pittsburg today.

Miss Kate Stamm, of Ohio avenue, is recovering from a serious illness.

Mrs. Archie Putnam and daughter are guests of relatives at Smith's Ferry today.

Robert Larkins, of the East End, was given a pleasant surprise last night by about twelve of his friends. It was the twentieth birthday anniversary of Mr. Larkins and his friends took him completely by surprise. The out of town guests present were: Messrs. Dawson, of Salineville; Myers, of Alliance; and Rogers, of Colebrook.

W. C. Smith, of Railroad street, has commenced the erection of a five room dwelling on that street.

Tom Hayes, of High street, went to Monaca, yesterday to spend several days visiting his daughter, Mrs. Baldwin, of that city.

The little daughter of Mrs. Milton Martin, of Pennsylvania avenue, who has been sick for several days, is reported to be considerably improved.

Mrs. Martin yesterday received a check for $1,400 the amount of the policy carried by her husband in the Ben Hur organization. This claim was paid within two weeks after Mr. Martin's death.

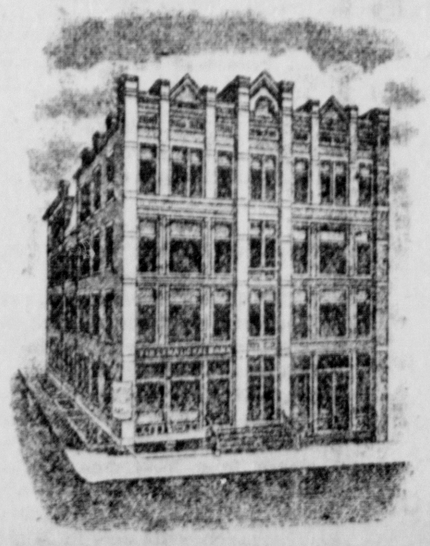

New Wareroom.

A new wareroom is being erected by the Porcelain works in the East End. The dimensions of the building will be 60x100 feet. Work has been commenced on the structure, and it is expected that it will be completed within a comparatively short time.

The attorney general has asked congress to pass a law making it unlawful for telegraph companies to handle messages of those working the "green goods' dodge. Mr. Cochran, chief post office inspector, states that the crop of victims of the green goods men shows no sign of growing less. His inspectors have been making a constant warfare against the men and have arrested many of them. The law is a much needed one. No one should be suffered to assist in fraud, least of all those whose business it is to serve the public.

"A distinguished statesman, a lofty patriot, a cultured scholar and incisive writer, a unique orator, an unmatched debater, a master of logic, wit, satire, the most famous of the world's parliamentarians; the great and representative citizen of the American republic has gone into history." This is the declaration of the national house of representatives concerning Thomas B. Reed, who, after filling a wide place in history, now fills a narrow grave. And the tribute contains not empty words, but fact.

It is claimed that a recently invented system of operating trolley cars will save most of the power which now goes to waste. The estimated actual loss of power furnished and not utilized is now 70 per cent. The electric car, for a new thing, has reached a high state of development, but it is idle to suppose it has reached perfection. The climax of attainment in the perfect utilization of electric energy is yet to come, and the field now being investigated is rich in possibilities.

Secretary of War Root has lately directed his efforts to keeping down the estimates for maintaining the army during the fiscal year beginning in July, 1903; and his care has been rewarded. His estimates for that year are less by $31,420,400 than those for the current year, and less by $20,947,960 than the amount allowed by congress at its last session.

The list of Ohio Republican gubernatorial aspirants is growing. It is a worthy ambition, and one which any citizen has a right to cherish. There is likely to be a good natured but spirited contest for the honor, and a good man is sure to win, because none but good men will enter the field or stand any chance if they do.

New York, following St. Louis, discovers that it has a lot of purchasable city legislators. The evils of bribery will never be checked until the people take the matter in hand and elect men who cannot be bribed. Such men are not so scarce that there ought to be any difficulty in finding them.

The days are very short now, but still long enough to enable the average Christmas shopper to drain his pocketbook without making a two-days' job of it.

Champ Clark told a Cleveland audience the other night that Tom Johnson will become a presidential quantity if he is elected governor of Ohio. Clark, it should be rembered, is a professional humorist, but it will be noted that his prophecy is hampered by a tremenduous "if."

The only Democratic presidential possibilities for 1904 thus far discovered have been found in Republican states. The cutting down of Democratic timber to make room for school houses has been progressing rapidly all through the land of late.

The new code may be more expensive than the old, but with the right men in office it may be possible to cut existing expenses so that the net result will be a gain. The most important thing under the code will be the selection of men to run city affairs.

The school children of West Virginia have chosen the mountain laurel as the state flower. They have exercised commendable good taste. The beauty of this wild flower is something few hot house products can match.

Lazy men will continue to write Christmas with an X. The sacred origin of the word entitles it to more consideration.

Jenkins, of South Carolina, gets another honor and the Tillmans get another chance to get mad.

The cold wave evidently found the Ft. Pitt Gas company in a state of unpreparedness.

OBITUARY

Wm. Gaylor Morris.

William Gaylor Morris died at the home of his mother, 245 Second street, this morning at 6 o'clock after an illness of several months with a complication of diseases which a week ago developed into pneumonia and caused death.

The funeral will be conducted at the house Thursday afternoon at 2 o'clock by the Rev. Edwin Weary, rector of the St. Stephen's Episcopal church. Interment will be made in Spring Grove cemetery.

Mr. Morris was one of the best known men in the city having been a life long resident of East Liverpool. He was in his 47th year and was born in the Morris property which is adjacent to the house in which he died. It is noted as one of the city's landmarks. His father, William P. Morris, who died about 43 years ago, was the first representative Columbiana county ever had at the state capital and was for years a justice of the peace in the city and postmaster for several years, the post office at that time being in the Morris homestead, and it is said by older residents that a more brilliant and industrious man never lived in the city than he.

Besides his mother, Mrs. Delia Morris, who is now 75 years old and critically ill as the result of strenuous exertion in attending her son while on his death bed, and a brother, Charles, who is a carpenter residing in Allegheny, William Gaylor, who was a single man, leaves but two other near relatives, both of them full cousins.

The most noted of the two is Andrew Carnegie, the latter's mother being a sister of Mr. Morris' father. The other living cousin is H. A. Bennett, captain of engine house No. 6, Allegheny. Mr. Bennett stated this morning that he intends informing Mr. Carnegie of William's death, if he can locate the steel king. Mr. Carnegie, in communication with Mrs. Morris, often asked that he be informed of any deaths in the family.

Richard Hetherington.

Salineville, December 9.—(Special)—Richard Hetherington died at his home here at 1 o'clock yesterday morning, aged 74 years. His death was due to dropsy. Mr. Hetherington was one of the best known citizens of the county, having been an Odd Fellow and a prominent citizen. He was born in England, and came to this country 40 years ago. For several years he traveled from place to place, finally settling in Salineville, where he was a miner for 10 years. He is survived by a family of seven children, Robert, William, Joseph, John, Richard and Charles Hetherington, and Mrs. Henry Westlake. The funeral will take place tomorrow afternoon at 1 o'clock, interment to be made at Woodland cemetery.

Thomas Coil.

Lisbon, December 9.—(Special.)—M. E. Coil, of Elkrun township, was called to Kingsville, Mo., last week on account of the death of his brother, Thomas, who has been afflicted with cancer for a number of years. The deceased formerly lived here, but went to Missouri 35 years ago. He was about 55 years old. From Missouri Mr. Coil went up into Iowa to visit his brother John and the latter's son William and while there attended a reunion of the family.

STYLISH LETTERS

Do you write a nice letter? Half that makes a letter look nice is the paper on which it is written. Of course, slovenly lead pencil scratches will spoil the looks of the best paper; but when written neatly with ink, there's nothing more stylish than our **New Boxed Papers, with Envelopes to Match.** Look in our north window and see how dainty and elegant these Writing Papers are.

Continued from First Page.

in 10 miles of the city have always been desirous of trading here, but have gone elsewhere simply because they could get to other points over better routes. If there is a man in this city who will raise any objection to or interference with the railroad company's plans he should lose his right of citizenship.

"The numerous ways in which the road will help the city could not be named. With the new road in operation the city will no longer be at the mercy of one railroad, which has more business than it can attend to. An electric road from here to Youngstown will mean in a very short time a well equipped steam railroad, and then the industries of this city will for the first time have an opportunity to convey their products to outer points with the assurance that they will arrive at a destination on a reasonable time."

WELLSVILLE

POPULATION 8,500

What the Wellsville Police Census, Now Nearly Completed, Indicates.

The Wellsville police officers who have been working on the new census of the city for about six weeks have now nearly completed their work. The census was taken up in a systamatic manner and only a few residents of the town have been missed by the officers.

Each policeman took the census of the ward containing his beat and every street, alley and by-way was thoroughly canvassed, the names of each man, woman and child being registered on the census book.

All of the wards have been completed with the exception of the second, which is in the hands of city building Policeman William Elliott. Officer Elliott has had so much extra work on his hands for the past month that he has been unable to devote much time to this work of taking the census. It will be completed, however, within a few days and then the count will be made by the mayor.

According to the books which have already been turned in the census will barely reach 8,500, which is somewhat of a disappointment. It was expected that the census would show that Wellsville had a population of over 9,500.

SQUEEZED BETWEEN CARS

Brakeman So Badly Hurt He Was Taken To a Hospital.

H. A. Sedgwick, a well known railroad brakeman, was the victim of a serious accident last evening at the plant of the Champion Clay company. While switching some cars on the switch his body was squeezed between two freight cars. It is feared that he was injured internally. Dr. Noble, the railroad physician, was called and after a careful examination advised that he be taken at once to the hospital at Pittsburg.

Ben Hur Entertainment.

The Star of the Valley court, Tribe of Ben Hur, held a very pleasant entertainment and social last evening in their lodge room in Russell's hall on lower Main street. Quite a large crowd were present and an enjoyable evening was spent. A short program was rendered which proved very interesting and showed careful preparation by those who took part. After the regular program was completed light refreshments were served which were also enjoyed. The crowd dispersed shortly after 10 o'clock.

Masons Held a Banquet.

The East Liverpool chapter, Royal Arch Masons, came to Wellsville last evening in a body and visited the local chapter at the lodge rooms. They assisted the Wellsville chapter in conferring Royal Arch degrees upon two Wellsville members and one East Liverpool member. After the work of the evening had been completed, a quiet banquet was held in the lodge rooms in which many delicate dishes were served. The East Liverpool chapter returned at a late hour. All had a pleasant evening.

Serious Freight Wreck.

A freight wreck occurred on the river division of the C. & P. road early this morning at Yellow Creek station in which six cars were derailed and two smashed into kindling wood. The cause of the wreck can not be learned but it is said to have been due to a defective rail. The Wellsville wreck train succeeded in clearing the wreck after three hours work.

Taken to Massillon.

Mrs. Thomas James, who was adjudged insane yesterday morning, was taken to Massillon last evening, where she will be placed in the asylum. Sheriff Leonard came over from Lisbon yesterday afternoon and accompanied the woman to Massillon. It is believed that her mind can be restored to its normal condition after a month's treatment in the hospital.

Each Fined $4.60.

John Durkin and Patrick Sullivan, both in the employ of the Carroll-Porter Boiler works, were arrested Sunday evening by Officer Davis on a charge of being drunk and disorderly. They appeared before the mayor Monday and pleaded guilty to the charge. They were each fined $4.60 which they paid and were released.

Funeral of Richard Barr.

The funeral of Richard Barr, who died Sunday morning, was held at 2 o'clock today from the residence of Mrs. Bertha Porter on Third street. A large crowd was present. Interment was made in Spring Hill cemetery.

POLITICS LIVELY

More Aspirants for Councilmanic Honors—Triangular Fight for Recorder.

Politics is the chief topic of conversation among the voters of Chester. Every day some new candidate for the council is announced. The fight for seats in that body promises to be full of interest and to be hotly contested till the end. Two new candidates have been found. They are J. C. Cunningham in the First ward and J. E. Webster in the Third ward. Both gentlemen are considered excellent candidates.

Only two candidates will be in the field for mayor, J. S. D. Mercer, the present recorder, and Mayor John Shrader. Both gentlemen are making an active canvass among the voters. Three candidates for recorder are mentioned, J. H. Maxwell, John J. Marshall and J. P. West. This three-cornered fight will prove very interesting and will be closely followed by a great majority of voters.

ANOTHED NEW WELL

The Chester Plant Will Have Eight in Operation By December 20.

Another mill is being added to the plant of the Chester Tin Plate company. There are now seven mills in operation at the mill and this new one will be ready for operation about December 20. The mill at Chester, although one of the new ones belonging to the great trust, is as complete as any which have been in operation for many years.

The officials of the trust have taken pains to put nothing but the latest improved machinery in the Chester mill, and consequently have had better results from this plant than from any others of the size belonging to them.

Application For Congo Street Railway Must Be Amended Before Action.

The Hancock county court met in regular session yesterday but little business was to transact. The only matter that was brought before it was the application for a franchise from Congo to Chester for the construction of an electric line between these two points. There were three applications in for this franchise but that of S. B. Goucher, et al., was withdrawn. The other two applications were filed by James Newell, et al., and C. A. Smith.

The court held that the petition of Smith was not specific enough and must be amended. The question will then be brought up at the January term of court.

TOO FAT

is the condition of thousands who suffer from shortness of breath, torpid liver, heart palpitation, weak kidneys, lame back, abnormal appetite or capricious heat flushes and acute perspiration. How many otherwise cheerful and happy people become morose, sullen and unhappy and become a burden to themselves because of the affliction of being "too fat" with all its attendant ills. "Blood Wine" will reduce the excessive flesh by removing the cause, viz., the germs that float in the blood and fluids.

"Blood Wine" contains exactly the elements which go to correct all the evils of obesity, cleanse and purify the blood, restrict the temperature, remove obstructions from the liver and kidneys; and give you a chance to live right, eat right and breathe right. Fifty cents a bottle.

DEAD MEN PAID RENT.

Witnesses Testify That Markle & Co. Withheld Last Money Earned by Husbands.

CHILDREN PAID DEBT OF DEAD.

Testimony to Show that Groceries in Mining Districts Advanced in Price 30 Per Cent in the Last Two Years and Meats 23 1-5 Per Cent.

Scranton, Dec. 9.—Almost the entire time of the day's session of the coal strike commission was taken up by the mine workers in presenting their side of the controversy with G. B. Markle & Co., in the Hazleton regions. The miners placed witnesses on the stand who gave testimony to show that the company refused to employ them because they belonged to the union; had evicted them from their houses for the same cause; that the docking system was intolerable; that the question of the men getting the 10 per cent in wages granted as a result of the 1900 strike is much in doubt, because the men do not see how the company is figuring out the price in powder, which enters into the computation of the increase, and that the size of the mine cars has increased, but the wages have not. Two Hungarian women, one of them the mother of the boy who testified on Saturday, were placed on the stand and told how the Markle company deducted house rent from the last wages of their husbands, who were killed in the mines, and how the company attempted to get them to sign a paper which would absolve the Markles from damages for the death of the men. The women also confirmed the story told by the breaker boy, that the children had to work without pay until the debt owed by the dead fathers was paid off.

The Markle company was not represented by its own lawyers before the commission, although it had ample notice that testimony affecting their colliery would be presented. The commissioners expect the company to bring on evidence in rebuttal to the stories told by witnesses on Saturday and yesterday.

Commissioners Surprised.

The commissioners were very much surprised yesterday to learn that the 10 per cent increase granted in 1900 was not a straightout raise in wages, but instead a 2½ per cent increase and a reduction in powder of 7½ per cent, making the net increase in earnings 10 per cent, which the miners claim is not being paid by the Markle company through some way of figuring they do not understand. The question came in for considerable discussion and no one in the court room could give the commission a satisfactory explanation.

The commissioners yesterday made another request on the companies to present figures as quickly as possible, and as a result the Erie company, late in the day, submitted its statistics regarding wages, hours and other data relating to the subject. The data made quite a large bundle.

J. W. Rittenhouse, secretary of the Retail Grocers' association, testified that figures given by 25 retail merchants in the upper coal fields showed that groceries had advanced 30 per cent over the prices of two years ago. John D. Hughes, Scranton manager for Armour & Co., testified that meats had advanced 23 1-5 per cent in the same period.

Yesterday's session was extended to 4:30 p. m., and this will be the hour for adjournment hereafter, the commissioners feeling that more rapid progress can be made by longer sittings.

Council of Jewish Women.

Baltimore, Dec. 9.—At yesterday's session of the national convention of the council of Jewish women addresses were delivered by Dr. Ira Remsen, president of Johns Hopkins university, on "Higher Education for Women," and by Charles J. Bonaparte on "Civil Service." Mrs. Flora M Schwab, of Cleveland, chairman of the committee on philanthropy, read a report.

Escaped Murderer Caught.

Stroudsburg, Pa., Dec. 9.—Charles Grether, the notorious murderer, who broke jail Sunday, has been caugat near Spragueville, this county. He was located by some boys and when discovered took refuge in a barn. He was captured after a desperate fight. This is the second time that Grether has broken jail.

Five Vessels Ashore.

St. Johns, N. F., Dec. 9.—The blizzard is still raging, and five schooners the Ellen James, Arbitrator, Industry All Right and Rogers, have been driven ashore on different parts of the coast. Three of the vessels were laden with fish and the other two with provisions. All the crews escaped.

Found Dead.

Toledo, Dec. 9.—Jacob Linseder, a well-known business man of East Liverpool, died yesterday at Dr. Tower's hospital, having been asphyxiated. He was found in his bed yesterday morning with two gas jets open. Linseder recently lost considerable money.

Woman on Trial for Murder.

Toledo, Dec. 9.—Mrs. Dora Lightner, charged with the murder of Miss Lucy Wheeler, was placed on trial yesterday. She is 25 years of age, and great interest is being taken in the trial. A jury was secured.

Two severe cases of Ovarian Trouble and two terrible operations avoided. Mrs. Emmons and Mrs. Coleman each tell how they were saved by the use of **Lydia E. Pinkham's Vegetable Compound.**

"DEAR MRS. PINKHAM:—I am so pleased with the results obtained from **Lydia E. Pinkham's Vegetable Compound** that I feel it a duty and a privilege to write you about it.

"I suffered for more than five years with **ovarian troubles,** causing an unpleasant discharge, a great weakness, and at times a faintness would come over me which no amount of medicine, diet, or exercise seemed to correct. Your Vegetable Compound found the weak spot, however, within a few weeks—**and saved me from an operation**—all my troubles had disappeared, and I found myself once more healthy and well. Words fail to describe the real, true, grateful feeling that is in my heart, and I want to tell every sick and suffering sister. Don't dally with medicines you know nothing about, but take **Lydia E. Pinkham's Vegetable Compound,** and take my word for it, you will be a different woman in a short time."—MRS. LAURA EMMONS, Walkerville, Ont.

Another Case of Ovarian Trouble Cured Without an Operation.

"DEAR MRS. PINKHAM:—For several years I was troubled with ovarian trouble and a painful and inflamed condition, which kept me in bed part of the time. I did so dread a surgical operation.

"I tried different remedies hoping to get better, but nothing seemed to bring relief until a friend who had been cured of **ovarian trouble,** through the use of your compound, induced me to try it. I took it faithfully for three months, and at the end of that time was glad to find that I was a well woman. Health is nature's best gift to woman, and if you lose it and can have it restored through Lydia E. Pinkham's Vegetable Compound I feel that all suffering women should know of this."—MRS. LAURA BELLE COLEMAN, Commercial Hotel, Nashville, Tenn.

It is well to remember such letters as above when some druggist tries to get you to buy something which he says is "just as good" That is impossible, as no other medicine has such a record of cures as **Lydia E. Pinkham's Vegetable Compound;** accept no other and you will be glad.

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat you with kindness and her advice is free. No woman ever regretted writing her and she has helped thousands. Address Lynn, Mass.

$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

REALM OF SPORTS

SMALL BORES IN FAVOR

Sportsmen This Season Are Using Little Guns With Much Satisfaction.

A tendency to use small gauge shot guns is marked this gunning season. There are scores of well posted sportsmen who believe that in a year or more "little fellows," as the guns are called, will predominate. It has been about 15 years since there was a disposition on the part of gunners to abandon the 10 gauge piece as being too destructive, too much like a cannon it was said. The 12 gauge became the standard gun. Now with the advancement of shot guns and powders, together with the skill of sportsmen there is a disposition to give game a better chance.

The fact that the small gauges say, 16, 20 and 28, are not so strong in killing as the standard gun makes it evident that there will be less game grounded. Some persons are disposed to ridicule the stopping power, of the twenties and twenty-eights, but such a veteran sportsman as S. Harry Vandergrift is authority for the statement that he has killed quail 40 and 50 yards away in neat style. Mr. Vandergrift has used nothing else than a 28 during the season drawing to a close, and he finds much enjoyment in swinging the light piece.

After all it is not the amount of game a sportsman gathers that is the fascinating part of sports afield. By far the thrill of having executed a swift or distant shot in tangled brush or thickets tickles the fancy of the gunner who hunts for pleasure. Therefore, a smaller gun will add uncertainty to the pastime and doubt is the life of any recreation.

INDOOR BASEBALL

Some of the Professionals Becoming Ehthusiastic Over It—Tommy Leach's View.

Tommy Leach, third baseman of the Pittsburgs, who is wintering in Allegheny, has word from Cleveland that indoor base ball is more popular than ever.

"It's fine sport," said Tommy. "Two years ago there was but the single league. Last winter there was only one league, but several independent teams were organized. Now there are several leagues. The Forest City league, with eight teams, mostly selected from the various shops which they represent, is drawing 500 people a night to its games.

"Our aim is to get up inter-city games. They are coming, for two leagues have been formed in Chicago. Syracuse has a strong organization and so has Buffalo. Cincinnati has formed a league during the last week, Cy Seymour, Mike Donlin, Heine Peitz, Billy Clingman and other well known professionals being members of one of the teams.

"With the game thus securing a foothold in most of the big cities, it really does not look far off before there will be a regular inter-city league formed, in which Cleveland, Chicago, Cincinnati and Pittsburg will be members. When the game started in Cleveland we drew scarcely a corporal's guard, last year we drew 1,500 upon several occasions."

IT WILL COME BACK

Some East Liverpool Residents Have Learned How to Keep it Away.

Your back may not ache very long.
But the ache will return shortly.
Comes oftener—stays longer.
Unless the kidneys are relieved.
Doan's kidney pills cure all kidney ills.

East Liverpool people endorse them.

Mr. Robert M. Newell, carpenter, of West Fifth street, says: "If everyone receives the same results as I from the course of treatment prescribed by Doan's Kidney Pills, my advice is, go to Larkins' drug store, procure a box, take them according to directions and the results will inevitably follow. One box effected a cure in my case, the particulars of which I will only be too pleased to give to anyone personally calling upon me."

REAL ENJOYMENT.

The woman who reads this will understand to the full what Mrs. Tipton meant when she says: "I am enjoying good health." It takes a person who has been made wretched by sickness to understand the joy of health.

There are very many women who suffer as did Mrs. Tipton, who might be cured as she was by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness. It makes weak women strong, sick women well.

"It is with pleasure I recommend Dr. Pierce's medicine," writes Mrs. Nora Tipton, of Cropper (Cropper Station), Shelby Co., Kentucky. "You remember my case was one of female weakness and weak lungs. I had no appetite and would often spit blood; was confined to my bed almost half of the time and could hardly stand on my feet at times for the pains through my whole body and system. My husband had to pay large doctor bills for me, but since I have taken four bottles of Dr. Pierce's Golden Medical Discovery, four of 'Favorite Prescription' and three vials of 'Pleasant Pellets' we haven't paid any more doctor bills. It had been seven months since I stopped using Dr. Pierce's medicines and I have been enjoying good health all the time. I can never praise these medicines too highly, for I have received so much benefit. I pray that many who suffer as I did will take Dr. Pierce's medicines. I am sure they will never fail to cure when given a fair trial. Everybody tells me I look better than they ever saw me. I am sure I feel better than I ever did before."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets are a ladies' laxative. No other medicine equals them for gentleness and thoroughness.

WIN MERCER'S LUCK

Served Him in Good Stead—Came Near Losing $5,000 in Cold Cash.

Win Mercer, the well-known pitcher, who is touring the far west with the All-Americans in their series of settos with the All-Nationals, had a close shave of being worked out of $5,000 a few days ago, says a Sacramento dispatch.

Mercer is serving as treasurer of the tourists. While the teams were playing at the Sacremento park, the hotel clerk received a note signed, "Winnie Mercer," asking for the "envelops" in the safe. The clerk gave the fattest envelope of the two to the messenger. Fifteen minutes later another messenger came with the envelops with a note to the effect that, "I can't make a bet with railroad tickets," and asking for the other envelope, and also that belonging to "Joss, of the Cleveland team."

The hotel clerk became suspicious and asked "Happy Jack" Chesbro to the ball park. Chesbro did so and found that Mercer and Joss had not sent for the envelopes. Mercer's contained $5,000 and Joss' $600. Lucky lad always was Win.

ANOTHER GAME

Sebring And the Brewery A. C. Will Play at Lisbon Next Saturday.

East Liverpool will figure in another post-season foot ball game, a gridiron contest having been arranged between the Sebring and the Brewery A. C. teams. The local team has made an excellent record this season against teams of near its own weight, and Captain Brock hopes to end the season with a victory. The game is scheduled for Saturday, December 13, and will be played at Lisbon. Following is the way the teams will line up:

Brewery A. C.—Powell, center; Myers, right guard; Burgess, left guard; Beatty, right tackle; Smith, left tackle; Price, right end; Watkins, left end; Bridge, fullback; Mountford, right half; Brock, left half; Furnival, quarterback.

Sebring—Gilmore, center; Hetchel, right guard; Barnes, left guard; Leece, right tackle; Baxter, left tackle; Harvey, right end; Wilson, left end; Milter, fullback; Karr, right half; Croggwell, left half; Smith, quarterback.

THE NEXT MORNING I FEEL BRIGHT AND NEW AND MY COMPLEXION IS BETTER.

My doctor says it acts gently on the stomach, liver and kidneys and is a pleasant laxative. This drink is made from herbs, and is prepared for use as easily as tea. It is called "Lane's Tea" or

For Death or Relief —Heart Disease.

Dizzy Spells, Pain and Choking.

Dr. Miles' Heart Cure Saved My Life.

Dr. Miles' Heart Cure is sure to do what no other medicine can do. If your heart troubles you, you cannot afford delay or mistake in choice of a remedy. For many years this preparation has been curing cases that otherwise would not have been cured. Read what it has done for others. It will do the same for you:

"I write you this letter through gratitude for the benefit I have received by taking your valuable remedies. For three years I was subject to dizzy spells, sometimes several in a day. When I had them I could not raise my head from the pillow. My heart was greatly affected and I frequently had spells of severe palpitation and fluttering, pain, tenderness, choking sensations, could not lie on my left side and was not able to do any work. I called a doctor who helped me some but the dizzy spells grew more frequent and I was so very nervous that I did not care to live. One day I asked the Lord to take me from this world or put my eyes on something that would help me. The first paper I took up was a New York paper and in it I saw your advertising. My husband got me three bottles of Dr. Miles' Heart Cure and Nervine and one box of Dr. Miles' Anti-Pain Pills since which time I have had no more dizzy spells. I can lie on either side and sleep all night. I have been able to do my own work for three years. Dr. Miles' Heart Cure saved my life."—Mrs. R. H. Burch, Burch, S. D.

Highest Ever Paid for a Pacer.

M. W. Savage, of Minneapolis, has bought Dan Patch, the famous unbeaten pacer of M. S. Sturgis, of New York, for $60,000. M. E. McHenry, who has driven the horse many a fast mile and scored 1:59¼ with him, has signed a contract with Mr. Savage to handle the horse for the racing seasons of 1903 and 1904. The racer is to be brought to Minneapolis. The price is said to be the highest ever paid for a pacer.

Prizes For Game Birds.

At the meeting of the Cleveland Pet Stock and Poultry show, Clarence Barker, of Seventh street, got a first prize on Birchen game cock and fourth and fifth on black breasted Birchen game cocks. The officers of the local Bantam club are Charles Howe, president, and John Pollock, secreatry. The members are enthusiastic and are working hard to make a good show at every exhibit they enter.

Signed With Pittsburg.

Harry Kane, the St. Louis southpaw, and Jimmy Burke, of the same team, are reported to have signed with Pittsburg.

A Timely Suggestion.

"Now that winter with its bad weather is with us I would advise every family to provide themselves against sudden attacks of coughs and colds by keeping at hand a good cough medicine like Chamberlain's Cough Remedy, which is the best among the many preparations for these ailments that I have on my shelves," says Mr. L. C. Neaville, the well known and popular druggist of Pittsboro, Ind., "I recommend this remedy and guarantee it to be without an equal for coughs and colds, also as a preventative and cure for croup." WRONG TELEPHONE USED

For That Reason a Canton Physician Is Expelled from His Medical Society.

Canton, December 9.—Dr. C. E. Exline, a well known physician of Canton, has been expelled from the Canton Medical society, and he may carry the matter into the courts.

The expulsion of Dr. Exline is due to the bitter war between the two telephone companies in the city. During the heat of this fight the medical society decided to use only the service of the Stark County Telephone company. Dr. Exline installed a Bell telephone in his office and the medical society, at a special meeting, ostracized him and now has expelled him.

Adam, labor, $1.

Several bills were held over for the consideration of the council. There is probably nothing wrong in the accounts, but the claims committee was not clear, and they were held over. Mr. McConnell did not think the outage for the electric light company had been reported accurately and it was decided to leave the bill until today when the company will be consulted.

All the formalities have been gone through and the law complied with in the matter of paying for the improvement of Springdale street except the preparation and sale of bonds. The amount of the improvement is $178.02, and it will be ordered paid at the meeting of council tonight.

OFFICERS ELECTED

By White Rose Lodge of the Daughters of St. George.

At the meeting held last evening, White Rose lodge No. 25, Daughter's of St. George, elected officers for the next six months. They were installed immediately after the election as follows:

Harley; treasurer, Mrs. Lucy Massey; chaplain, Mrs. Ann Massey; first conductor, Mrs. Emma Vincent; second conductor, Miss Ada Eardley; inside guard, Mrs. Lizzie Seckerson; outside guard, Miss Rose Lowe.

The Daughters of St. George has the largest membership of any ladies' organization in East Liverpool.

ELEVEN COUNTS

Against Cashier Kinney, of Defunct Belmont Bank, for Alleged False Entries.

Columbus, December 9.—The United States grand jury indicted Cashier Kinney, of the defunct Belmont National bank. Kinney is charged on 11 counts with making false entries on the books of that institution. Kinney was indicted several months ago, but being ill was not brought to court at the last term. It is understood that he will be brought this time, and if too ill to remain will then be returned home.

The re-indictment was made to have it as demurrer-proof as possible. Affidavits of his being too ill to appear in court this term were ignored by Judge Thompson, who wishes to see for himself if the defendant is able to stand trial.

Licensed to Marry.

Lisbon, December 9.—(Special.)—Joseph M. Close, New Franklin, and Miss Edna Blanchard, Moultrie; L. K. Worstell, Wellsville, and Jennie W. Bradley, East Liverpool, have been licensed to marry.

PEPSIN SYRUP CO.
Monticello, Ill.

Gentlemen,—Some people claim that colds cause more disease than anything else, but I am satisfied that stomach troubles, caused by the rapid life we are living, especially in a large, busy city like Chicago, is the cause of more disease and death than all else combined. I suffered for four years with liver trouble and biliousness, brought on through a distressed and over-loaded stomach, and nothing in the world helped me but

Dr. Caldwell's (Laxative) Syrup Pepsin

A few bottles made a well man of me, and I would like to see a bottle in every house in the city.
Very truly yours,
WILLIAM LINK, 19 Albert St., Chicago, Ill.

Mr. Link is Secretary of Champlain Council, No. 1674, Royal Arcanum. There are hundreds of others who, like Mr. Link, are willing to testify as to the excellent qualities of Dr. Caldwell's Syrup Pepsin.

Constipation Will Undermine Your Health.

Mull's Grape Tonic Cures Constipation.

When the sewer of a city becomes stopped up, the refuse backs into the streets where it decays and rots, spreading disease-creating germs throughout the entire city. An epidemic of sickness follows. It is the same way when the bowels fail to work. The undigested food backs into the system and there it rots and decays. From this festering mass the blood saps up all the disease germs, and at every heart beat carries them to every tissue, just as the water works of a city forces impure water into every house. The only way to cure a condition like this is to cure the constipation. Pills and the ordinary cathartics will do no good.

MULL'S GRAPE TONIC
is a crushed fruit tonic-laxative

which permanently cures the affliction. The tonic properties contained in the grape go into every afflicted tissue and creates strength and health. It will quickly restore lost flesh and make rich, red blood. As a laxative its action is immediate and positive, gentle and natural. Mull's Grape Tonic is guaranteed or money back.

TAKES A VACATION

John Burford Goes to England For the Second Time in 47 Years.

John Burford, an old resident of East Liverpool, left this city this morning on an extended visit to his native country, England. Mr. Burford is between 55 and 60 years of age and has been a resident of this city for 47 years. He was born in England but came to America in 1855 and came direct to East Liverpool where he has ever since made his home.

Since coming to America Mr. Burford has been England but once and then only for a few months. This time he expects to remain till spring and has not yet fully decided just where he will spend all his time. He contemplates an extensive trip and among other places will spend considerable time in Wales. While a native of England Mr. Burford is satisfied to make his adopted country his home.

All his business affairs were placed in tip top condition before he left and preparations were taken for an extended absence. Mr. Burford has been connected with the pottery business in this city almost since the establishment of that industry here, and has made many warm friends during the years of his residence here.
